Mr Trieu Van Bang	Member
Mr Nguyen Van Thinh	Member
Mrs. Phung Thuy Hoa	Member

Board of General Directors

Mr Vu Hoang Thao	General Director
Mrs. Phung Thuy Hoa	Deputy General Director
Mr Trieu Van Bang	Deputy General Director

Finance - Accounting department

Mr Pham Xuan Phuong	Chief Accountant	Appointed from 02/10/2023
---------------------	------------------	---------------------------

SUBSEQUENTS EVENTS

According to the Board of General Directors, there have been no other significant events occurring after December 31st 2024, affecting the financial position and operation of the Company which would require adjustments to or disclosures to be made in the consolidated financial statements for for the period from October 1st, 2024 to December 31st, 2024.

RESPONSIBILITIES OF THE BOARD OF DIRECTORS

The Company’s Board of General Directors is responsible for preparing the consolidated financial statements for the 4th Quarter ending on December 31st, which give a true and fair view of the financial position of The Company as at 31/12/2024 as well as of its consolidated income statement and consolidated cash flows statements for the period from October 1st, 2024 to December 31st, 2024.

In preparing these financial statements, the Board of Directors is required to::

- Select appropriate accounting policies and apply them consistently;
- Make judgments and estimates prudently;
- State clearly whether the Accounting Standards applied to The Company are followed or not, and all the material differences from these standards are disclosed and explained in the consolidated financial statements;
- Prepare the consolidated financial statements of The Company on the going-concern basis, except for the cases that the going-concern assumption is considered inappropriate.

The Board of General Directors confirms that The Company has complied with the above requirements in preparing the consolidated financial statements.

STATEMENT OF THE BOARD OF GENERAL DIRECTORS (CONTINUED)

The Board of General Directors is responsible for ensuring that proper accounting records are kept, which disclose, with reasonable accuracy at any time, the financial position of The Company and to ensure that the consolidated financial statements comply with Vietnamese Standards on Accounting, Vietnamese Accounting System and relevant legal regulations in preparation and presentation of the consolidated financial statements. The Board of General Directors is also responsible for safeguarding the assets of The Company and hence for taking reasonable steps for the prevention and detection of frauds and other irregularities.

The Board of Directors commits that: The Company does not violate the disclosure obligations as stipulated in Circular No. 96/2020/TT-BTC dated November 16, 2020, of the Ministry of Finance on information disclosure in the securities market. Decree No. 155/2020/ND-CP dated December 31st, 2020, of the Government detailing the implementation of several articles of the Securities Law No. 54/2019/QH14 and Circular No. 116/2020/TT-BTC dated December 31st, 2020, of the Ministry of Finance guiding several provisions on corporate governance applicable to public companies.

For and on behalf of the Board of General Directors, ✓

Vu Hoang Thao

General Director

Hanoi, February 12nd, 2025

2. Concrete Son Tay Joint Stock Company

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENT (Continued)
(The accompanying Notes are an integral part of the Financial Statements)

2. BASIS FOR PREPARING FINANCIAL STATEMENTS AND FINANCIAL YEAR

2.1 BASIS FOR PREPARING CONSOLIDATED FINANCIAL STATEMENTS

The Company's consolidated financial statements are prepared in accordance with the Enterprise Accounting Regime issued together with Circular No. 200/2014/TT-BTC dated December 22, 2014 of the Ministry of Finance guiding the Enterprise Accounting Regime and Circular No. 202/2014/TT-BTC dated December 22, 2014 of the Ministry of Finance guiding the preparation of Consolidated Financial Statements..

These interim consolidated financial statements are prepared from the interim financial statements of the parent company and companies controlled by the parent company (subsidiaries) for the period from 01/01/2023 to 30/09/2023. Control is achieved when the parent company has the power to govern the financial and operating policies of an investee company so as to obtain benefits from its activities..

The financial statements of subsidiaries are consolidated from the date on which the Company obtains control and are no longer consolidated from the date on which the Company ceases to have control. The results of subsidiaries acquired or sold during the year are included in the consolidated income statement from the date of acquisition or up to the date of disposal of the investment in the subsidiary..

Except for unrealized profits/(losses) of intra-group transactions, intra-group transactions between subsidiaries and the parent company and intra-group balances between companies are eliminated upon consolidation of financial statements..

The minority interest in the consolidated net assets of the subsidiary is identified as a separate item from the parent's equity. The minority interest consists of the amount of the minority interest at the date of the original business combination and the minority's share of changes in equity since the date of the combination. Losses attributable to the minority in excess of the minority's interest in the subsidiary's equity are allocated against the Company's interest except to the extent that the minority has a binding obligation and is able to make an additional investment to cover the losses..

The consolidated interim financial statements are prepared on the basis of the Financial Statements of the Parent Company and 04 Subsidiaries including::

1. International Investment Trade And Service Joint Stock Company (parent company);
2. Son Tay Port Joint Stock Company;
3. Interserco My Dinh Joint Stock Company;
4. International Manpower Supply And Trade Joint Stock Company;
5. INTERSERCO - VAT CACH LOGISTICS LIMITED COMPANY (indirect).

2.2 ACCOUNTING CURRENCY

Currency used in accounting: Vietnamese Dong (VND)).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENT (Continued)
(The accompanying Notes are an integral part of the Financial Statements)

3. SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies applied by the Company in preparing these interim consolidated financial statements::

3.1 ACCOUNTING SYSTEM

The Company applies the Enterprise Accounting Regime as guided in Circular 200/2014/TT-BTC issued by the Ministry of Finance on December 22, 2014 and Circular 202/2014/TT-BTC dated December 22, 2014 of the Ministry of Finance on guidance on preparing Consolidated Financial Statements.

3.2 ACCOUNTING ESTIMATES

The preparation of the financial statements in accordance with Vietnamese Accounting Standards requires the Board of Directors to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements as well as the reported amounts of revenues and expenses during the financial year. Actual results may differ from those estimates and assumptions..

3.3 CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, bank deposits, deposits, short-term investments or highly liquid investments. Highly liquid investments are those with original maturities of no more than 03 months, which can be converted into known amounts of cash and are subject to insignificant risk of changes in value..

3.4 FINANCIAL INVESTMENTS

Because investments in Associates cannot be collected, these investments are accounted for using the cost method instead of the equity method..

Other short-term and long-term investments are recorded and reflected in the Financial Statements according to the original cost method. When there is evidence of a decrease in the value of investments, the Company will consider setting up a provision for a decrease in the value of long-term financial investments for the lost value. In the absence of reference information to determine the level of decrease in the value of investments, the value of other long-term investments will still be recorded and reflected at the original cost in the Financial Statements..

Annual profits from financial investments are reflected in financial operating revenue..

3.5 ACCOUNTS RECEIVABLE

Receivables include: customer receivables, prepayments to vendors and other receivables at the reporting date..

Receivables are presented at cost less provision for doubtful debts. The provision for doubtful debts is set up by the Company for receivables that are overdue as stated in economic contracts, contract commitments or debt commitments, which the enterprise has requested many times but has not yet recovered. The determination of the overdue period of the receivable is based on the principal repayment period according to the original purchase and sale contract, not taking into account debt extensions between the parties; or for receivables that have not yet reached their payment due date.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENT (Continued)

(The accompanying Notes are an integral part of the Financial Statements)

3. MAIN ACCOUNTING POLICIES (CONTINUED)

3.5 ACCOUNTS RECEIVABLE (CONTINUED)

but the debtor has gone bankrupt or is in the process of dissolution, missing, absconding and will be reimbursed when the debt is recovered. The increase or decrease in the provision for doubtful debts is accounted for in the business management expenses of the period..

3.6 INVENTORY

Inventories are measured at the lower of cost and net realizable value. The cost of inventories comprises all costs incurred in bringing the inventories to their present location and condition, including: purchase price, non-refundable taxes, transportation, handling, storage costs incurred in the purchase process, standard losses, and other costs directly attributable to the purchase of inventories..

The Company applies the perpetual inventory method to account for inventories. The selling price of inventories is calculated using the specific identification method..

Provision for inventory impairment (if any) of the Company is made when there is reliable evidence of a decline in the net realizable value compared to the original cost of the inventory. Net realizable value is determined by the estimated selling price less the estimated costs of completion and costs to be incurred in marketing, selling and distribution. Increases or decreases in the provision for inventory impairment are recorded in the cost of goods sold in the period..

3.7 TANGIBLE FIXED ASSETS

Tangible fixed assets are stated at cost less accumulated depreciation..

The initial cost of tangible fixed assets comprises the purchase price and any other directly attributable costs of bringing the asset to working condition for its intended use..

For fixed assets that have been put into use but have not yet had an official settlement, the original value of fixed assets will be temporarily recorded as an increase and depreciation will be deducted. When there is an official settlement, the original value will be adjusted accordingly..

Costs related to tangible fixed assets arising after initial recognition must be recorded as production and business costs in the period, unless these costs are likely to make tangible fixed assets generate more economic benefits in the future than the initially assessed level of operation, then they are recorded as an increase in the original cost of tangible fixed assets..

Some assets are revalued when determining the enterprise value for equitization according to the enterprise value determination dossier for equitization as of December 31, 2014 and approved by the Hanoi People's Committee under Decision No. 6988/QD-UBND dated December 18, 2015.

Tangible fixed assets are depreciated using the straight-line method over their estimated useful lives. The specific depreciation periods are as follows:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENT (Continued)

(The accompanying Notes are an integral part of the Financial Statements)

3. MAIN ACCOUNTING POLICIES (CONTINUED)

3.7 TANGIBLE FIXED ASSETS (CONTINUED)

<i>Asset Type</i>	<i>Time of use (years)</i>
- Buildings, structures	05 - 50
- Machinery and equipment	06 - 10
- Motor vehicles	06 - 10
- Office equipment	03 - 10
- Other fixed assets	04 - 25

3.8 INTANGIBLE FIXED ASSETS

Intangible fixed assets are stated at cost less accumulated depreciation.

The initial cost of intangible fixed assets comprises the purchase price and any other directly attributable costs of bringing the asset to working condition for its intended use.

Intangible fixed assets are computer software and parking control software. Intangible fixed assets are amortized using the straight-line method over their estimated useful lives. The specific amortization periods are as follows:

<i>Asset Type</i>	<i>Time of use (years)</i>
- Computer software	03 – 08

3.9 CONSTRUCTION IN PROGRESS

Construction in progress is recorded at cost, reflecting costs directly related (including related interest expenses in accordance with the Company's accounting policy) to assets under construction, machinery and equipment being installed for production, leasing and management purposes as well as costs related to repairs of fixed assets in progress. Depreciation of these assets is applied in the same way as other assets, starting when the assets are ready for use..

3.10 PREPAID EXPENSES

Long-term prepaid expenses include the remaining value of tools and supplies that do not qualify as fixed assets and other expenses that are assessed as being capable of providing future economic benefits with a useful life of more than one year. These expenses are capitalized as long-term prepaid expenses and are allocated to production and business expenses, using the straight-line method in accordance with current accounting regulations. Other long-term prepaid expenses have an allocation period of no more than 03 years.

3.11 LIABILITIES PAYABLE

Liabilities are recorded at cost, including:

- Trade payables are commercial payables arising from transactions of purchasing goods and services..
- Other payables include non-commercial payables not related to the purchase and sale of goods and services.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENT (Continued)

(The accompanying Notes are an integral part of the Financial Statements)

3. MAIN ACCOUNTING POLICIES (CONTINUED)

3.12. LOANS AND FINANCE LEASES

Loans and financial leasing debts are loans. Loans and financial leasing debts are monitored in detail for each lending entity, each debtor, each loan agreement and each type of borrowed asset; according to the repayment period of loans, financial leasing debts and in the original currency (if any). Loans with a remaining repayment period of more than 12 months from the reporting date are presented as long-term loans and financial leasing debts. Loans due for payment within the next 12 months from the reporting date are presented as short-term loans and financial leasing debts.

3.13. BORROWING COSTS

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets that necessarily take a substantial period of time to get ready for their intended use or sale are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Income earned on temporary investments from borrowings is deducted from the cost of those assets.

In case a separate loan is used only for the purpose of investing in the construction or production of an unfinished asset, the borrowing costs eligible for capitalization for that unfinished asset will be determined as the actual borrowing costs incurred from the loans minus (-) the income arising from the temporary investment activities of these loans.

3.14 ACCRUED EXPENSES

Accrued expenses are recorded based on reasonable estimates of the amount payable for goods and services used during the period due to lack of invoices or insufficient records..

3.15 OWNERS' EQUITY

According to Decision No. 6988/QD-UBND dated December 18, 2015 of the Hanoi People's Committee on approving the enterprise value and equitization plan of the International Investment, Trade and Service Company Limited, the total number of shares is 36,000,000, with a par value of VND 10,000/share. According to Decision No. 6955/QD-UBND dated December 16, 2016 on converting the International Investment, Trade and Service Company Limited into the International Investment, Trade and Service Joint Stock Company. In which, the State capital directly managed by the Hanoi People's Committee accounts for 45% of the charter capital, the capital of other shareholders accounts for 55% of the charter capital..

3.16 RECOGNITION OF REVENUE AND EXPENSES

Revenue from sales of goods and rendering of services is recognized when the risks, rewards and ownership of the goods are transferred to the buyer; The company can obtain economic benefits and at the same time can determine the costs related to the sales transaction..

Revenue from sales of products and goods

Revenue is recognized when the outcome of a transaction can be measured reliably and it is probable that the economic benefits associated with the transaction will flow to the Company. Revenue from sales is recognized when the goods are delivered and ownership is transferred to the buyer, the customer accepts payment and the costs associated with the transaction can be measured reliably. Revenue is not recognized when there are significant uncertainties regarding the collectibility of the proceeds from the sale or the possible return of goods..

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENT (Continued)

(The accompanying Notes are an integral part of the Financial Statements)

3. MAIN ACCOUNTING POLICIES (CONTINUED)

3.16 RECOGNITION OF REVENUE AND EXPENSES (CONTINUED)

Service revenue

Revenue from providing services is recognized when the outcome of the transaction and the provision of services can be reliably determined, the Company is able to obtain economic benefits from this transaction (recognized when there is evidence of the service output completed at the end of the financial year) and the costs incurred and the costs to complete the service provision transaction can be determined..

In cases where the provision of services involves multiple accounting periods, revenue is determined based on the results of the work actually completed during the period..

No revenue is recognised when there is significant uncertainty regarding the recovery of the consideration due..

Construction contract revenue

In case the construction contract stipulates that the contractor is paid according to the value of the performed volume, when the results of the construction contract performance are reliably determined and confirmed by the customer, the revenue and expenses related to the contract are recorded corresponding to the completed work confirmed by the customer in the period reflected on the issued invoice..

Financial revenue

Financial revenue includes: interest on bank deposits, interest from investment activities, dividends, profits shared from investment activities. The Company records when revenue is determined relatively reliably and there is the ability to obtain economic benefits from that transaction..

Operating expenses arising from and related to the generation of revenue during the year are collected according to actual and estimated accounting periods..

3.17 TAXES AND OTHER PAYABLES TO GOVERNMENT BUDGET

Input VAT is accounted for using the deduction method..

The tax currently payable is based on taxable profit for the year. Taxable profit may differ from profit before tax as reported in the Income Statement because it excludes items of income or expense that are taxable or deductible in other years (including loss carried forward, if any) and it further excludes items that are not taxable or deductible..

The current corporate income tax rate is 20%..

Taxable profit is determined based on the results of business operations after adjusting for non-taxable income and non-deductible expenses. The determination of taxable profit and current corporate income tax expense is based on current tax regulations. However, these regulations are subject to change from time to time and the final determination depends on the results of the examination by the competent tax authority..

Other taxes are implemented according to current regulations of the State.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENT (Continued)

(The accompanying Notes are an integral part of the Financial Statements)

3.18. RELATED PARTIES

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. Related parties include:

- Enterprises that directly or indirectly through one or more intermediaries control, or are controlled by, or are under common control with the Company, including the parent company, subsidiaries, joint ventures, jointly controlled entities, and associated companies..
- Individuals owning, directly or indirectly, an interest in the voting power of the Reporting Enterprises that gives them significant influence over the Enterprises; and key management personnel having authority and responsibility for planning, directing and controlling the activities of the Company, including close members of the families of such individuals.
- Enterprises in which the above-mentioned individuals directly or indirectly hold voting rights or in which such persons can exercise significant influence over the enterprise.

In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

29 OTHER INFORMATION

According to the joint venture cooperation principle contract No. 09/2011/HDLLD/AZ-INTERSERCO dated March 30th, 2011 signed between AZ Real Estate Joint Stock Company (Party A) and International Investment, Trade and Service One Member Co., Ltd. (Party B) and Ms. Pham Thi Hanh (Party C), the Parties agree to jointly establish a company to carry out the procedures for applying for investment project permits, construction and management of the City Of Dreams high-end apartment and commercial complex project on a land area of approximately 38,000 m² at 17 Pham Hung Street, Tu Liem, Hanoi. After the Hanoi People's Committee approves the policy of converting the land use purpose and establishing an investment project at 17 Pham Hung Street, Tu Liem, Hanoi, the Parties will contribute shares to establish a joint stock company and establish an investment project at the above address. Accordingly, Party A and Party C are responsible for preparing the project, completing the procedures according to regulations and submitting them to competent authorities for approval. After the project is approved for detailed planning 1/500, Party B must complete the preparation of a detailed project for the relocation of the ICD port outside of Ring Road 4 (in Duc Thuong, Hoai Duc, Hanoi). According to the project implementation progress, it is expected that the project will be constructed in stages in accordance with the completed relocation site, starting from December 2012. According to Contract Appendix No. 02 dated March 6th, 2016, Party C has been transferred to Ms. Ta Thi Thuy Trang. Up to now, the project has not been approved by the Hanoi People's Committee for investment policy.

According to Document No. 3580/UBND-KT dated June 15th, 2016 of the Hanoi People's Committee on capital contribution to establish Vimediland Real Estate Investment Joint Stock Company by International Investment, Trade and Service One Member Company Limited: "After consideration, the City People's Committee has the following opinion: Approve the proposal of the Department of Finance in Official Dispatch No. 2998/STC-TCDN dated May 30th, 2016; allow International Investment, Trade and Service One Member Company Limited to contribute capital to establish Vimediland Real Estate Investment Joint Stock Company to implement the City Of Dreams Commercial Complex and Luxury Apartment project according to the planning at No. 17 Pham Hung Street, My Dinh II Ward, Nam Tu Liem District, Hanoi City, with the charter capital of the joint stock company being 290 billion VND (Two hundred and ninety billion VND). In which, International Investment, Trade and Service Company Limited contributes 26% of charter capital, equivalent to VND 75,400,000,000 (Seventy-five billion, four hundred million VND) in assets on land, the value of the advantage of the right to exploit assets on land at No. 17 Pham Hung Street, My Dinh II Ward, Nam Tu Liem District, Hanoi City and from the source of money compensated and supported by other partners".
