**REPORT OF THE BOARD OF DIRECTORS  
On the Company's Activities in 2024**

1. The Board of Directors has closely directed the business and production plans of Tia Sáng Battery Company. However, there have been no decisive breakthroughs in revenue growth or distribution network expansion.
2. The company has been unable to participate in major national bidding projects due to strict legal requirements imposed by contractors, which the company could not fulfill.
3. Quality control of batteries has been strengthened, but the results have not met expectations. There have been multiple issues with automobile batteries, with most of the faults attributed to the company's executive management.
4. Profit did not increase significantly, leading to the failure to meet the dividend target.

## INDEPENDENT AUDITORS' REPORT

**To: Shareholders, Board of Directors and Board of Management  
Tia Sang Battery Joint Stock Company**

We have audited the accompanying Financial Statements of Tia Sang Battery Joint Stock Company prepared on 14 February 2025 from page 05 to page 32, including: Statement of Financial position as at 31 December 2024, Statement of Income, Statement of Cash flows and Notes to Financial Statements for the fiscal year ended as at 31 December 2024.

### Board of Management' Responsibility

The Board of Management of Tia Sang Battery Joint Stock Company is responsible for the preparation and presentation of Financial Statements that give a true and fair view in accordance with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and the statutory requirements relevant to the preparation and presentation of Financial Statements and for such internal control as directors determines is necessary to enable the preparation and presentation of Financial Statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these Financial Statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with standards and ethical requirements; plan and perform the audit to obtain reasonable assurance about whether the Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and presentation of Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Board of Management, as well as evaluating the overall presentation of the Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Auditor's Opinion

In our opinion, the Financial Statements give a true and fair view, in all material respects, of the financial position of Tia Sang Battery Joint Stock Company as at 31 December 2024, its operating results and its cash flows for the year then ended in accordance with the Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and the statutory requirements relevant to the preparation and presentation of Financial Statements.

**Comparability of information in financial statements**

The information in the financial statements has been presented consistently by the Company and can be compared between accounting periods.

**2 ACCOUNTING SYSTEM AND ACCOUNTING POLICY**

**2.1 Accounting period and accounting currency**

Annual accounting period commences from 01 January and ends as at 31 December.

The Company maintains its accounting records in Vietnam Dong (VND).

## **2.2 Standards and Applicable Accounting Policies**

### *Applicable Accounting Policies*

The Company applies Corporate Accounting System issued under the Circular No. 200/2014/TT-BTC dated 22 December 2014 by the Ministry of Finance and the Circular No. 53/2016/TT-BTC dated 21 March 2016 issued by Ministry of Finance amending and supplementing some articles of the Circular No. 200/2014/TT-BTC.

### *Declaration of compliance with Accounting Standards and Accounting System*

The Company applies Vietnamese Accounting Standards and supplementary documents issued by the State. Financial Statements are prepared and presented in accordance with regulations of each standard and supplementary document as well as with current Accounting Standards and Accounting System.

## **2.3 Accounting estimates**

The preparation of Financial Statements in conformity with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and legal regulations relating to financial reporting requires the Board of Management to make estimates and assumptions that affect the reported amounts of liabilities, assets and disclosures of contingent liabilities and assets at the date of the Financial Statements and the reported amounts of revenues and expenses during the fiscal year.

The estimates and assumptions that have a material impact in the Financial Statements include:

- Provision for payables;
- Provision for devaluation of inventory;
- Estimated useful life of fixed assets;
- Estimated allocation of prepaid expenses;
- Classification and provision of financial investments;
- Estimated corporate income tax.

Such estimates and assumptions are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are assessed by the Board of Management to be reasonable under the circumstances.

## **2.4 Foreign currency transactions**

Foreign currency transactions during the year are translated into Vietnam Dong using the actual rate at transaction date.

Actual exchange rate when revaluing monetary items denominated in foreign currencies at the reporting date of Financial Statements is determined under the following principles:

- For asset accounts, applying the bid rate of the commercial bank where the Company regularly conducts transaction;
- For cash deposited in bank, applying the bid rate of the commercial bank where the Company opens its foreign currency accounts;
- For liability accounts, applying the offer rate of the commercial bank where the Company regularly conducts transactions.

All exchange differences arising as a result of transactions or revaluation at the balance sheet date shall be recorded into the financial income or expense in the year.

## **2.5 Cash and cash equivalents**

Cash comprises cash on hand, demand deposits.

Cash equivalents are short-term investments with the maturity of not over than 3 months from the date of investment, that are highly liquid and readily convertible into known amount of cash and that are subject to an insignificant risk of conversion into cash.

## **2.6 Financial investments**

*Investments held to maturity* include: Term bank deposits held to maturity for the purpose of earning periodic interest and other held to maturity investments.

Provisions for devaluation of investments are made at the end of the year specifically as follows: based on recovery ability to set up provisions for bad debts according to the provisions of law.

## **2.7 Receivables**

The receivables shall be recorded in details in terms of due date, entities receivable, types of currency and other factors according to requirements for management of the Company. The receivables shall be classified into short-term receivables or long-term receivables on the financial statements according to their remaining terms at the reporting date.

The provision for doubtful debts is made for receivables that are overdue under an economic contract, a loan agreement, a contractual commitment or a promissory note and for receivables that are not due but difficult to be recovered. Accordingly, the provisions for overdue debts shall be based on the due date stipulated in the initial sale contract, exclusive of the debt rescheduling between contracting parties and the case where the debts are not due but the debtor is in bankruptcy, in dissolution, or missing and making fleeing or estimating the possible losses.

## **2.8 Inventories**

Inventories are initially recognized at original cost including purchase price, processing cost and other costs incurred in bringing the inventories to their location and condition at the time of initial recognition. After initial recognition, at the reporting date, inventories are stated at the lower of cost and net realizable value.

Net realizable value is estimated based on the selling price of the inventory minus the estimated costs for completing the products and the estimated costs needed for their consumption.

Inventory value is calculated using weighted average method.

Inventories are accounted for using the regular declaration method.

Method for determining the value of unfinished products at the end of the year: actual costs incurred for each type of unfinished product.

Provision for devaluation of inventories made at the end of the period is based on the excess of original cost of inventory over their net realizable value.

## **2.9 Fixed assets**

Fixed assets (tangible and intangible) are initially stated at the historical cost. During the using time, fixed assets (tangible and intangible) are recorded at cost, accumulated depreciation and carrying amount.

### *Subsequent measurement after initial recognition*

If these costs aument future economic benefits obtained from the use of tangible fixed assets are extended to their initial standards conditions, these costs are capitalized as an incremental in their historical cost.

Other costs incurred after tangible fixed assets have been put into operation such as repair, maintenance and overhaul costs are recognized in the Statement of Income in the year in which the costs are incurred.

Depreciation of fixed assets is calculated using the straight-line method over their estimated useful life as follows:

- Buildings, structures	05 - 25 years
- Other Machinery, equipment	03 - 15 years
- Vehicles, Transportation equipment	07 - 10 years
- Office equipment and furniture	03 - 10 years
- Other fixed assets	05 - 10 years
- Land use rights	No depreciation

#### **2.10 Construction in progress costs**

Construction in progress includes fixed assets under procurement and construction that have not been completed at the end of the fiscal year and are recorded at cost. This cost includes costs of construction, installation of machinery and equipment and other direct costs.

#### **2.11 Operating lease**

Operating leases are fixed asset leasing in which a significant portion of the risks and rewards of ownership are retained by the lessor. Payments made under operating leases are charged to Statement of Income on a straight-line basis over the period of the lease.

#### **2.12 Prepaid expenses**

Expenses incurred related to production and business results of many fiscal years are accounted into prepaid expenses to gradually allocate to business results in the following fiscal years.

The calculation and allocation of long-term prepaid expenses into production and business expenses for each fiscal year is based on the nature and level of each type of expense to choose a reasonable method and allocation criteria.

*The Company's prepaid expenses include:*

- Tools and supplies include assets that the Company holds for use in the normal course of business operations, with the historical cost of each asset being less than VND 30 million and therefore not eligible for recognition as fixed assets according to current regulations. The cost of tools and equipment is amortized using the straight-line method over a period of 01 to 03 years;
- Other prepaid expenses are recorded at cost and amortized using the straight-line method over a useful period of 01 to 03 years.

#### **2.13 Payables**

The payables shall be recorded in detail in terms of due date, entities payable, types of currency and other factors according to the requirements for management of the Company.
