## INDEPENDENT AUDITORS' REPORT

To: **Shareholders, The Board of Director and The Board of Management  
Tan Bien Rubber Joint Stock Company**

We have audited the Consolidated Financial Statements of Tan Bien Rubber Joint Stock Company prepared on 20 February 2024, from page 05 to page 45, including: Consolidated Statement of Financial position as at 31 December 2024, Consolidated Statement of Income, Consolidated Statement of Cash flows and Notes to Consolidated Financial Statements for the fiscal year then ended.

### Board of Management' Responsibility

The Board of Management is responsible for the preparation and presentation of Consolidated Financial Statements that give a true and fair view in accordance with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and the statutory requirements relevant to the preparation and presentation of Consolidated Financial Statements and for such internal control as directors determines is necessary to enable the preparation and presentation of Consolidated Financial Statements that are free from material misstatement, whether due to fraud or error.

### Auditor's responsibility

Our responsibility is to express an opinion on these Consolidated Financial Statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with standards and ethical requirements; plan and perform the audit to obtain reasonable assurance about whether the Consolidated Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Consolidated Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and presentation of Consolidated Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Company's Board of Management, as well as evaluating the overall presentation of the Consolidated Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Auditor's opinion

In our opinion, the Consolidated Financial Statements give a true and fair view, in all material respects, of the Consolidated Financial position of the Tan Bien Rubber Joint Stock Company as at 31 December 2024, its operating results and its cash flows for the year then ended in accordance with the Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and the statutory requirements relevant to the preparation and presentation of Consolidated Financial Statements.

**2 . ACCOUNTING SYSTEM AND ACCOUNTING POLICY**

**2.1 . Accounting period and accounting currency**

Annual accounting period commences from 1 January and ends as at 31 December.  
The Company maintains its accounting records in Vietnam Dong (VND).

**2.2 . Accounting Standards and Accounting system**

*Accounting System*

The Company applies Corporate Accounting System issued under the Circular No. 200/2014/TT-BTC dated 22 December 2014 by the Ministry of Finance, the Circular No. 53/2016/TT-BTC dated 21 March 2016 issued by Ministry of Finance amending and supplementing some articles of the Circular No. 200/2014/TT-BTC and the Circular No. 202/2014/TT-BTC dated 22 December 2014 by the Ministry of Finance guiding the preparation and presentation of Consolidated Financial Statements.

*Declaration of compliance with Accounting Standards and Accounting System*

The Company applies Vietnamese Accounting Standards and supplementary documents issued by the State. Financial Statements are prepared and presented in accordance with regulations of each standard and supplementary document as well as with current Accounting Standards and Accounting System.

**2.3 . Basis for the preparation of Consolidated Financial Statements**

Consolidated Financial Statements are prepared based on consolidating Separate Financial Statements of the Company and Financial Statements of its subsidiaries under its control as at 31 December annually. Control right is achieved when the company has power to govern the financial and operating policies of invested companies to obtain benefits from their activities.

Consistent accounting policies are applied in Financial Statements of subsidiaries and the Company. If necessary, adjustments are made to the Financial Statements of subsidiaries to ensure the consistency of application of accounting policies among the Company and its subsidiaries.

Balance, main incomes and expenses, including unrealized profits from intra-group transactions are eliminated in full from Consolidated financial statements.

Non - controlling interests

Non - controlling interests represents the portion of profit or loss and net assets not held by owners.

#### 2.4 . Basis for preparation of separate financial statements

The preparation of Consolidated Financial Statements in conformity with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and legal regulations relating to financial reporting requires the Board of Management to make estimates and assumptions that affect the reported amounts of liabilities, assets and disclosures of contingent liabilities and assets at the date of the Consolidated Financial Statements and the reported amounts of revenues and expenses during the accounting year.

The estimates and assumptions that have a material impact in the Consolidated Financial Statements include:

- Provision for bad debts
- Provision for devaluation of inventory
- Estimated allocation of prepaid expenses
- Estimated useful life of fixed assets
- Classification and provision of financial investments
- Estimated income tax

Such estimates and assumptions are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company's Consolidated Financial Statements and that are assessed by the Board of Management to be reasonable under the circumstances.

#### 2.5 . Financial Instruments

##### *Initial recognition*

##### Financial assets

Financial assets of the Company include cash, cash equivalents, trade receivables, other receivables, lending loans, long-term and short-term investments. At initial recognition, financial assets are identified by purchasing price/issuing cost plus other expenses directly related to the purchase and issuance of those assets.

##### Financial liabilities

Financial liabilities of the Company include borrowings, trade payables, other payables and accrued expenses. At initial recognition, financial liabilities are determined by issuing price plus other expenses directly related to the issuance of those liabilities.

##### *Value after initial recognition*

Financial assets and financial liabilities are not revalued according to fair value at the end of the year because the Circular No.210/2009/TT-BTC and prevailing statutory regulations require to present Financial statements and Notes to financial instruments but not provide any relevant instruction for assessment and recognition of fair value of financial assets and financial liabilities.

#### 2.6 . Translation of Financial Statements prepared in foreign currencies into Vietnam Dong

Financial Statements prepared in foreign currencies are translated to Financial Statements prepared in Vietnam Dong at the exchange rates as follows: Assets and liabilities are translated at the closing rate at the end of the year; Owner's equity is translated at the exchange rate on the date of contribution, Items of Statement of Income and Statement of Cash flows are translated at the actual rate at the date of transactions or the average exchange rate of the fiscal year.

#### 2.7 . Foreign currency transactions

Foreign currency transactions during the year are translated into Vietnam Dong using the actual rate at transaction date.

Actual exchange rate when revaluating monetary items denominated in foreign currencies at the reporting date of Consolidated Financial Statements is determined under the following principles:

- For asset accounts, applying the bid rate of the commercial bank where the Company regularly conducts transaction;
- For cash deposited in bank, applying the bid rate of the commercial bank where the Company opens its foreign currency accounts;

- For liability accounts, applying the offer rate of the commercial bank where the Company regularly conducts transactions.

All exchange differences arising as a result of transactions or revaluation at the balance sheet date shall be recorded into the financial income or expense in the year.

## 2.8 . Cash and cash equivalents

Cash comprises cash on hand, demand deposits.

Cash equivalents are short-term investments with the maturity of not over than 3 months from the date of investment, that are highly liquid and readily convertible into known amount of cash and that are subject to an insignificant risk of conversion into cash.

## 2.9 . Financial investment

Investments held to maturity comprise term deposits held to maturity to earn profits periodically and other held to maturity investments.

In the Consolidated Financial Statements, investments in joint ventures and associates are accounted for using equity method. Under this method, the investments are initially recognised at cost and adjusted thereafter for the post acquisition change in the Group's share in net assets of the associate after acquisition date. Goodwill incurred from the investment in the associates is reflected in the carrying amount of the investment in the associate. The Group will not allocate such goodwill but assess annually to determine whether the goodwill is under impaired loss or not.

For the adjustment of the value of investments in joint ventures and associates from the date of investment to the beginning of the reporting year, the Company shall:

- For the adjustment to the income statement of previous years: make an adjustment to the undistributed profit after tax according to net adjusted accumulated amount to the beginning of the reporting year.
- For the adjustment due to the difference in revaluation of assets and the difference in foreign exchange rates, recorded in the balance sheet of the previous years: determine the adjustment to the corresponding items on the Statement of Financial Position according to net accumulated adjusted amount.

For the adjustment of the value of investments in joint ventures and associates arising in the year, the Company shall exclude the preferred dividends of other shareholders (if preferred shares are classified as Owner's capital); expected number of deductions for bonus and welfare funds of joint ventures and associates; share of profits related to transactions of joint ventures, associates contributing capital or selling assets to the Company before determining the Company's share in the profit or loss of the joint venture or associated company during the reporting year. The Company then adjusts the value of the investment in proportion to its share in profits and losses of joint ventures and associates and immediately recognizes it in the Consolidated Income Statement.

Financial Statements of associates are prepared in the same period with the Group's consolidated financial statements and use the consistent accounting policies with the Group's policies. Adjustment shall be made if necessary to ensure the consistence with the Group's accounting policies.

Investments in other entities comprise investments in equity instruments of other entities without having control, joint control, or significant influence on the investee. These investments are initially stated at original cost. After initial recognition, these investments are measured at original cost less provision for devaluation of investments.

Provision for devaluation of investments is made at the end of the year as follows:

- Long-term investments (other than trading securities) without significant influence on the investee: If the investment in listed shares or the fair value of the investment is determined reliably, provisions shall be made on the basis of the market value of the shares; if the fair value of the investment is not determined at the reporting date, provision shall be made based on the Financial Statements at the provision date of the investee.

- Investments held to maturity: provision for doubtful debts shall be made based on the recovery capacity in accordance with statutory regulations.

#### **2.10 . Receivables**

The receivables shall be recorded in details in terms of due date, entities receivable, types of currency and other factors according to requirements for management of the Company. The receivables shall be classified into short-term receivables or long-term receivables on the consolidated financial statements according to their remaining terms at the reporting date.

The provision for doubtful debts is made for receivables that are overdue under an economic contract, a loan agreement, a contractual commitment or a promissory note and for receivables that are not due but difficult to be recovered. Accordingly, the provisions for overdue debts shall be based on the due date stipulated in the initial sale contract, exclusive of the debt rescheduling between contracting parties and the case where the debts are not due but the debtor is in bankruptcy, in dissolution, or missing and making fleeing or estimating possible losses.

#### **2.11 . Inventories**

Inventories are initially recognized at original cost including purchase price, processing cost and other costs incurred in bringing the inventories to their location and condition at the time of initial recognition. After initial recognition, at the reporting date, inventories are stated at the lower of cost and net realizable value.

Net realizable value is estimated based on the selling price of the inventory minus the estimated costs for completing the products and the estimated costs needed for their consumption.

The cost of inventory is calculated using weighted average method.

Inventory is recorded by perpetual method.

Method for valuation of work in process at the end of the year: The value of work in progress is recorded based on actual cost incurred for each unfinished product.

Provision for devaluation of inventories made at the end of the year is based on the excess of original cost of inventory over their net realizable value.

#### **2.12 . Fixed assets**

Fixed assets (tangible and intangible) are initially stated at the historical cost. During the using time, fixed assets (tangible and intangible) are recorded at cost, accumulated depreciation and carrying amount.

##### *Subsequent measurement after initial recognition*

If these costs aument future economic benefits obtained from the use of tangible fixed assets are extended to their initial standards conditions, these costs are capitalized as an incremental in their historical cost.

Other costs incurred after tangible fixed assets have been put into operation such as repair, maintenance and overhaul costs are recognized in the Comsolidated Statement of income in the period in which the costs are incurred.

Fixed assets are depreciated (amortised) using the straight-line method over their estimated useful lives as follows:

- |                                      |                            |
|--------------------------------------|----------------------------|
| - Buildings, structures              | 06 - 25 years              |
| - Machinery, equipment               | 06 - 12 years              |
| - Vehicles, Transportation equipment | 06 - 10 years              |
| - Office equipment and furniture     | 03 - 08 years              |
| - Management software                | 05 - 10 years              |
| - Land use rights                    | Based on land usage period |
| - Others intangible fixed assets     | 08 years                   |

Depreciation of rubber gardens is exceptionally utilizing under Official Letter No. 1937/BTC-TCDN dated 09/02/2010 of Corporate Finance Department - Ministry of Finance about depreciation of rubber gardens and Decision No. 221/QĐ-CSVN dated 27/04/2010 of Viet Nam Rubber Group regarding to the issuance of the depreciation rate for rubber plantations based on a 20-year exploitation cycle, as follows:

<i>Year of exploitation</i>	<i>Depreciation ratio (%)</i>	<i>Year of exploitation</i>	<i>Depreciation ratio (%)</i>
- Year 1	2.5	- Year 11	7.0
- Year 2	2.8	- Year 12	6.6
- Year 3	3.5	- Year 13	6.2
- Year 4	4.4	- Year 14	5.9
- Year 5	4.8	- Year 15	5.5
- Year 6	5.4	- Year 16	5.4
- Year 7	5.4	- Year 17	5.0
- Year 8	5.1	- Year 18	5.0
- Year 9	5.1	- Year 19	5.2
- Year 10	5.0	- Year 20	Remaining amount

Depreciation rate over the years are determined by using historical cost of rubber planting garden multiplied by the depreciation ratio corresponding to that year. The depreciation rate for the last year of rubber planting garden (Year 20) are determined by the net carrying amount of the last exploitation year.

### 2.13 . Prepaid expenses

Construction in progress include the costs of basic plantation establishment and construction costs that have not been completed as of the end of the accounting period and are recognized at historical cost. Basic plantation establishment costs comprise expenses for materials used in planting and maintenance, labor costs, and other related general expenses. Basic plantation establishments are capitalized as fixed assets when they meet technical conditions as guided by the Vietnam Rubber Group. Typically, the investment cycle is approximately 7 to 8 years, depending on the technical standards of each planting year. Uncompleted construction costs include expenses related to construction, machinery and equipment installation, and other direct costs.

### 2.14 . Operating lease

Operating leases is fixed asset leasing in which a significant portion of the risks and rewards of ownership are retained by the lessor. Payments made under operating leases are charged to Statement of Income on a straight-line basis over the period of the lease.

### 2.15 . Prepaid expenses

The expenses incurred but related to operating results of several fiscal years are recorded as prepaid expenses and are allocated to the operating results in the following accounting fiscal years.

The calculation and allocation of long-term prepaid expenses to operating expenses in each fiscal years should be based on the nature of those expenses to select a reasonable allocation method and criteria.

Types of prepaid expenses include:

- Tools and supplies include assets which are possessed by the Company in an ordinary course of business, with historical cost of each asset less than 30 million dong and therefore not eligible for recording as fixed asset under current legal regulations. The historical cost of tools and supplies are allocated on the straight-line basis from 12 to 36 months.
- Asset repairing costs are recorded at historical cost and amortized using the straight-line method over a period of 12 to 36 months.
- Land title issuance costs for rubber plantations in Cambodia are amortized over 15 years.

- Costs for maintaining VFCS, CoC, DDS forest certifications are recorded at original cost and amortized using the straight-line method over the validity period of the certifications.
- Other prepaid expenses are recorded at original cost and amortized using the straight-line method over their useful life from 12 to 36 months.

#### **2.16 . Payables**

The payables shall be recorded in details in terms of due date, entities payable, types of currency and other factors according to the requirements for management of the Company. The payables shall be classified into short-term payables or long-term payables on the consolidated financial statements according to their remaining terms at the reporting date.

- (1) The Company has not determined the fair value of financial investments since Vietnamese Accounting Standards and Vietnamese Corporate Accounting System has not provided any detailed guidance on the determination of the fair value.
- (2) The fair value of Upcom shares with low trading activity during the year is determined as the average reference price over the 30 most recent consecutive trading days prior to the preparation date of the consolidated financial statements.
- (3) For Upcom shares, which frequently fluctuate according to market value and whose value can be reliably determined, the fair value is the closing price on the market at the year-end financial statement date (on 29 December 2023 and 31 December 2024).
