ONE Technologies Corporation (ONE CORP) would like to send our most respectful greetings to your agency.

Our company would like to explain the difference between the audited report for 2024 and the audited report for 2023.

Data according to the report:

Unit: VND

ITEMS	Audited financial statements prepared for 2023	Audited financial statements for 2024	Difference

The audited profit for 2024 decreased by 524,037,233, VND, equivalent to a decrease of 29.07% compared to the audited financial statements for 2023. 2023 due to the following reasons:

- Increased management costs: due to increased provision for doubtful debts.

The above is an explanation of the main factors affecting the profit difference in the audited report for 2024 compared to the audited financial report for 2023. The Company respectfully reports to the State Securities Commission, Hanoi Stock Exchange and all shareholders of the Company.

Sincerely thank you!
