4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies which have been adopted by the Bank in the preparation of these separate financial statements, are as follows:

Estimates

The preparation of the separate financial statements in conformity with Vietnamese Accounting Standards, accounting regime applicable to credit institutions in Vietnam and legal regulations relating to separate financial reporting requires the Board of Management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the separate financial statements and the reported amounts of revenues and expenses during the accounting period. Although these accounting estimates are based on the Board of Management's best knowledge, actual results may differ from those estimates and assumptions.

Foreign currencies

The Bank maintains its accounting system and records all transactions in original currencies. Monetary assets and liabilities denominated in foreign currencies are translated into VND using exchange rates ruling at the separate statement of financial position date. Nonmonetary items arising in foreign currencies during the period are converted into VND at rates ruling on the transaction dates. Foreign exchange differences arising from the translation of monetary assets and liabilities into VND in the period are recognized and followed in the "Exchange rate revaluation" item under "Shareholders' equity" in the separate statement of financial position and will be transferred to the separate statement of profit or loss at yearend.

Cash and cash equivalents

Cash and cash equivalents comprise cash, current accounts at the SBV, current accounts and time deposits with term of three months or less from the deposit date.

Placements with and loans to other credit institutions

Placements with and loans to other credit institutions are presented at their principal amounts outstanding at the end of the reporting period.

The credit risk classification for placements with other credit institutions and the corresponding provisioning shall comply with the provisions of the Circular No. 31/2024/TT-NHNN ("Circular 31") dated 30 June 2024 issued by the SBV and Decree No. 86/2024/ND-CP ("Decree 86") dated 11 July 2024 issued by Prime Minister. Accordingly, the Bank makes specific provisions for deposits (except for current deposits at other domestic credit institutions and foreign bank branches, and placements with Vietnam Bank for Social Policies following the regulations of the SBV on maintaining the balance of deposits at Vietnam Bank for Social Policies of state credit institutions) at other credit institutions and foreign bank branches as prescribed by law, and deposits (except for current deposits) at overseas credit institutions in a similar way to those for loans to customers.

Derivatives

Foreign currency forward and swap contracts

For foreign currency forward and swap contracts, the difference between equivalent VND amounts of foreign currency purchase/sale commitments using forward exchange rate and spot exchange rate as at effective date of the contract is recognized immediately at the effective date of the contract under "Interest and fee receivables" item or "Interest and fee payables" item in the separate statement of financial position. The difference is subsequently allocated to "Net gain/(loss) from trading foreign currency" item over the term of the contract.

As at the date of the separate financial statements, commitments of foreign currency forward and swap contracts are revaluated and exchange differences arising from the revaluation of foreign currency denominated balances of these contracts are recognized in the separate income statement.

Interest rates swap contracts

Commitments of one-currency-interest-rate swap contracts are not recognised in the separate statement of financial position. For two-currency-interest-rate swap contracts with nominal principal swap, commitments are recognised in the separate statement of financial position. Income and expenses arising from interest rate effects are recognised on an accrual basis. For two-currency-interest-rate swap contracts without nominal principal swap, commitments are recognised in the separate statement of financial position at the date of the principal exchange. Income and expenses arising from interest rate effects are recognised on the accrual basis.

Loans to customers

Loans to customers are disclosed and presented at their principal amounts outstanding at the end of the reporting period.

Provision for credit losses

Classification of loans and provision for credit losses

In accordance with Circular 31 and Decree 86, credit institutions are required to implement loan classification and credit risk provisioning. Loan classification and credit risk provisioning in compliance with Circular 31 are applied to Assets (hereinafter referred to as "debits") including:

- Loans;
- Financial leasing;
- Discounts, rediscounts of negotiable instruments and other valuable papers;
- Factoring;
- Credit facilities in the form of credit card issuance;
- Payments on behalf under off-balance-sheet commitments include payments made on behalf of customers under transactions of guarantee and letters of credit (L/C) (except for payments made on behalf of customers under transactions of Usance Payable at Sight (UPAS) L/C that allow the beneficiary to be paid immediately or before the L/C due date, and those under transactions of L/C reimbursement as agreed with customers using the reimbursing bank's funds from the date the reimbursing bank pays the beneficiary; transactions of L/C payment negotiation) and other payments made on behalf of customers under off-balance sheet commitments;

- Amounts for purchase and entrustment of purchase of corporate bonds (including bonds issued by other credit institutions) which have not yet been listed on stock exchanges or have not yet been registered for trading on the UPCoM trading system (hereinafter referred to as unlisted bonds), excluding the purchase of unlisted bonds with trusted funds to which the trustee bears the risk;
- Credit granting entrustment;
- Deposits (except for current accounts and deposits at Vietnam Bank for Social Policies following the SBV's regulations on maintaining the balance of deposits at Vietnam Bank for Social Policies of state-owned credit institutions) at credit institutions and foreign banks branches as prescribed by law and deposits at overseas credit institutions;
- Buying and selling debts according to regulations of the State Bank of Vietnam (hereinafter referred to as "SBV"), except for bad debt buying and selling transactions conducted between credit institutions or FBBs and Vietnam Asset Management Company (VAMC);
- Repos of Government bonds in the stock market following the law on issuance, registration, depository, listing and trading of Government debt instruments in the stock market;
- Purchase of promissory notes, bills and certificates of deposit issued by other credit institutions and foreign banks' branches.
- Issuance of deferred payment L/Cs containing a provision that the beneficiary is entitled to receive sight payment or advanced payment before the L/C due date, and L/C reimbursement in the form of an agreement with the customer to make payment using the reimbursing bank's funds from the date on which the reimbursing bank pays the beneficiary; L/C payment by negotiation;
- Outright purchase without recourse of sets of documents presented under L/Cs, except where a commercial bank or FBB buys outright a set of documents presented under an L/C which it issued.

Accordingly, customers' loans are determined to be in the highest risk group of the classification under Circular 31 and customers' highest debt group at credit institutions provided by the Credit Information Center ("CIC") of the SBV at the time of loan classification.

The bank maintains the debt group for certain loans in accordance with the regulations in Circular No. 02/2023/TT-NHNN ('Circular 02') dated 23 April 2023, Circular No. 06/2024/TT-NHNN ('Circular 06') dated 18 June 2024, and Circular No. 53/2024/TT-NHNN ('Circular 53') dated 4 December 2024, of the State Bank of Vietnam, which stipulates that credit institutions and branches of foreign banks restructure payment terms and maintain the debt group to support customers in difficulty, as well as the documents from the State Bank of Vietnam regarding debt classification and risk provisioning

Loans are classified by risk level into: Standard, Special-mentioned, Sub-standard, Doubtful and Loss. Loans classified as either Sub-standard, Doubtful or Loss are considered as bad debts.

Net credit risk exposure for each item is calculated by subtracting from the outstanding loan balance the discounted value of collateral which is subject to discount rates in accordance with Decree 86. The specific provision is made based on the net credit risk exposure of each item using the prescribed provision rates as follows

Group	Category	Provision rate
1	Standard	0%
2	Special-mentioned	5%
3	Sub-standard	20%

4	Doubtful	50%
5	Loss	100%

According to Circular 02 and Circular 53, the Bank is required to make specific provision for debts to customers whose repayment terms are rescheduled as prescribed in this Circular as follows:

- Circular 02:
 - Up to 31 December 2023: by at least 50% of the specific provision to be additionally made
 - Up to 31 December 2024: 100% of the specific provision to be additionally made.
- Circular 53:
 - Up to 31 December 2024: by at least 35% of the specific provision to be additionally made
 - Up to 31 December 2025: by at least 75% of the specific provision to be additionally made
 - Up to 31 December 2026: 100% of the specific provision to be additionally made.

Following Decree 86, a general provision is made for credit losses that are yet to be identified during the loan classification and specific provisioning process as well as in cases where the credit institutions encounter potential financial difficulties due to the deterioration in loan quality. Accordingly, the Bank is required to make and maintain a general provision at 0.75% of the total outstanding loan balances which are classified into groups 1 to 4, excluding deposits at domestic credit institutions and foreign bank branches as prescribed by law and deposits at overseas credit institutions; loans and forward purchase of valuable papers among credit institutions and foreign bank branches in Vietnam; purchases of certificates of deposit or bonds issued locally by other credit institutions and foreign bank branches; and repurchase agreements of Government bonds on the stock market in accordance with the legal regulations on issuance, registration, depository listing and trading of government debt instruments in the stock market and other debts arising between credit institutions and foreign bank branches in Vietnam in accordance with the provisions of law.

Write-off of bad debts

Provision is recorded as an expense on the interim separate income statement and used to write-off bad debts. In accordance with Decree 86, the Bank must set up Risk Settlement Committee to write-off bad debts if they are classified as Group 5, or if borrowers are either liquidated or bankrupted legal entities or deceased or missing individuals.

Classification of off-balance-sheet commitments

The Bank classifies guarantee, acceptances of payment and irrevocable loan commitments and other credit risk bearing commitments (collectively referred to as “off-balance-sheet commitments”) into groups as stipulated in Article 09 and Article 10 of Circular 31. Accordingly, off-balance-sheet commitments are classified by risk level as follows: Standard, Special mention, Sub-standard, Doubtful and Loss.

The Bank does not make general provisions and specific provisions for off-balance-sheet commitments in accordance with the guidelines of Decree 86.

Investments

Trading securities

Trading securities are debt securities that the Bank has bought and had the intention to sell in the near future to gain benefits from price differences. Trading securities are recorded at cost at the transaction date and subsequently recorded at cost during the holding period. Interest earned during the holding period of trading securities is recorded on cash basis in the separate income statement.

These securities are subject to impairment review at the date of the separate financial statements. Provisions for securities that are stipulated in the scope of Circular 31 are made in accordance with Decree 86 (as described in the summary of significant accounting policies for "Provision for credit risks"). Provisions for impairment of securities that are not stipulated in the scope of Circular 31 are made when their carrying values are higher than their market values determined in accordance with prevailing accounting regulations. Provision for impairment is recorded in the separate income statement as "Net gain/(loss) from trading securities".

Investment securities

Available-for-sale investment securities

Available-for-sale investment securities include debt and equity securities that the Bank holds less than 11% of voting rights for investment and ready-for-sale purposes. These securities are not frequently traded but can be sold at anytime once they are profitable, and the Bank is neither the founding shareholder/strategic partner nor capable of controlling, to some extent, the process of initiating and approving financial and operating policies of the investees, which is evidenced by a written agreement on delegating personnel for representation in the Board of Directors/Board of Management.

Available-for-sale equity securities are recognized at cost at the transaction date and subsequently recognized at cost during the holding period.

Available-for-sale debt securities are initially recognized at par value at the transaction date. Accrued interest before the acquisition date (for debt securities with interest payment in arrears) or interest income received upfront awaiting amortisation (for debt securities with interest payment in advance) is recorded in a separate account. Any discount or premium, which is the difference between the cost and the amount equal to par value plus (+) accrued interest before the acquisition date (if any) or minus (-) interest received upfront awaiting amortisation (if any), is also recorded in a separate account.

Periodically, available-for-sale investment securities are subject to impairment review. Provision for securities that are stipulated in the scope of Circular 31 are made in accordance with Decree 86 (as described in the summary of significant accounting policies for "Provision for credit risks"). Provision for impairment of securities that are not stipulated in the scope of Circular 11 are made when their carrying values are higher than their market values determined in accordance with prevailing accounting regulations. Provision for impairment is recorded in the separate income statement as "Net gain/(loss) from investment securities".

Held-to-maturity investment securities

Held-to-maturity investment securities are debt securities that the Bank purchases for investment purpose to gain interest and the Bank has the intention and the capacity to hold the securities until maturity. Held-to-maturity securities have determinable value and fixed maturity dates. In case of being

sold before maturity, they will be reclassified as trading or available-for-sale securities. Held-to-maturity investment securities are recognized similarly to available-for-sale debt securities.

Periodically, held-to-maturity investment securities are subject to impairment review. Provision for securities that are stipulated in the scope of Circular 11 are made in accordance with Circular 11 (as described in the summary of significant accounting policies for "Provision for credit risks"). Provision for impairment of securities that are not stipulated in the scope of Circular 11 are made when their carrying values are higher than their market values determined in accordance with prevailing accounting regulations. Provision for impairment is recognized in the separate income statement as "Net gain/(loss) from investment securities".

Reclassification

According to Official Letter No. 2601/NHNN-TCKT dated 14 April 2009 by the SBV, reclassification after transaction date is made only once for each item of investment securities. In special cases or in case a large number of securities has to be reclassified (greater than or equal to 50% of total value of the portfolio), the Bank will disclose the effect of reclassification on total assets, liabilities, equity, income and expenses of the Bank in the separate financial statements.

Other long-term investments

Other long-term investments represent the Bank's capital investments in other enterprises at which the Bank either owns less than 11% of the voting rights or is a founding shareholder; or a strategic partner; or is capable of controlling, to some extent, the process of initiating and approving financial and operating policies of the investees, which is evidenced by a written agreement on delegating personnel for representation in the Board of Directors/Board of Management. The investments are initially recognized at cost at the transaction date and always carried at that cost during the subsequent holding period.

Provision for impairment of capital contribution, long-term investments

Provision for impairment of investments in capital contribution and long-term investments are made when the investee is operating at loss in accordance with prevailing accounting regulations.

Provision for impairment of capital contribution and long-term investments are recognized as an operating expense in the separate income statement. In case an investment is made in listed shares or the fair value of an investment is reliably determined, the provision is made based on the market value of the stock (similar to the provision for impairment of available-for-sale investment securities).

Recognition

The Bank recognizes investment in securities and other investments at the date when the Bank performs the contractual terms (transaction-date based policy). Investment in securities and other investments are initially recognized at cost. After initial recognition, investment in securities and other investments are recognized under the above-mentioned accounting policies.

Derecognition

Investments in securities and other investments are derecognized when the rights to receive cash flows from the investments end or when the Bank transfers to the buyer the significant risks and rewards associated with the ownership of the investments.

Trust activities and trusted funds

The value of trusted funds is recorded when the trust contracts have been signed and trusted funds have been realised. Rights and obligations of the trustor and trustee relating to profit and profit sharing, trust fee, other rights and obligations are in compliance with the terms of the signed contracts. The assets that are held under custody services are not considered as assets of the Bank and therefore, they are not recognized in the separate financial statements of the Bank.

Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation. The cost of tangible fixed asset comprises all the Bank's purchase price plus any directly attributable costs of bringing the asset to the working condition for its intended use.

Expenditures for additions and improvements are capitalized and expenditures for maintenance and repairs are charged to the separate income statement when incurred. When assets are sold or disposed, their cost and accumulated depreciation are written off and any gains or losses resulting from their disposals are recorded in the separate income statement.

Intangible assets

Intangible assets are stated at cost less accumulated amortization. The cost of an intangible asset comprises all the Bank's expenditures paid to acquire the asset until it is put into use.

Expenditures for improvements of intangible assets are capitalized. The expenditures related to intangible assets incurred after the initial recognition and evaluated with certainty, increasing the economic benefits of intangible assets compared to the initial activity level, are capitalized. Other expenditures related to intangible assets incurred after initial recognition are charged to the separate income statement. When intangible assets are sold or disposed, their cost and accumulated amortisation are written off and any gains or losses resulting from their disposals are recorded in the separate income statement.

Leasing

A lease is classified as a finance lease when significant rights and risks relating to ownership of the leased item are transferred to the lessee. All leases other than finance leases are classified as operating leases.

A lease is considered as an operating lease when the lessor still enjoys many of the benefits and is subject to the risk of ownership of the property. The value of the operating leased property is not recognized on the separate statement of financial position. Rentals under operating leases are recorded in "Operating Expenses" on a straight-line basis over in the lease term.

Depreciation and amortization

Depreciation and amortization of tangible fixed assets and intangible assets are calculated on a straight-line basis over the estimated useful lives of the assets, as follows:

<u>Assets</u>	<u>Estimated useful lives (Years)</u>
Buildings and structures	25
Machinery and equipment	03 - 05

SAIGON – HANOI COMMERCIAL JOINT STOCK BANK
NOTES TO THE SEPARATE FINANCIAL STATEMENTS (Continued)

Motor vehicles	06 - 10
Office equipment	03 - 07
Other tangible fixed assets	04 - 07
Computer software	03 - 08
Other intangible assets	04 - 10

Land use rights are not amortized if they are granted by the Government of Vietnam for an indefinite term. Land use rights with definite term are amortized over the granted term from 30 - 46 years.

Prepayments

Prepayments include actual expenses that have arisen but are related to the results of business activities of many accounting periods. Prepayments comprise prepaid office rentals and other prepaid expenses.

Office rentals represent the amounts which have been paid in advance. Prepaid office rental is charged to the separate income statement using the straight-line method over the rental period.

Other prepayments include repair, maintenance costs for assets, costs of tools and supplies issued for consumption and other prepaid expenses, which are expected to provide future economic benefits to the Bank. These expenses are capitalized as prepayments and are allocated to the separate income statement using the straight-line method over the period of three years or less in accordance with prevailing accounting regulations.

Receivables

Receivables other than those from credit activities in the Bank's operation are initially recognized at cost and subsequently recorded at cost. Other receivables are subject to impairment review based on the overdue status or based on the expected loss for the following cases: institutional debtors who have fallen into bankruptcy or have been in the process of dissolution; or individual debtors who are missing, escaping, prosecuted, on trial or passed away even though receivables are not overdue. Provision expense incurred is recorded as "Operating expenses" in the separate income statement during the period.

Provision rates for overdue receivables are applied in accordance with the prevailing accounting regulations.

Other provisions

Other provisions are recognized when the Bank has a present obligation as a result of a past event, and it is probable that the Bank will be required to settle that obligation. Other provisions are measured at the Board of Management's best estimate of the expenditure required to settle the obligation at the accounting period.

Revenue and expenses

Interest and similar income/expenses

Interest income from loans to customers and interest expense on borrowings are recognized in the separate income statement on the accrual basis. Accrued interest income arising from the loans that are classified from group 2 to group 5 in accordance with Circular 31, accrued interest income on loans restructured and maintained as Standard loan groups (group 1) as prescribed in Decree 55; Circular 02

and Circular 06 will not be recognized the separate income statement. Accrued interest income on such loans is recorded as an off-balance-sheet item and is recognized in the separate income statement upon actual receipt.

Income from interest on investment securities in securities are recorded on the accrual basis. For accrued interest income on investment securities that are fallen within the scope of Circular 31 and classified from group 2 upwards is not recognized in the separate income statement for the period. These accruals are recorded as an off-balance-sheet items and are only recognized in the separate income statement upon actual receipt.

Income from service charges and commissions

Income from service charges and commissions is recognized on the basis of services provided.

Income from guarantee and L/C commitment activities

Income from guarantee and L/C commitment activities is recognized on the accrual and allocation basis.

Income from trading securities

Income from trading securities is determined based on the difference in selling price and cost of securities sold.

Recognition of dividends and profits received

Cash dividends and profits received from investment and capital contributions activities are recorded in the separate income statement when the Bank's right to receive dividends and profits has been established. Share dividends, which are distributed from profits of joint stock companies, are recognized neither as an increase in the value of received shares nor financial income in the separate financial statements but are only used for tracking the increase in the number of shares according to Circular No. 200/2014/TT-BTC dated 22 December 2014 issued by the Ministry of Finance.

Revenue from other services

When the contract results can be determined reliably, revenue will be recognized based on the level of work completion. If the contract results cannot be determined reliably, revenue will only be recognized at the recoverable level of the recorded expenses.

27. RELATED PARTY TRANSACTIONS AND BALANCES

Related party transactions are transactions undertaken with other entities to which the Bank is related. A party is considered to be related to the Bank if:

- (a) Enterprises that directly, or indirectly through one or more intermediaries, control, or are controlled by, or are under common control with, the Bank (including holding companies, subsidiaries and fellow subsidiaries);
- (b) Associates (see Vietnamese Accounting Standards No. 07 "Accounting for Investments in Associates");
- (c) Individuals owning, directly or indirectly, an interest in the voting power of the Bank that gives them significant influence over the Bank, and close members of the family of any such individual. Close members of the family of an individual are those that may be expected to influence, or be influenced by, that person in their dealings with the Bank, for examples: parent, spouse, progeny, siblings;
- (d) Key management personnel having authority and responsibility for planning, directing and controlling the activities of the Bank, including directors and officers of the Bank and close members of the families of such individuals;
- (e) Enterprises in which a substantial interest in the voting power is owned, directly or indirectly, by any person described in (c) or (d) or over which such person is able to exercise significant influence. This includes enterprises owned by directors or major shareholders of the Bank and enterprises that have a member of key management in common with the Bank.
