## INDEPENDENT AUDITOR'S REPORT

**To:** **Shareholders**  
**Members of the Board of Directors**  
**Members of management**  
**SONADEZI LONG BINH SHARE HOLDING COMPANY**

### Report on the financial statements

We have audited the accompanying financial statements of Sonadezi Long Binh Share Holding Company (hereinafter referred to as "the Company") prepared on 25 February 2026 as set out from page 05 to page 46, which comprise the statement of financial position as at 31 December 2025, and the income statement, and cash-flow statement for the financial year then ended, and the notes to the financial statements.

### Management's Responsibility

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Vietnamese Accounting Standards and Vietnamese Corporate Accounting System and relevant legislation as to the preparation and presentation of financial statements and for such internal control as management determines is necessary to enable the preparation and presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**1.4. Normal operating cycle**

The Company's normal operating cycle is carried out for a period of 12 months.

**2. BASIS OF PREPARATION**

**2.1. Accounting standards, accounting system**

The accompanying financial statements, expressed in Vietnamese Dong ("VND"), are prepared under the historical cost convention, and in accordance with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System issued under Circular No. 200/2014/TT-BTC dated 22 December 2014 and Circular No. 53/2016/TT-BTC dated 21 March 2016 by Ministry of Finance, and prevailing accounting regulations in Vietnam

The accompanying financial statements are not intended to present the financial position, results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Vietnam.

**2.2. Forms of accounting records**

The form of accounting records applied in the Company is the General Journal.

**2.3. Financial year**

The Company's financial year is from 01 January to 31 December.

**2.4. Reporting and functional currency**

The Company maintains its accounting records in VND.

**3. SIGNIFICANT ACCOUNTING POLICIES**

**3.1. Use of estimates**

The preparation of the financial statements requires management to make estimates and assumptions that impact the carrying value of certain assets and liabilities, contingent assets as at 31 December 2025 and liabilities reported in the notes as well as revenues and expenses for the financial year ended 31 December 2025. Although these estimates are based on management's best knowledge of all relevant information available at the date when the financial statements are prepared, this does not prevent actual figures differing from estimates.

**NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)**

**3.2. Cash and cash equivalents**

Cash and cash equivalents comprise cash in hand, cash at bank and current investments for a period not exceeding 3 months or highly liquid investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Cash equivalents are defined the same as those under Accounting Standard "Statement of cash flows."

**3.3. Financial investments**

***Held to maturity investments***

Held to maturity investments comprise term deposits.

***Equity investments in other entities***

***Other investments***

Investments classified as other investments are investments other than investments in subsidiaries, investments in associates or investments on joint ventures.

Other investments are accounted for under the cost method which comprise purchase prices plus (+) acquisition related costs (if any). In case of investments of non-monetary assets, the cost of investments is recognised at the fair values of the assets as incurred.

***Recognition principles of provisions for securities investment impairment loss***

***For equity investments in other entities***

As of the date of the financial statements, provisions for impairment losses on equity investments are recognised if an indication of impairment exists.

Provisions for impairment losses on equity investments in other entities are determined using fair values if the fair values can measure reliably. If the fair values cannot be measure reliably at the reporting date, provisions are measured on the basis of the investee's losses.

**3.4. Account receivables**

***Recognition method***

Receivables are classified into trade receivables and other receivables based on the following rules: Trade receivables represent those arising from purchase and sale related transactions of goods, services or assets and the seller is independent of the buyer; the remaining receivables are classified as other receivables.

Account receivables are stated at the carrying amounts of trade receivables and other receivables less provisions for doubtful debts.

***Provisions for doubtful debts***

As of the date of the financial statements, provisions for doubtful debts are recognised for past-due accounts receivable and for accounts receivable where circumstances indicate that they might be uncollectible or for uncollectible debts due to liquidation, bankruptcy, or similar difficulties.

The difference between the required balance and the existing balance of provision for doubtful debts is recorded as a general and administrative expense in the income statement.

**NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)**

**3.5. Inventories**

***Inventory measurement***

Industrial and urban real estate properties constructed for sale during the normal course of the Company's operations, not for lease or capital appreciation, are recognized as inventory at the lower of cost to bring each product to its present location and condition, and net realizable value.

The cost of real estate properties constructed for sale includes compensation costs, site clearance costs, road construction and drainage system costs, landscaping and other infrastructure costs, construction costs paid to contractors, design consultancy fees, and other related expenses.

Net realizable value is determined as the estimated selling price less the estimated costs of completion along with marketing, selling, and distribution expenses.

***Method of accounting for inventories***

Inventories are measured using the weighted average method and are recorded under the perpetual inventory method.

**3.6. Tangible fixed assets**

Tangible fixed assets are measured at cost less accumulated depreciation.

***Tangible fixed asset initial recognition***

Tangible fixed assets are initially recognised at their cost. The cost of purchased tangible fixed assets comprises the purchase price and any directly attributable costs of bringing the assets to their present location and working condition for their intended use.

The costs of tangible fixed assets constructed by contractors are the finalised costs of the construction, other directly related expenses and the registration fee (if any).

***Tangible fixed asset after initial recognition***

The costs incurred after the initial recognition of tangible fixed assets shall be recorded as increase in their historical cost if these costs are certain to improve future economic benefits obtained from the use of these assets. Those incurred costs which fail to meet this requirement must be recognized as production and business expenses in the period.

***Depreciation***

The costs of fixed assets are depreciated on a straight-line method over their estimated useful lives.

The estimated useful lives are as follows:

▪ Buildings, structures	06 - 39 years
▪ Machinery and equipment	05 - 10 years
▪ Motor vehicles	05 - 30 years
▪ Management equipment and devices	04 - 10 years

**NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)**

**3.7. Intangible fixed assets**

Intangible fixed assets are measured at cost less accumulated amortisation.

***Intangible fixed asset recognition***

The cost of an intangible fixed asset comprises the total amount of expense incurred by the Company to acquire an asset at the time the asset is put into operation for its intended use.

***Tangible fixed asset after initial recognition***

Costs related to intangible fixed assets incurred after initial recognition shall be expensed in the period as production and business costs, except when these costs are directly attributable to a specific intangible fixed asset and enhance the future economic benefits of that asset.

***Accounting principles for intangible fixed asset***

***Land use rights***

Land use rights are stated at their costs less accumulated amortisation, representing the value of land use rights in the Bien Hoa, Go Dau, and Xuan Loc industrial parks.

The land use rights are amortised using the straight-line method over the period of the right to use the land from 30 to 50 years.

***Computer software***

Computer software is not an indispensable component of hardware and is recognised as an intangible asset and depreciated over its useful life (02 - 04 years).

**3.8. Leases**

***Lease classification***

Leases are classified as finance leases when the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

***Operating leases***

Lease payments under an operating lease are recognised as production and operating expenses on a straight-line basis over the lease term.

**3.9. Leases**

***Operating leases***

Assets subject to operating leases are recognised in the statement of financial position according to the Company's asset classification pattern.

Initial direct costs to generate income from operating leases are recognised as expenses in the year as incurred or amortised over the lease term. Lease income from operating leases is recognised in the income statement on a straight-line basis over the lease term regardless of payment methods.

Depreciation of assets subject to operating leases is consistent with the depreciation policy of the lessor applicable to similar assets.

**NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)**

**3.10. Investment property**

Investment properties are measured at cost less accumulated depreciation.

***Investment property initial recognition***

An investment property is measured initially at its cost. The cost of an investment property is the amount of cash or cash equivalents paid or the fair value of other considerations given to acquire an asset at the time of its acquisition or construction. The costs include initial transaction charges.

***Investment property after initial recognition***

Costs related to investment properties incurred after initial recognition shall be expensed in the period, unless it is certain that such costs will enhance the future economic benefits of the investment property beyond the originally assessed level of performance. In such cases, the costs shall be capitalized as an addition to the property's historical cost

***Investment property depreciation***

The cost of an investment property is depreciated on a straight-line method. Investment properties held for capital appreciation are not depreciated but subject to impairment review.

The estimated useful life of buildings, structures is 05 - 20 years.

**3.11. Construction in progress**

Properties in the course of construction for rental, or administrative purposes, or for other purposes are carried at cost. Cost includes necessary fees to acquire assets including related construction fees, equipment, other fees, and interest expense in accordance with the Company's accounting policy.

These expenses are temporarily measured as the original cost when the assets are put into use if the cost has yet to be approved.

Under the current regulations on investment and construction management, subject to management decentralisation, construction finalisation value shall be approved by competent agencies. The final construction finalisation value could be different from the aforementioned original cost subject to the finalisation approved by competent agencies.

**3.12. Business cooperation contract (BCC)**

***Capital contribution recognition in jointly controlled operations***

The contributing venturer recognizes assets contributed to BCC's operations as other receivables; The acquiring venturer recognizes assets contributed by the parties to BCC's activities as other payables.

***Sharing of revenues, expenses, products***

The contributing venturer is allocated profits or losses based on the percentage of capital contribution as stipulated in the contract.

**3.13. Prepayments**

Prepayments are classified as current and non-current based on their original term. Prepayments mainly comprise costs of tools and supplies, land rental prepayment, compensation costs for site clearance and infrastructure costs, which are amortised over the period for which they are paid or the period in which economic benefits are generated in relation to these expenses.

**NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)**

The following expenses are recognised as prepayments and amortised to the income statement:

- Tools and supplies are amortised to the income statement for no more than 03 years;
- Land rental prepayment represents the payment for industrial land rental with technical infrastructure leasing at Chau Duc industrial park and Tan Duc industrial park, State-leased land at Bien Hoa 2 industrial park, and the Go Dau industrial park. The land rental prepayments are amortised according to the lease term in the contract;
- Compensation costs for site clearance for the Thanh Phu industrial park are amortised on a straight-line basis over the remaining of the project;
- Industrial park infrastructure costs are costs related to the construction of Xuan Loc industrial park infrastructure which is handed over from Sonadezi Corporation for the infrastructure that the Company is using. These costs are amortised on a straight-line basis over the remaining of the project (45.5 years);
- Other prepaid expenses are amortised to the income statement for no more than 03 years.

**3.14. Liabilities**

Liabilities are classified into trade payables and other payables based on the following rules: Trade payables represent those arising from purchase and sale related transactions of goods, services or assets and the seller is independent of the buyer; the remaining payables are classified as other payables.

Liabilities are also classified according to the maturity date, the remaining term from the date of the financial statements, original currency, and each creditor.

Liabilities are recognised at no less than the payment obligation.

**3.15. Accrued expenses**

Accrued expenses represent expenses that will be paid in the future, including land rental of Go Dau industrial park and other payable expenses. The land rental of Go Dau industrial park is recorded based on information available at the end of the year and reasonable estimates of the amount payable.

**3.16. Unearned revenues**

Unearned revenues include advance payments from customers for one or more accounting periods for land leasing and industrial park premises usage fees.

Unearned revenues are periodically recognized and transferred into revenues in accordance with the lease term.

**3.17. Owners' equity**

***The owners' contributed equity***

The owners' contributed equity is recognised when contributed.

***Share premiums***

Share premiums are recognised as the difference between the issue price and the par value of shares, and the difference between the re-purchase price and the re-issue price of treasury shares.

**NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)**

***Dividends***

Dividends are recognised as a liability at the date of declaring dividends.

***Reserves***

Reserves are created at certain percentages of profit after tax as prescribed in the Company's charter. The allocation of funds is carried out in accordance with the annual Resolution of the General Meeting of Shareholders.

***Retained earnings***

Net profit after income tax can be distributed to shareholders after the distribution is approved by the General Meeting of Shareholders and reserves are created in accordance with the Company's Charter, resolutions of the General Meeting of Shareholders and legal regulations in Vietnam.

**3.18. Revenue and other income**

***Revenue from transferring real estate***

Revenue from the transferring real estate is recognised when all 05 of the following conditions are satisfied:

- The Company has transferred risks and benefits associated with ownership of the real estate to the buyers;
- The Company no longer holds the right to manage the real estate as real estate's owners or the right to control the real estate;
- The turnover is determined reliably;
- The Company has received or will receive economic benefits from the sales of the real estate;
- Costs related to sales of the real estate may be determined.

***Revenue from land lease and infrastructure business***

Revenue from land lease and infrastructure business is recognized for each lease contract.

***Revenue from operating asset leases***

Revenue from operating asset leases as presented in Note 3.8.

***Revenue from trading clean water***

Revenue from trading clean water is recorded in each period (each month) based on the volume of water (m3) consumed by customers (water meter index at the end of the period minus water meter index at the beginning of the period) multiplied by the production water unit price and the service unit price fixed as specified in the contract.

***Revenue from BCC***

Revenue from BCC as presented in Note 3.12.

***Interest income***

Interest income is recognised on an accrual basis by reference to the principal outstanding and at the interest rate applicable.

**NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)****3.19. Cost of sales**

Cost of sales and services provided represents total costs of goods, services which are sold in the period in accordance with the matching principle.

The cost of land and infrastructure leased includes all costs directly incurred for land development activities or costs that can be allocated on a reasonable basis to these activities, including:

- All land and land development costs;
- All construction and construction-related costs;
- Other mandatory and general costs incurred during the formation of real estate related to the current and future land and infrastructure development activities of the project, such as common technical infrastructure, mandatory land fund for public purposes.

**3.20. General and administrative expense**

General and administrative expenses represent common expenses, which include payroll costs for office employees', stationery expenses, depreciation expenses of fixed assets used for administration activities; taxes, fees and charges; provision for doubtful debts; utility services and sundry expenses.

**3.21. Taxation*****Corporate income tax******Current corporate income tax expense***

Current corporate income tax expense is determined on the basis of taxable income and the rate of corporate income tax (CIT) of the current year at 20%.

***Deferred corporate income tax expense***

Deferred corporate income tax expense is determined on the basis of the deductible temporary differences, taxable temporary differences and the estimated CIT rate that will be applied for the years that assets and liabilities will be recovered. The tax rates used will be the tax rates (and tax laws) that are in effect at the financial year end.

***Value added tax***
