REPORT

SUMMARIZING THE IMPLEMENTATION OF PRODUCTION AND BUSINESS IN 2025 AND ORIENTATION OF PRODUCTION AND BUSINESS ACTIVITIES IN 2026

I. General Overview:

In the past year, the world socio-economic situation has been volatile with many uncertainties such as the protracted tariff war, the armed conflict between Russia and Ukraine, potential conflict risks in South America, Asia-Pacific, strategic competition between superpowers, natural disasters, etc climate change, especially the US tariff policy, has had serious consequences for all production and business activities of countries.

Domestically, which is the year of implementing the 2-tier local government model, at the beginning of the second quarter of 2025, Vietnam is on the list of very high reciprocal tariffs imposed by the US and from August 1st, 2025, Vietnam is subject to a reciprocal tariff of 20%. On the other hand, the historic storms and floods in the province in November 2025 have caused great damage to property and seriously affected production and business activities.

In the context of that general influence, under the close executive direction of the Board of Directors, the PISICO Executive Board has actively grasped and directed in a timely and flexible manner. along with the efforts and efforts of the leaders of member units and all officers and employees in the entire PISICO system, the business results in 2025 are very positive. a number of indicators continued to grow over the same period, employees' incomes were improved and social responsibility was maintained.

II. Production and business results:

1. At the parent company:

- Revenue: 168.06 billion VND.
- Profit: 34.49 billion VND.
- Average income of employees: 9,596,968 VND/person/month, up 10.55% over the same period in 2025.
- Payment to the state budget: 10.07 billion VND.

2. Whole PISICO system:

- Revenue: 1,408.41 billion VND.

- Profit: 57.72 billion VND.
- Payment to the state budget: 64.29 billion VND.

3. Business activities at units:

3.1. The Corporation's Office: The business organization has been actively implemented since the beginning of the year, many business activities have met and exceeded the planned targets; Specifically, as follows:

- Forest exploitation of 985.49 hectares (~ 53,664.26 tons), of which 869.46 hectares of QPFL forest are exploited; Replanting the entire forest area of 1,293 hectares, of which the forest of QPFL Company is 1,176.8 hectares with high business efficiency.

- Harvested 136.72 hectares of production forest upon reaching harvesting age, and is currently harvesting 202.56 hectares of forest affected by Typhoon No. 13. All remaining production forest areas impacted by Typhoon No. 13 have been fully restored. To date, the replanted forests are growing and developing well, ensuring readiness for harvest when they reach the next rotation cycle.

- Organize an effective slate timber business.

- To take care of and manage forests to meet the requirements.

- Regarding the organization of implementation of key and strategic projects:

- + PISICO Social Housing Project: The legal procedures for the project have been completed and the project has been started on 07/10/2025. Currently, the project is constructing items according to the approval dossier, the plan will be completed in 2026 and will organize business in 2026, when the project ensures the conditions as prescribed by law.

- + Anh Viet Residential Area Project: The project has been approved by the Provincial People's Committee to adjust the construction planning 1/500. Currently, it is still continuing to complete the investment documents according to regulations, to start construction and put the project into operation.

- + Cat Nhon Industrial Park Expansion Project (14.8ha): The project investment procedures have been completed according to regulations and the project will be started on 19/12/2025. Currently, it is coordinating with the government to carry out site clearance procedures to invest in infrastructure construction and call on secondary investors to ensure according to the approved schedule.

- + In addition, it also focuses on researching, surveying, and registering dossiers for implementation of projects approved by the General Meeting of Shareholders such as: Investment in industrial infrastructure, industrial tree planting projects, etc.

+ For projects at member units: Actively working with units to implement projects such as: GPON technology investment - THC Company; Relocation of Nhon Binh Industrial park - PT&HT PBC Joint Stock Company; Organizing the operation and operation of the factory in Dak Lak - PISICO Dak Lak Investment Joint Stock Company; Planting industrial crops - BIDINA Company (Laos).

* Result: Revenue: VND 113.68 billion (up 3% of the plan); Profit: VND 18.45 billion (up 79% of the plan).

3.2. PISICO Infrastructure Development and Business Enterprise:

- Production and business activities at the unit are still maintained, the management and administration at the unit are stable. The unit is investing in the following items: Continuous automatic wastewater monitoring system, investment in the expansion of Cat Nhon Industrial Park (site clearance, infrastructure construction investment, etc.) under the direction of the Corporation.

- Regarding debts: The unit has actively recovered overdue and difficult debts. However, recently, due to the direct impact of Typhoon No. 13 (Typhoon Kalmaegi), which has caused heavy damage to infrastructure tenants such as Van Dai Company, Thanh Luan Company, Hoa Phat Company, and Hoang Gia Company, which has affected the process of recovering infrastructure rent of the unit. By the end of 31/12/2025, the debt situation at the unit is: 4,047,116,788 VND.

* Result: Revenue: 4.69 billion VND; Profit: VND 1.39 billion (up 11.8% of the plan).

3.2. PISICO Forestry Enterprise

- For contracting activities: The unit has organized the implementation and successfully completed the assigned tasks such as: Supervision of forest exploitation of QPFL Company 869.46 hectares (~ 43,462.29 tons); Taking care of 3,734.63 hectares of forests and planting 1,176.8 hectares of forests ensures PISICO's reputation with QPFL partners. In terms of management, security and fire protection are still maintained. However, some complicated and difficult scenes have not been completely overcome.

- For proprietary trading activities (slangwood, seedlings & forestry services): The unit has made efforts to implement it, but due to the general situation, the efficiency of this activity at the unit is still low, and the construction plan has not been completed since the beginning of the year. Investing in expanding the nursery to contribute to increasing the efficiency of the unit.

* Result: Revenue reached VND 19.07 billion, Profit VND 1.43 billion.

3.1. PISICO Export Forest Products Processing Enterprise:

- Management and administration activities at the unit continue to be maintained stably. The unit has invested in a number of items and has been granted an environmental license in accordance with the Law on Environmental Protection.

- The organization of production and business at the unit still faces many difficulties due to many objective factors such as: Trade war makes the consumption market fluctuate, inventory is high, pressure to request discounts from traditional customers while new orders are very limited, interest costs incurred for high inventory, penalties due to product defects, etc. The Corporation's leaders have held many meetings to support and remove difficulties for the unit. However, the business results at the unit have not been improved, achieved low efficiency, and have not completed the set plan.

* Result: Revenue: 30.40 billion VND; are ineffective.

3.5. Quy Nhon Cable Television Company Limited: Business activities continue to face difficulties due to competition, the output of supply services continues to decline, while the copyright fee of some broadcasting channels from SCTV partners is proposed to increase, making the business situation of the unit in the past year difficult. so business efficiency is low.

* Result: Revenue: 20.35 billion VND; Profit: 661 million VND.

3.6. PBC Service & Maintenance Joint Stock Company: The unit still actively coordinates with the authorities to relocate the industrial Park in accordance with the policy of the Provincial People's Committee and overcome the damage caused by Typhoon No. 13.

* Result: Revenue: 5.81 billion VND; Profit: 1.15 billion VND. Exceeding the plan built at the beginning of the year

3.7. Quy Nhon NLG Co., Ltd.:

- Regarding forest business: Due to the impact of objective factors (unit price, weather, etc.), business results have not met the plan (5,082 billion VND ~ 92.4% of the budget). The unit has completed the reforestation work, ensuring the right season.

- Regarding wood chip business: The wood chips market in 2025 has many challenges and risks (unit price, consumption market, etc.) that have impacted business efficiency; Accordingly, the results did not meet the plan, with a profit of VND 2,072 billion ~ 29.6% of the plan.

- Profit from BDC Company: 4,298 billion VND

* Result: Revenue: 244.67 billion VND; Profit: VND 12,878 billion.

3.8. HR Pisico Co., Ltd.: Operations at the unit have not been improved, and have not attracted workers to work abroad.

3.9. PISICO Dak Lak Investment Joint Stock Company: Newly put into operation from 10/2025

3.10. BIDINA Company: Production preparation has been carried out well since the beginning of the year, so business results have gradually improved. Revenue: 93.83 billion VND; Profit: VND 7.29 billion.

3.11. PISICO Ha Thanh Joint Stock Company: Due to being affected by many factors (output unit price, input, competition between units in the same industry), production and business results have not reached the set plan. Revenue reached VND 209.9 billion; Profit : 3.67 billion VND.

3.12. Thanh Tam Furniture Wood Processing Joint Stock Company: Due to the general impact of the world economic situation, it has affected the sales orders at the unit; Especially the damage caused by Storm No. 13 and the flood on November 19, 2025 has caused heavy damage to the unit. many orders could not be exported as planned, machinery, raw materials and goods were seriously affected; Therefore, the business results did not meet the plan. Revenue: 139.33 billion VND, Profit: 8.21 billion VND.

3.13. PISICO Quang Nam Forest Products Joint Stock Company: Business results did not meet the plan due to the impact of fluctuations in the wood chips market. Revenue 540.51 billion VND, Profit: 5.25 billion VND.

II. Orientations, tasks and solutions for implementation in 2026

In 2026, a number of factors will have a strong impact on business activities at PISICO such as: Armed conflict, geopolitical strategic competition, tariff war (launched by the US), extreme nationalism, climate change, unusual natural disasters, especially the ongoing Middle East war; In Vietnam, after the completion of the 02-level local government, there have been many new regulations and policies issued, some fields such as wood and wood chips will be increasingly fiercely competitive for units in the same industry...

In addition to favorable factors such as the economy of some countries has gradually improved, inflation is controlled, the possibility that consumption demand will gradually recover in 2026, many policies to build and support businesses in Vietnam have been promulgated, contributing to the goal of promoting Vietnam's economic development in the in 2026.

With intertwined challenges and opportunities, PISICO will continue to maintain the achieved results and to strive for the growth of business targets, PISICO will have to implement the following tasks:

1. Regarding orientations:

- Continuously and regularly update Vietnam's market policies and regulations and developments in the world economic situation (especially factors and markets

that directly affect PISICO's business activities) in order to proactively implement timely and effective solutions in production and business.

- Continue to organize production and business with the tasks of capital safety, cost savings and maintenance of achieved efficiency and strive to grow business targets.

- Focus on expanding the output market of PISICO's key products (wood, wood chips) with high commercial value to ensure the goal of achieving business efficiency and sustainability in the following years.

- Balance resources at each time, to implement PISICO's key and strategic projects. At the same time, continue to research and invest in expanding areas of strength to create development momentum for the future.

- Organizing and building the increasingly valuable PISICO brand through extensive communication and promotion of PISICO's image and brand at home, outside the province and abroad.

- Maintain and improve the living standards and fully implement regimes, policies and jobs for employees in the PISICO system and promote social security work demonstrating PISICO's responsibility to the community.

- Complete the business targets approved by the General Meeting of Shareholders.

2. Regarding business tasks in 2026:

2.1. The whole PISICO system:

- Revenue of the whole system: 1,522 billion VND.

- Profit of the whole system: 63.61 billion VND.

- Average income of employees will increase by 5% compared to 2025.

Regimes for employees and social security work showing the responsibility of enterprises to the community continue to be maintained.

- To pay the state budget correctly, adequately and promptly as prescribed.

2.2. At PISICO Corporation (parent company):

- Revenue of the parent company: 245 billion VND.

- Profit of the parent company: 35.5 billion VND.

- Dividend level: 10% or more of charter capital

3. Implementation solutions:

3.1. Regarding production and business organizations:

- Develop the most suitable business plans at each time based on changes in the domestic and foreign economic situation; Conduct business organization to ensure efficiency for units in the system.

- Propose management and production solutions to solve problems for units facing difficulties, gradually overcome and improve business efficiency. At the same time, consider expanding the business field at the unit.

- Implement solutions to expand the market and customers consuming PISICO's products such as: Participating in domestic and international trade fairs, promoting investment, expanding access channels, promoting brands, communicating products, etc.

- Limit the occurrence of debts in the year and promote the recovery of debts, especially debts, overdue, difficult to collect and avoid the occurrence of new debts.

3.2. Regarding human resources and management:

- Organizing seminars, seminars, and exchanges between member units in the system in order to exchange and learn about governance and management among member units.

- Organizing thematic training classes to improve qualifications and professional skills to serve production and management for leaders, employees and employees throughout the PISICO system.

- Promote recruitment, especially managerial personnel, create a premise for building a team of successive and inherited personnel to ensure the continuous and sustainable development goals of PISICO Corporation.

3.3. Regarding the implementation of investment projects:

- Social housing project: Continue to implement and complete the project in 2026 and organize apartment business when meeting the conditions as prescribed by law.

- Anh Viet Commercial Residential Project (An Viet Phat Company): Continue to complete legal procedures, expected to be completed on March 30, 2026, start the project in early April 2026 and organize business in 2026.

- Cat Nhon industrial Park open project: Currently, the site clearance has been completed and the occupancy rate is 50%. In 2026, continue to attract secondary investors to fill 100% of the area.

3.4. Regarding investment activities:

- Research and search for potential projects suitable for PISICO and register for project implementation such as: Investment in industrial infrastructure, Planting industrial trees.

- To step up investment in important projects at member units:

- + P.B.C Joint Stock Company: Nhon Binh Industrial Park Relocation Project; Research to invest in 1 replacement industrial Park and apply to be the investor of 1 project at the old location after relocation.

+ BIDINA Company: Seek more land to expand the area of agricultural crops (about 10,000 hectares); Register to invest in mineral mines in Laos to expand investment activities at the unit.

The above is the content of the 2025 business results report and the orientation of business activities in 2026 of PISICO Corporation./.

Thank you very much!
