WORKING REGULATIONS OF THE 2026 ANNUAL GENERAL MEETING OF SHAREHOLDERS

Article 1. General Provisions

1. These Working Regulations shall be used for the organization of the 2026 Annual General Meeting of Shareholders (GMS) of Sonadezi Corporation (Sonadezi).
2. These Regulations specifically stipulate the rights and obligations of meeting participants, the conditions and procedures for conducting the meeting, voting methods, and election methods.
3. Shareholders or representatives of shareholders attending the meeting shall be collectively referred to as shareholders.
4. Shareholders and participating parties are responsible for complying with these Regulations.

Article 2. Chairperson – Rights and Obligations of the Chairperson

1. The Chairperson of the meeting is the Chairman of the Board of Directors.
2. The Chairperson has the following rights and obligations:
 - To take necessary and reasonable measures to organize and conduct the GMS meeting in an orderly manner, in accordance with the approved agenda, and to reflect the wishes of the majority of attendees;
 - To guide shareholders in discussions;
 - To present drafts and conclude necessary matters for the GMS to vote on;
 - To respond to issues requested by shareholders;
 - To decide on the order, procedures, and events arising outside the GMS meeting agenda.

Article 3. Registration for Meeting Attendance and Verification of Meeting Conditions

1. The Organizing Committee must carry out procedures for shareholders to register for the meeting and receive meeting documents, and must continue the registration process until all shareholders eligible to attend the meeting have registered.
2. The Organizing Committee shall summarize and report to the GMS on the results of the verification of meeting conditions.

Article 4. Secretary

1. The Secretary is introduced by the Chairperson and is responsible to the Chairperson and the GMS for their duties.

2. Duties of the Secretary:

- To record the contents of the meeting fully and truthfully;
- To assist the Chairperson in announcing the draft Minutes and Resolutions of the GMS.

Article 5. Vote Counting Committee

1. The Vote Counting Committee is nominated by the Chairperson and approved by the GMS.

2. The Vote Counting Committee has the following duties:

- To inspect and supervise the voting of shareholders;
- To organize the counting of voting ballots;
- To prepare the minutes of the vote count and announce them before the GMS;
- To hand over the voting ballots and the Minutes of the vote count to the Chairperson.

Article 6. Rights and Obligations of Shareholders Attending the GMS

1. Shareholders owning voting shares of Sonadezi Corporation according to the final registration list as of March 24th, 2026, have the right to attend the 2026 Annual GMS. Shareholders may attend the General Meeting of Shareholders in one of the following ways:

- Attend and vote directly at the meeting;
- Authorize another representative to attend and vote at the meeting;
- Send voting ballots to the meeting via mail, fax, or email.

2. Each shareholder, when registering to attend the meeting, must provide personal legal documents such as an ID card or Passport.

3. Each shareholder attending the meeting shall receive meeting documents including reports, proposals, voting cards, voting ballots, blank paper, and pens. The voting cards and voting ballots shall state the shareholder's full name, shareholder sequence number, number of shares owned, and representative ownership. Shareholders shall immediately notify the Organizing Committee to correct any errors related to shareholder information upon registration.

4. During the meeting, shareholders must comply with the Chairperson's guidance, behave in a civilized and polite manner, and not cause disorder. When there is a personal

need to leave the meeting room, shareholders must maintain order to avoid disturbing other shareholders as well as interrupting the meeting process and the Chairperson's work.

5. Shareholders must maintain confidentiality and properly implement the regulations on the use and preservation of documents.

6. Shareholders wishing to discuss or debate shall raise their hands and only begin speaking when invited by the Chairperson. Remarks must be concise, clear, and non-repetitive. Shareholders may write their opinions on paper and submit them to the Secretariat or the Chairperson.

7. Shareholders arriving after the meeting has commenced may still register and have the right to participate in voting immediately after registration. In this case, the validity of the contents already voted upon shall remain unchanged.

8. Shareholders attending the meeting must strictly comply with these regulations. In case of violation, depending on the specific severity, the Chairperson shall consider and apply handling measures in accordance with Point b, Clause 7, Article 146 of the Law on Enterprises and the Corporation Charter.

Article 7. Conditions for Conducting the Meeting

1. The GMS meeting shall be conducted when the number of shareholders attending represents more than 50% of the total voting shares of the Corporation.

2. In case the first meeting does not meet the conditions for conduct as prescribed in Clause 1 of this Article, the convening of the second meeting shall be carried out in accordance with Article 17 of the Corporation Charter and Article 145 of the Law on Enterprises.

Article 8. Voting Procedures

1. Shareholders entitled to attend the meeting have the right to vote on matters under the authority of the GMS, with voting rights corresponding to the number of shares owned and the number of shares authorized.

2. Shareholders shall vote on matters at the meeting by raising their Voting cards and filling in the corresponding boxes on the Voting ballot (according to the instructions on the Voting ballot).

3. The resolution regarding the content "Update of the business lines list" shall be approved when it receives more than 65% of the total voting votes of all shareholders attending and voting at the meeting in favor. The remaining matters in the meeting agenda shall be approved when they receive more than 50% of the total voting votes of all shareholders attending and voting at the meeting in favor.

4. After the GMS has finished voting on the matters on the Voting ballot, the Vote Counting Committee shall collect the Voting ballots for counting. The Head of the Vote

Counting Committee shall announce the results of the vote count before the GMS for each content and matter voted upon at the meeting.

5. In case of any questions regarding the voting results, the Chairperson shall consider and decide immediately at the meeting.

6. Regulations on Voting ballots:

a. Voting ballots falling into one of the following cases are invalid:

- Voting ballots sent to the meeting via mail, fax, or email after 08:00 A.M. on April 23, 2026;

- Ballots that do not match the contents issued by the Organizing Committee;

- Ballots without the shareholder's signature;

- Torn ballots that are no longer intact in the boxes to be filled in or do not contain sufficient information for control and vote counting.

b. Other cases:

- Ballots with no boxes filled in or with 2 or more boxes filled in for one voting content shall be considered as "No opinion" for that content;

- Ballots marked with the wrong symbol or erased not in accordance with the instructions on the Voting ballot, leading to the inability to determine the voting opinion, shall be considered as "No opinion" for that content.

Article 9. Election of members of the Board of Directors and members of the Supervisory Board

1. List of candidates

Based on the nomination dossiers of the candidates, the Board of Directors shall prepare and present to the General Meeting of Shareholders the list of candidates who meet the prescribed conditions to be elected as members of the Board of Directors and members of the Supervisory Board.

- Number of members of the Board of Directors for the Term III (2026-2031): 07 members;

- Number of members of the Supervisory Board for the Term III (2026-2031): 03 members.

The incumbent Board of Directors shall present a list with at least 07 candidates to elect members of the Board of Directors and a list with at least 03 candidates to elect members of the Supervisory Board.

2. Election ballot:

- Each shareholder attending the meeting shall have 01 election ballot for members of the Board of Directors (green) and 01 election ballot for members of the Supervisory Board (pink). The election ballot shall state the shareholder's full name, shareholder sequence number, number of shares owned, and representative ownership; it shall contain the list of candidates, arranged in alphabetical order; the total number of votes shall equal

the number of shares owned multiplied by the number of members to be elected to the Board of Directors or Supervisory Board, issued by the Organizing Committee and stamped with the Corporation's seal.

- In case the Election ballot is damaged, the shareholder shall contact the Organizing Committee to be issued a new Election ballot after the old one has been retrieved.

3. The total number of votes of a shareholder is calculated as follows:

- Total votes for members of the Board of Directors: is the number of shares owned by the shareholder multiplied by 07 members of the Board of Directors to be elected.

- Total votes for members of the Supervisory Board: is the number of shares owned by the shareholder multiplied by 03 members of the Supervisory Board to be elected.

4. Election method:

a. Cumulative voting principle

According to the Law on Enterprises, the Corporation Charter, and the Internal Regulations on Corporate Governance, the election of members of the Board of Directors and the Supervisory Board shall be conducted using the cumulative voting method. Shareholders have the right to:

- Accumulate all their votes for one person, or:

- Divide their votes equally among all 07 people for the election of members of the Board of Directors and 03 people for the election of members of the Supervisory Board, or:

- Divide their votes among fewer than 07 people for the election of members of the Board of Directors and fewer than 03 people for the election of members of the Supervisory Board.

- Shareholders must ensure that the total number of votes on the Election ballot (for members of the Board of Directors or Supervisory Board) does not exceed the Total number of votes of the shareholder as instructed in Clause 3 of this Article.

b. Principle of filling in the election ballot: The Election ballot must clearly state the number of votes for the candidates, must not be marked with a check mark (x), must not be left blank, or only have the total number of votes filled in.

c. An invalid election ballot is any ballot specified in point a, clause 6, Article 8 of these Regulations and the following ballots:

- A ballot that does not vote for any candidate;

- A ballot with a number of candidates voted for that exceeds the number of members to be elected as stated in clause 1 of this Article;

- A ballot where the total number of votes cast for candidates exceeds the shareholder's total number of votes.

d. Illustrative example:

The number of shares held by the shareholder is 500 shares

The number of members of the Board of Directors to be elected is 7 members

The shareholder's total number of votes is $500 \times 7 = 3,500$

Some voting methods are introduced as follows:

No.	Candidate name	Number of votes					
		Method 1	Method 2	Method 3	Method 4	Method 5	Method 6
1	Candidate 1	3,500	500	200	0	700	1000
2	Candidate 2	0	500	0	0	800	500
3	Candidate 3	0	500	800	0	700	500
4	Candidate 4	0	500	1,000	0	500	500
5	Candidate 5	0	500	0	0	200	500
6	Candidate 6	0	500	0	0	300	500
7	Candidate 7	0	500	500	0	200	500
8	Candidate 8	0	0	0	0	100	0
	Total	3,500	3,500	2,500	0	3,500	4,000
		Valid election ballot			Invalid election ballot		

5. Conditions for being elected

- Elected members of the Board of Directors and the Supervisory Board shall be determined based on the number of valid votes from highest to lowest, starting from the candidate with the highest number of votes until the required number of members is reached according to the Charter of the Corporation.

- In case there are 02 or more candidates receiving the same number of votes for the final member of the Board of Directors or the Supervisory Board, a re-vote shall be conducted among the candidates with the same number of votes. The person elected is the one with the higher number of votes.

Article 10. Meeting minutes and Resolution of the GMS

The Secretary shall record the proceedings of the meeting.

The meeting minutes and the Resolution of the GMS must be announced and approved before the meeting is adjourned.

Article 11. Implementation provisions

Immediately after being approved by the GMS of Sonadezi Corporation, the Organizing Committee and all shareholders attending the 2026 Annual GMS shall be responsible for implementing these regulations.

REPORT

On Business Performance in 2025 and the Plan for 2026

To: General Meeting of Shareholders

A. Business Performance for 2025:

In 2025, the Vietnamese economy experienced a strong breakthrough with an estimated GDP growth rate of 8.02%, ranking among the highest in the world.

With the attention and direction of the Provincial Party Committee and the Provincial People's Committee, the Parent company and its subsidiaries have completed the goals for 2025 as follows:

I. Business Performance for 2025 according to the audited financial statements:

Unit: Million VND

No.	Indicator	Plan	Actual	% Actual/ Plan
	Parent company			
1	Total revenue	793,647	719,743	90.69%
2	Profit before Corporate Income Tax	522,052	580,382	111.17%
3	Profit after Corporate Income Tax	510,477	576,304	112.90%
4	Payable to the State budget	59,387	48,778	82.14%
5	Profit/Equity ratio	13.01%	14.68%	112.84%
	Consolidated			
1	Total revenue	6,680,434	7,148,856	107.01%
2	Profit before Corporate Income Tax	1,711,723	2,573,557	150.35%
3	Profit after Corporate Income Tax	1,403,613	2,130,558	151.79%
4	Payable to the State budget	744,840	861,543	115.67%
5	Profit/Equity ratio	15.46%	23.27%	150.52%

1. Parent company:

1.1 Divestment activities of the Corporation in other enterprises:

In 2025, the Corporation implemented the valuation of shares for 3 companies as a basis for divestment: Dong Nai Construction No.1 Joint Stock Company (C1C), Dong Nai

Transport Construction Joint Stock Company (CTGT), and Dong Nai Construction Joint Stock Company (XDĐN).

Due to legal obstacles and procedures regarding the valuation of land plots of C1C and XDĐN, and because the value according to the Valuation Certificate and the market price of CTGT shares trading on UPCOM were lower than the original cost of the investment, the Corporation reported to the Provincial People's Committee and has not yet divested capital in these enterprises as planned. Therefore, there was no divestment revenue in 2025.

1.2. Regarding the lease of workshops and transfer of land lease rights at Chau Duc Industrial Park:

- During the year, there were 03 customers renting workshops No. 2, No. 5, and No. 6. Accumulated, 06 workshops have been leased. In the fourth quarter of 2025, construction was completed for 02 workshops, No. 07 and No. 08.

- Signed land handover and recorded revenue for 01 customer with an area of 1.27ha. In the fourth quarter of 2025, an agreement was signed with 01 customer for an area of 4.2ha, but procedures for site handover have not been completed, and revenue was not recorded in 2025.

- Actual revenue was 45.54 Billion VND, reaching 19.24% of the plan.

1.3. Revenue from Xuan Hoa stone quarry was 9.93 Billion VND, reaching 413.79% of the plan because Dong Nai province focused on implementing key infrastructure projects (expressways, industrial parks, new urban areas), leading to a sudden increase in demand for construction materials.

1.4. Revenue from dividends was 597.97 Billion VND, exceeding the plan by 28.82%.

1.5. Financial revenue from deposit interest was 18.44 Billion VND, exceeding the plan by 183.19%.

1.6. Bien Hoa 1 Industrial Park project:

On June 22, 2025, the People's Committee of Dong Nai province issued Decision No. 2105/QĐ-UBND amending and supplementing the Project on converting Bien Hoa 1 Industrial Park into an Urban - Commercial - Service area and environmental improvement, approved in conjunction with Decision No. 324/QĐ-UBND dated February 05, 2024. Accordingly, the Provincial Land Fund Development Center was assigned the task of compensation and site clearance for organizations and enterprises within the scope of the project, to be completed before August 01, 2025.

The People's Committee of Dong Nai province also issued many documents and decisions on compensation and site clearance, requiring enterprises in Bien Hoa 1 Industrial Park to cease operations and relocate immediately in the second and third quarters of 2025.

The Corporation issued document No. 484/SNZ-DAKD dated July 10, 2025, to customers in Bien Hoa 1 Industrial Park, announcing the termination of infrastructure service provision for Bien Hoa 1 Industrial Park effective from August 01, 2025.

Actual revenue was 36.07 Billion VND, reaching 91.34% of the plan.

1.7. Sonadezi Building:

Completed the transfer of the Sonadezi building. Actual revenue in the fourth quarter was 10.19 Billion VND, reaching 42.47% of the plan.

1.8. The amount payable to the state budget reached 82.14% of the plan because the company continued to receive a 30% reduction in land rent for Bien Hoa 1 Industrial Park during the year, and there was no corporate income tax incurred.

2. Consolidated:

2.1. In general, despite facing many difficulties in production-business activities, most subsidiaries strived to complete the 2025 plan as assigned. Only a few units did not complete the plan:

- Dong Nai Material & Building Investment Joint Stock Company only reached 36.40% of the revenue plan, with business results continuing to show a loss of 26.5 Billion VND and an accumulated loss of 41.08 Billion VND.

- Regarding revenue, Dong Nai Water Supply Joint Stock Company reached 98.70% of the plan; Sonadezi Binh Thuan Shareholding Company reached 93.58% of the plan; Sonadezi An Binh Shareholding Company reached 96.79% of the plan.

- Except for Dong Nai Material & Building Investment Joint Stock Company, other companies completed their profit after tax plans. Some companies had outstanding completion rates for the profit after tax plan, such as Sonadezi Binh Thuan Shareholding Company exceeding the plan by 122.20% and Sonadezi Service Joint Stock Company exceeding the plan by 119.85%.

2.2. Consolidated profit after tax in 2025 exceeded the plan by 51.79% because profits arising from internal transactions eliminated from previous years were recorded during the year.

2.3. The Parent company contributed 220,381 Million VND to establish and own 40.07% of the Charter capital of Sonadezi Khanh Hoa Shareholding Company to implement the Ninh Diem 3 Industrial Park project.

2.4. Some projects of subsidiaries:

- Specifically in the Industrial Park sector, by the end of 2025, Sonadezi and its subsidiaries had invested in 12 Industrial Parks in Dong Nai, Ho Chi Minh City, and Lam Dong with a total area of approximately 4,600 ha; attracting investment of approximately 12 Billion USD and over 30,000 Billion VND.

- On December 19, 2025, Sonadezi Binh Thuan held the inauguration ceremony for Tan Duc Industrial Park; currently, 12 FDI and DDI enterprises have signed agreements to

lease land in Tan Duc Industrial Park with an area of 62ha, with a preliminary recorded total investment capital of approximately 25 Million USD and over 1,500 Billion VND.

- Dong Nai Housing Trading Joint Stock Company completed the acceptance of the A6-A7 social housing apartment project and handed it over to customers in early 2025; it is currently finalizing the project and carrying out procedures to transfer ownership rights to customers. On December 19, 2025, the Joint Venture of Dong Nai Housing and Urban Development Investment Co., Ltd. and Dong Nai Housing Trading Joint Stock Company commenced the Social Housing Project in Tam Hiep Ward with a total investment of approximately 648 Billion VND and a scale of 520 apartments.

- Dong Nai Port Joint Stock Company focused on investing in yard infrastructure and specialized loading and unloading equipment to handle containers promptly, meeting the high output demand of customers as well as increasing customer satisfaction when using services at Dong Nai Port. At the same time, PDN effectively used the E-port application (an online portal allowing customers to declare, register, and pay for services related to the port), helping to shorten procedure time and limit cash transactions, creating convenience for customers and increasing cash flow management efficiency. The company is also implementing a fuel depot project serving Long Thanh Airport and berth B6 at Go Dau Port.

- Sonadezi Services and Sonadezi Environment continued to invest in and operate the Quang Trung Waste Treatment Zone and Vinh Tan Waste Treatment Zone. Currently, Sonadezi Services and Sonadezi Environment are collecting, transporting, and treating domestic waste for 44 wards and communes in Dong Nai province.

- Dong Nai Water Supply Joint Stock Company provides clean water to 30 wards, communes, and 18 Industrial Parks in Dong Nai province with more than 328,000 customers. It is estimated that in 2025, Dowaco provided customers with more than 120 million m³ of clean water. The company completed the water supply pipeline project for Long Thanh International Airport with a total investment of nearly 46 Billion VND, a length of approximately 5.6km of HDPE OD560 pipe, supplying clean water to Long Thanh Airport for phase 1 at 10,000 m³/day.

2.5. Regarding new project development:

- Continue to coordinate with departments, sectors, and localities in the province to survey and propose projects in the northern area of Dong Nai province.

- Survey and research investment opportunities in Gia Lai province.

II. Investment attraction:

In 2025, Sonadezi's Industrial Parks leased 12 workshops and attracted 28 industrial land lease projects with an area of 112 ha (an increase of 45% compared to 2024); the total investment capital attracted in 2025 was 256 Million USD and nearly 4,390 Billion VND. 39 investors signed contracts to lease land and workshops from Sonadezi (an increase of 70% compared to 2024), including 24 FDI enterprises (an increase of 41% compared to 2024).

III. Digital transformation and quality management:

- Continue to perfect the Tableau BI smart management reporting software and Base software, aiming to build and complete the Sonadezi platform information technology ecosystem.

- Manage the brand, advise and provide guidance on the use of the brand and Logo image of Sonadezi Corporation, and design the 35-year Logo and brand identity set for 2025.

- Carry out legal procedures related to cases involving: REE M&E Service and Engineering Joint Stock Company, Dong Nai Bridge Construction and Investment Joint Stock Company, Tan Mai Group Joint Stock Company, Dong Nai Roofing and Construction Materials Joint Stock Company, and other enterprises with bad debts in Bien Hoa 1 Industrial Park.

IV. Personnel work:

- Completed the review of the leadership planning for the 2020 – 2025 period and developed the leadership planning for the 2025 – 2030 period at the Parent company; provided opinions on the review of personnel planning for the 2020 – 2025 and 2025 – 2030 periods of 05 subsidiaries.

- Organized 13 training courses for staff and employees according to the plan and 01 training course outside the plan.

- Received and arranged personnel to operate the Sonadezi building.

V. Awards in 2025:

- On April 24, 2025, Sonadezi Corporation (SNZ) was awarded the Top 10 Industrial Real Estate Company Certificate (Vietnam Report).

- On December 03, 2025, at the 2025 Annual Listed Company Conference, Dong Nai Port Joint Stock Company was awarded the prize for Enterprise with outstanding progress in the Annual Report category.

VI. Corporate Social Responsibility (CSR):

Sonadezi Corporation and its subsidiaries continue to work with Dong Nai General Hospital to implement the Medical expense support program for poor patients. In 2025, the program supported 55 cases. Accumulated from 2018 to date, the Corporation and its subsidiaries have contributed 5.8 Billion VND, and the program has supported 555 cases.

In addition, the Sonadezi system has actively supported compatriots severely affected by the historic storms and floods in 2025; supported localities in caring for citizens through gratitude activities, education support, assistance to poor households, and the donation of charity houses...

In 2025, the total expenditure for Corporate Social Responsibility (CSR) of the Corporation and its subsidiaries was approximately 18.5 Billion VND.

Furthermore, the Corporation's senior management continued to contribute to the support program for orphans who lost their parents due to the Covid-19 pandemic in the former Dinh Quan district, now the 04 communes of Thanh Son, Dinh Quan, Thong Nhat, and Phu Hoa, with a total amount contributed in 2025 of 326.6 Million VND, and a total amount spent for support of 323.9 Million VND.

B. Production and business plan for 2026:

The year 2026 continues to witness many major fluctuations from both the global and domestic situations, directly impacting the development of the production and business plan. Internationally, geopolitical conflicts such as the Russia-Ukraine war, conflicts in the Middle East, border tensions between Cambodia and Thailand, the US-China trade war, and US tariff policies show no signs of cooling down, leading to a global energy crisis, economic instability, rising inflation, and a more cautious investment sentiment among FDI investors.

Domestically, macroeconomic policies such as credit control and strict management of the stock and real estate markets will continue to be maintained to stabilize the economy. Besides that, legal obstacles, site clearance, land management, and project investment remain major barriers for businesses, especially in the real estate and industrial park development sectors. Sonadezi Corporation, as a state-owned enterprise, also faces many difficulties in developing new projects, participating in land auctions, and competing with private enterprises.

On October 27, 2025, the Ministry of Finance issued Circular No. 99/2025/TT-BTC guiding the Corporate Accounting Regime, effective from January 01, 2026, replacing Circular No. 200/2014/TT-BTC dated December 22, 2014. Accordingly, when leasing assets and receiving payment in advance for multiple lease periods, revenue recognition is performed according to the principle of allocating the advance payment in accordance with the lease term. This regulation will lead to a sharp decrease in revenue recognition for the industrial park real estate segment of infrastructure business companies from 2026 onwards, reducing profit after tax and state budget contributions.

The Corporation has ceased providing infrastructure services at Bien Hoa 1 Industrial Park for enterprises to relocate and hand over the site for the Dong Nai Provincial People's Committee to implement the Project on converting Bien Hoa 1 Industrial Park into an urban-service area and improving the environment. From 2026, the Corporation will have its business area reduced and will simultaneously have to compete with other investors to participate in project bidding and land use rights auctions according to the provincial People's Committee's project implementation plan.

With the core business of industrial real estate, developing 01 new industrial park takes a lot of time due to planning and site clearance compensation, and land leasing in industrial parks depends heavily on the world economic situation and the domestic investment environment. For industries such as water supply and environmental treatment, the state manages the prices. Therefore, 2026 is a very difficult year for Sonadezi Corporation.

REPORT
On the Development Strategy for the 2026-2030 period

To: General Meeting of Shareholders

Pursuant to the Charter of Sonadezi Corporation;

Pursuant to the Law on Management and Investment of State Capital in Enterprises No. 68/2025/QH15 dated June 14, 2025;

Pursuant to Decree No. 366/2025/NĐ-CP dated December 31, 2025, on the management and investment of state capital in enterprises;

Pursuant to Document No. 1184/STC-KTN dated January 29, 2026, of the Department of Finance regarding the 2026 business performance plan and the 5-year plan for the 2026-2030 period of Sonadezi Corporation;

Pursuant to Document No. 2152/UBND-KTNS dated February 09, 2026, of the Dong Nai Provincial People's Committee regarding the 2026 business performance plan and the 5-year plan for the 2026-2030 period of Sonadezi Corporation;

The Board of Directors reports on the 05-year development strategy for the 2026-2030 period as follows:

I. Results of the implementation of the 05-year business performance and development investment plan for the 2021-2025 period approved by the General Meeting of Shareholders in Resolution No. 09/NQ-SNZ-QTTH dated January 16, 2024:

During the 2021–2025 period, the parent company and most of its subsidiaries have fulfilled their plans, with production and business activities operating effectively. Specifically, Dong Nai Material & Building Investment Joint - Stock Company incurred losses due to tax arrears related to business activities from previous periods.

The Charter capital of the Corporation remained stable at 3,765 billion VND during the 2021-2025 period.

Note: The aforementioned amounts payable to the state budget do not include dividends of the state shareholder at the Parent company, which average approximately 400 billion VND per year, specifically 487 billion VND for 2025.

2. Development investment results for the 2021 – 2025 period

The Parent Company and its subsidiaries shall continue to strengthen internal synergies to optimize the advantages of each entity within the system, efficiently utilize existing land banks, enhance competitiveness, and mitigate risks in seeking and developing

new projects. Priority will be given to completing the construction of Buu Long 3 Residential Area, investing in ready-built factories for lease at Chau Duc Industrial Park, and finalizing the construction of Huu Phuoc Residential Area.

Sonadezi Binh Thuan Shareholding Company has implemented the investment to complete the technical infrastructure of Tan Duc Industrial Park.

Sonadezi Khanh Hoa Shareholding Company has been established to prepare for the investment in Ninh Diem 3 Industrial Park in Khanh Hoa with a scale of approximately 300ha.

Dong Nai Housing Trading Joint Stock Company has invested in the construction of the A6-A7 Social Housing Project in Quang Vinh Ward, Bien Hoa City with a scale of 435 units and is continuing to participate in a joint venture to invest in a Social Housing Project in Tam Hiep Ward with a scale of 520 units.

Some projects are still hindered by legal procedures and cannot be implemented, such as the Giang Dien Residential and Service Area Project, An Hoa 2 Residential Area, An Hoa 3 Residential Area, and the Buu Long Ward Residential Area Project (Zone 3).

II. Development strategy for the 2026-2030 period:

1. Assessment of the situation for the 2026-2030 period:

The 2026-2030 period is forecast to continue witnessing many major fluctuations from both the global and domestic situations, directly impacting the development of business performance plans. Internationally, geopolitical conflicts such as the Russia-Ukraine war, conflicts in the Middle East, border tensions between Cambodia and Thailand, the US-China trade war, and US tariff policies show no signs of cooling down, leading to a global energy crisis, economic instability, rising inflation, and more cautious investment sentiment among FDI investors.

Domestically, macroeconomic policies such as credit control and strict management of the stock and real estate markets will continue to be maintained to stabilize the economy. In addition, legal obstacles, land clearance, land management, and project investment remain major barriers for enterprises, especially in the real estate and industrial park development sectors. Sonadezi Corporation, as a state-owned enterprise, also faces many

difficulties in developing new projects, participating in land auctions, and competing with private enterprises.

On October 27, 2025, the Ministry of Finance issued Circular No. 99/2025/TT-BTC providing guidance on the Accounting Regime for enterprises, effective from January 01, 2026, replacing Circular No. 200/2014/TT-BTC dated December 22, 2014. Accordingly, when leasing assets and receiving payment in advance for multiple lease terms, revenue recognition shall be performed based on the principle of allocating the advance payment in accordance with the lease term. This regulation will lead to a sharp decrease in revenue recognition for the industrial park real estate segment of infrastructure business companies from 2026 onwards, thereby reducing profit after tax and budget contributions.

The Corporation has ceased providing infrastructure services for Bien Hoa 1 Industrial Park to allow enterprises to relocate and hand over the land to the Dong Nai Provincial People's Committee for the implementation of the Project on converting Bien Hoa 1 Industrial Park into an urban-service area and improving the environment. From 2026, the Corporation will have its business area reduced and will have to compete with other investors to participate in project bidding and land use rights auctions in accordance with the implementation plan of the Provincial People's Committee.

With the core business line being industrial real estate, developing 01 new industrial park takes a lot of time due to planning, land compensation and clearance work, and leasing land in industrial parks depends heavily on the world economic situation and the domestic investment environment. For sectors such as water supply and environmental treatment, the state manages the prices. Therefore, the average growth rate of Sonadezi Corporation in recent times has only been stable at a level of 3% to 5%.

2. Development orientations of the Corporation regarding business lines, objectives, and tasks:

a. Business lines:

The Parent company and its subsidiaries shall continue to operate in 04 business groups: Industrial and civil real estate, Construction and Building materials, Support services, and Water supply. In which, the core business line is industrial real estate.

b. Objectives and tasks:

- In the short term, the Corporation shall continue to invest in and effectively exploit existing projects, maintain and research the expansion of products and services to maintain and increase revenue and profit.

- In the long term, the Corporation must strengthen research, search for, and develop potential projects both inside and outside the province, including developing projects in the Corporation's business fields in the northern area of Dong Nai province; continue to increase internal cooperation to optimize the advantages of each unit within the system and effectively exploit existing land funds to increase competitiveness; and research investment cooperation with reputable and capable partners to invest in project development.

- Specific objectives:

- + Develop at least 02 Industrial Parks;
- + Develop at least 02 Residential Areas.

3. Plan for key business performance indicators and investment plan for the 2026-2030 period:

No.	Indicator	Unit	2026	2027	2028	2029	2030
	Charter capital	Billion VND	3,765	3,765	3,765	3,765	3,765

	- Mobilized and other capital	Billion VND	76,5	150	187,5	187,5	187,5
	Consolidated						
1	Total revenue	Billion VND	6,021	6,202	6,389	6,581	6,779
2	Profit before tax	Billion VND	1,614	1,663	1,714	1,766	1,819
3	Payable to State Budget	Billion VND	651	671	692	713	735
4	Capital Construction Investment	Billion VND	6,563	7,196	7,342	7,544	7,780

Note: The aforementioned amounts payable to the state budget do not include dividends of the state shareholder at the Parent company of more than 400 billion VND/year.

4. Plan for restructuring the Corporation's capital in other enterprises:

On September 29, 2025, the Corporation issued Document No. 679/SNZ-QTTH regarding the Plan for State-Owned Enterprise Restructuring to align with the new context and divestment for the 2026–2030 period.

Implementing Document No. 4732/STC-KTN dated October 09, 2025 of the Department of Finance and Notice No. 272/TB-UBND dated October 09, 2025 of the Dong Nai Provincial People's Committee, the Corporation continued to issue Document No.

726/SNZ-QTTH dated October 14, 2025 to supplement information on the divestment plan for the 2026-2030 period.

The Department of Finance issued Document No. 4944/STC-KTN dated October 14, 2025, summarizing and advising the Provincial People's Committee on the Plan for State-Owned Enterprise Restructuring in the new context. This includes Sonadezi Corporation's Divestment Plan for other enterprises during the 2026–2030 period as follows:

4.1. Divest all capital in 04 companies:

- Dong Nai Construction Joint Stock Company (40%);
- Dong Nai Construction Installation Joint Stock Company No. 1 (15%);
- Amata Bien Hoa Urban Joint Stock Company (10%);

4.2. Maintain capital in the following companies:

- Sonadezi Environment Joint Stock Company (64.04%);
- Dong Nai Water Supply Joint Stock Company (63.99%);
- Industrial Urban Development Joint Stock Company No. 2 (57.86%);
- Sonadezi Long Thanh Shareholding Company (52.75%);
- Dong Nai Port Joint Stock Company (51%);
- Sonadezi Chau Duc Shareholding Company (46.84%);
- Sonadezi Giang Dien Shareholding Company (46.45%);
- Sonadezi Long Binh Shareholding Company (46.22%);
- Sonadezi Binh Thuan Shareholding Company (42%);
- Sonadezi Khanh Hoa Shareholding Company (40.07%);
- Sonadezi College of Technology and Management (40%);
- Quoc lo 91 Can Tho – An Giang Investment Joint Stock Company (39.72%);
- Sonadezi An Binh Shareholding Company (37.95%);
- Dong Nai Housing Trading Joint Stock Company (36%);
- Dong Nai Material & Building Investment Joint Stock Company (35.99%);
- Dong Nai Paint Corporation (30%);
- Sonadezi Services Joint Stock Company (20%);
- Dong Nai Bridge Construction Investment Joint Stock Company (10.57%);
- BOT 319 Cường Thuận CTI Corporation (10%).

5. Solutions, assignment of implementation organization, and evaluation of implementation results:

After being approved, the Board of Directors of the Corporation will implement solutions, assign the organization of implementation, and evaluate the implementation results as follows:

- Closely follow the directives of the Provincial Party Committee and the Provincial People's Committee to provide detailed implementation for specialized committees and Capital representatives at subsidiaries;
- Monitor domestic and international economic developments to make appropriate adjustments;
- Allocate and assign annual plans to specialized committees and Capital representatives at subsidiaries;
- Monitor and synthesize implementation results on a quarterly, 06-month, and annual basis to serve as a foundation for evaluation and appropriate adjustments.

The Board of Directors reports and proposes that the General Meeting of Shareholders consider and approve.

Sincerely.

The Board of Directors and the General Director coordinate closely, implementing the management-executive relationship in accordance with the Charter and internal regulations.

B. REPORT ON THE ACTIVITIES OF THE BOARD OF DIRECTORS FOR TERM II (2021 – 2026):

I. General overview of Term II (2021-2026)

The 2021 – 2026 term of the Industrial Park Development Corporation took place in a context of many socio-economic fluctuations. The beginning of the term witnessed the strong outbreak of the COVID-19 pandemic in 2021, causing supply chain disruptions and having a profound impact on business and production activities in Dong Nai and the whole country. Entering 2022 – 2023, the world economy slowed down,

and inflation rose, causing many businesses, especially in the industrial real estate sector, to face difficulties. Competition to attract foreign investment became fierce, with challenges from the supply chain shift process after the pandemic and global trade-geopolitical conflicts. In addition, the legal environment changed significantly, with new accounting regulations (Circular 99/2025/TT-BTC) applied from 2026, which may affect the timing of revenue recognition for industrial park land leasing activities.

In that context, the Board of Directors adhered to the Resolution of the General Meeting of Shareholders, leading the entire system to proactively adapt and flexibly manage, ensuring and maintaining safe and effective business and production. Thanks to the concerted efforts of more than 3,500 officers and employees, Sonadezi has gradually overcome challenges, maintained stability and growth momentum, while continuing to affirm its role as a key enterprise in the field of industrial park infrastructure development in Dong Nai province and the region.

II. Evaluation of activities for Term II (2021-2026)

1. Results achieved

During the 2021–2026 term, the Board of Directors, the Board of Management, and all officers and employees of Sonadezi Corporation have united, exerted efforts, and achieved many positive results:

- Exceeded business and production targets: Consolidated revenue and profit grew steadily, exceeding the plan in most years. By the end of the term, annual revenue reached over 6,000 billion VND, profit after tax maintained an average of 1,550 billion VND, ensuring stable dividend growth and making positive contributions to the State budget.

- Affirming the position of a leading enterprise: Sonadezi plays a key role in developing industrial park infrastructure in Dong Nai and expanding investment in Ho Chi Minh City (formerly Ba Ria – Vung Tau), Lam Dong (formerly Binh Thuan), and Khanh Hoa. The system of 12 industrial parks has attracted nearly 1,000 projects with a total registered capital of over 12 billion USD.

- Developing a synchronous service ecosystem: Besides industrial parks, Sonadezi has built a diverse ecosystem including residential real estate, social housing, port – logistics, water supply, environmental treatment, education, golf courses, etc., creating a competitive advantage in providing package services for investors.

- Improving management efficiency and brand reputation: Management, risk control, and digital transformation work have been promoted. Sonadezi has been in the Top 10 Upcom enterprises for good information disclosure and transparency for 4 consecutive years. The Sonadezi brand has been recognized through many prestigious domestic and international awards.

- Performing well in social responsibility and sustainable development: The Sonadezi Corporation system actively contributes to the community with tens of billions of VND each year, sponsoring education, healthcare, and social security. Projects always focus on environmental factors and occupational safety, aiming for a green, clean industrial park model and sustainable development.

2. Shortcomings and limitations

Besides the results achieved, the Board of Directors also frankly acknowledges some shortcomings in the 2021–2026 term as follows:

- Some industrial park and residential area projects are behind schedule due to legal obstacles related to land auctions, site clearance, planning approval, etc., affecting the implementation speed and overall growth.
- The industrial real estate market has seen many new challenges, such as changing tariff policies, high compensation costs, fluctuating interest rates, etc., affecting competitiveness and the progress of expanding industrial park land funds.
- The restructuring scheme for the 2021–2025 period has not yet completed all proposed contents.
- The demand for high-quality human resources is increasing in the context of expanding investment and implementing high-tech projects. The Corporation needs a more methodical strategy in attracting, training, and developing human resources to meet the development requirements of the next phase.

C. DIRECTIONS AND TASKS FOR TERM III (2026 – 2031):

Based on the results achieved and lessons learned from the 2021–2026 term, the Board of Directors of Sonadezi Corporation determines the strategic direction for the 2026–2031 term as follows:

- In the short term, the Corporation continues to invest in and effectively exploit existing projects, maintaining and researching the expansion of products and services to maintain and increase revenue and profit.
- In the long term, expanding land funds and investing in new projects: Effectively implementing ongoing projects (Tan Duc, Ninh Diem 3 Industrial Parks), while developing at least 2 industrial parks and 2 residential areas in potential localities.
- Continue to increase internal linkages to optimize the advantages of each unit in the system, effectively exploit existing land funds, and increase competitiveness; research investment cooperation with reputable and capable partners to invest in project development.
- Innovate investment attraction and improve the efficiency of Industrial Parks (IPs): Adjust the investment attraction strategy towards prioritizing new-generation FDI, high technology, and clean industry; diversify investment partners; and increase the average occupancy rate of the IPs.
- Complete restructuring and optimize resources: Continue the development of the Scheme to restructure the Corporation for the 2026–2030 period, streamline the apparatus, improve operational efficiency, reduce the proportion of state capital ownership, attract strategic investors, and focus resources on core business sectors.
- Strengthen modern governance capacity: Apply advanced governance standards, improve information transparency, promote digital transformation in the next phase, and deploy new technologies in smart IP management.
- Develop human resources and corporate culture: Train and attract high-quality personnel, build a succession team, develop a professional and creative working environment, and uphold corporate culture and social responsibility.

- Harmonious development of economy – society – environment: Build new IPs according to the eco-industrial park model, which is green, clean, and smart; upgrade existing IPs according to sustainable development standards.

Conclusion: The 2021–2026 term concludes with many important achievements, creating a solid foundation for the new development phase. The Board of Directors believes that with its brand reputation, accumulated capacity, and clear strategic orientation, Sonadezi will complete the goals of the 2026–2031 term, continue to contribute positively to local socio-economic development, and increase sustainable value for shareholders and the community.

Sincerely.

Note: The Production and Business Plan for Term II (2021–2026) is based on the Annual General Meeting of Shareholders' resolutions each year.

1.1 Results of production and business operations at the Parent company:

- Year 2025:

The results of production and business operations in 2025 at the Parent company are reflected through the following indicators: Total revenue reached 720 Billion VND, equivalent to 90.69% of the plan and a decrease of 6.89% compared to the same period last year. The reason is that in 2025, the marketing of land lease rights at Chau Duc Industrial

Park did not meet the plan, and enterprises in Bien Hoa 1 Industrial Park had to cease production for relocation, thus affecting the business operations of Bien Hoa 1 Industrial Park; at the same time, divestment at other enterprises was not implemented as planned. However, the profit after tax in 2025 reached 576 Billion VND, exceeding the plan by 12.90% and increasing by 11.83% compared to the same period last year. The main reason is that revenue from dividends reached 598 Billion VND, exceeding the plan by 28.82%, and revenue from Xuan Hoa stone mine reached 11 Billion VND, exceeding the plan by 360.78%.

- Term II (2021 – 2026):

Total revenue reached 3,388 Billion VND with an average growth rate of 5.50%, in which revenue from sales and service provision accounted for 26.40%, financial revenue accounted for 73.30%, and other income was 0.30%. The total profit after tax for the 2021 – 2026 term reached 2,417 Billion VND, corresponding to an average growth rate of 8.28%.

1.2 Consolidated results of production and business operations of the Corporation:

- Year 2025:

- Regarding the consolidated results of production and business operations in 2025 of the Corporation, specifically as follows: Total revenue reached 7,149 Billion VND, equivalent to 107.01% of the plan and exceeding the same period last year by 15.82%. Profit after tax reached 2,131 Billion VND, exceeding the plan by 51.79% and increasing by 31.56% compared to the same period last year.

- In 2025, the consolidated subsidiaries completed and exceeded the profit after tax targets. Specifically: 05 companies exceeded the profit after tax plan by over 50%, including: Sonadezi Long Binh Shareholding Company (reached 158.49%), Sonadezi Services Joint Stock Company (reached 219.85%), Sonadezi Binh Thuan Shareholding Company (reached 222.30%), BOT 319 Cuong Thuan CTI Corporation (reached 361.76%), and Sonadezi An Binh Shareholding Company (reached 1655.48%).

- Term II (2021 – 2026):

- During the 2021 – 2026 term, total consolidated revenue reached 30,288 Billion VND with an average growth rate of 6.41%. Revenue from sales and service provision accounted for 94.33% of total revenue, equivalent to 28,594 Billion VND, in which the business of industrial and residential real estate reached 9,739 Billion VND with an average growth of 6.84%; service provision activities including wastewater treatment, waste treatment, and port services reached 10,427 Billion VND with an average growth of 10.30%; clean water business reached 6,130 Billion VND with an average growth of 3.42%; other activities (construction, construction materials, etc.) reached 2,301 Billion VND with an average growth of 2.48%. In addition, financial revenue reached 953 Billion VND, in which interest on deposits accounted for 83.71%, equivalent to 798 Billion VND.

- The total consolidated profit after tax in the past term reached 7,765 Billion VND, with an average growth of 9.19%. The growth of consolidated indicators, besides the results of the parent company, also had contributions from member companies in the system, typically such as Dong Nai Water Supply JSC, Dong Nai Port JSC, Sonadezi Chau Duc Shareholding Company, Sonadezi Long Thanh Shareholding Company, Dong Nai Housing Trading JSC, etc.

2. Status of project implementation at the Corporation:

Ninh Diem 3 Industrial Park project in Khanh Hoa province: This is a new project of the Corporation in Term II (2021-2026). The project scale is 288.748 ha in Ninh Hoa town, Khanh Hoa province. In 2025, the Corporation established Sonadezi Khanh Hoa JSC with a charter capital of 550 Billion VND, in which the Corporation holds 40.069% of the charter capital.

Bien Hoa 1 Industrial Park functional conversion project: On February 05, 2024, Dong Nai Provincial People's Committee issued Decision No. 324/QĐ-UBND approving the Project on converting Bien Hoa 1 Industrial Park into an Urban - Commercial - Service area and improving the environment. Currently, the People's Committee of Tran Bien Ward has issued decisions on land recovery for the infrastructure of Sonadezi Corporation and decisions on land recovery for enterprises in Bien Hoa 1 Industrial Park. Sonadezi Corporation is currently coordinating to carry out procedures for liquidating land lease contracts in accordance with regulations.

Xuan Hoa construction stone mine project, Xuan Hoa Commune, Dong Nai province: Business results in the 2021 – 2026 term have always exceeded the plan.

On October 31, 2025, Sonadezi Corporation and SZG Company signed a contract to transfer the Sonadezi building with the transfer date from October 01, 2025, and the transfer value before VAT is 167 Billion VND. Revenue reached 12 Billion VND, equivalent to 50% of the plan.

3. Financial investment activities and divestment work of the Corporation:

3.1. Financial investment situation:

- The total value of investments in subsidiaries, associates, and other units as of December 31, 2025, was 4,015 Billion VND, an increase of 806 Billion VND compared to December 31, 2021.

- During the 2021 – 2026 term, the total value of investments in capital contribution and share purchase was 1,000 Billion VND, including capital contribution to establish Sonadezi Khanh Hoa JSC of 220 Billion VND, accounting for 40.069% of the charter capital; additional capital contribution to maintain the voting rate at Dong Nai Water Supply JSC of 192 Billion VND, BOT 319 Cuong Thuan CTI Corporation of 1 Billion VND, Sonadezi Chau Duc Shareholding Company of 562 Billion VND, and Sonadezi Services JSC of 25 Billion VND due to these companies increasing their charter capital.

- The implementation of financial investment work, including capital contribution to establish enterprises and share purchases, was carried out by the Corporation in accordance with the provisions of current law, ensuring publicity, transparency, and efficiency.

3.2. Efficiency of financial investment:

- Regarding the efficiency of financial investment: Based on the annual financial statements and the production and business operation situation of member companies, the Board of Supervisors assesses that capital investments in subsidiaries, associates, and other units of Sonadezi Corporation are all effective, preserving and developing capital; except for some companies where the Corporation's non-controlling capital contribution ratio has not yet achieved efficiency, due to changes by competent state agencies compared to the signed BOT contract, such as: closing toll stations, stopping toll collection ahead of schedule (details in the attached Appendix 1).

- Regarding the financial situation of units as of December 31, 2025, the Board of Supervisors notes some companies with low current solvency ratios such as BOT 319 Cuong Thuan CTI Corporation at 0.10 times, Quoc lo 91 Can Tho - An Giang Investment JSC at

0.37 times, Dong Nai Material & Building Investment JSC at 0.71 times, Sonadezi Services JSC at 0.76 times, and Sonadezi Long Thanh Shareholding Company at 0.97 times. Apart from the above-noted issues, after reviewing the financial indicators and operating situation of other member companies, the Board of Supervisors assesses that the remaining member companies are all financially safe.

3.3. Divestment work of the Corporation:

- During the 2021 – 2026 term, the Corporation did not implement divestment as planned due to the impact of the Covid-19 pandemic and prolonged social distancing periods; the announcement of information regarding the transfer of investment capital at Amata Bien Hoa Urban JSC had to be extended multiple times but remained unsuccessful as no investors registered to receive the share transfer. Simultaneously, divestment at D2D could not be completed in 2021 because the prolonged pandemic caused the Valuation certificate to exceed 6 months and expire. In 2024, the Board of Directors of the Corporation continued to divest at Amata Bien Hoa Urban JSC, but there were still no investors interested in registering for the share transfer; therefore, the divestment at Amata Bien Hoa Urban JSC could not be implemented.

- In 2025, the Corporation implemented a divestment plan at Dong Nai Transport Construction JSC (CTGT). However, at the time of considering the divestment, the value according to the Valuation certificate and the market price of DGT shares trading on UPCOM were lower than the investment value recorded in the Financial Statements of the Corporation, while the book value according to the Financial Statements of CTGT was higher than the aforementioned investment value. Based on prudence and to preserve investment capital, the Corporation issued Document No. 706/SNZ/QTTH dated October 08, 2025, proposing that Dong Nai Provincial People's Committee consider and approve the temporary suspension of divestment at CTGT until market conditions and valuation bases are more appropriate.

On the other hand, in 2025, the Corporation continued to implement divestment at Dong Nai Construction JSC (XDĐN). However, the divestment could not be implemented due to obstacles related to determining the value of the 16,692.2 m² area, which is land for building educational and training facilities assigned by the State without land use levy. To have a basis for implementation in accordance with legal regulations and to ensure transparency in determining the enterprise value, the Corporation issued Document No. 831/SNZ/QTTH dated November 18, 2025, requesting the Department of Finance to guide the plan for determining the value of the aforementioned land area.

II. Financial situation of the Corporation (details in the attached Appendix 2):

- Total assets of the Parent company as of December 31, 2025, were 4,644 Billion VND, of which Owners' equity was 4,547 Billion VND. For the consolidated Corporation, total consolidated assets as of December 31, 2025, were 22,300 Billion VND, of which consolidated Owners' equity was 11,919 Billion VND.

- Regarding the structure of assets and Resources: the current main activity of the Corporation is financial investment, so long-term assets always account for a large proportion of total assets at the Parent company. Regarding the consolidated asset structure, the proportion of long-term and short-term assets in total assets remains stable over the years, with long-term assets accounting for a larger proportion than short-term assets, mainly Fixed assets and investment property serving production and business operations. Regarding operating capital during the 2021 – 2026 term, the Corporation's projects are in the development stage, so the Corporation's operating capital is mainly from Owners' equity.

However, at subsidiary companies, they have utilized loan capital and incurred revenue received in advance from production and business operations, so Liabilities account for a large proportion of total consolidated Resources.

- Regarding solvency: the Solvency ratio indicators of the Parent company and consolidated subsidiaries ensure short-term solvency over the years. Regarding consolidated subsidiaries, Sonadezi Service JSC had a low short-term solvency ratio during the 2021 – 2025 period; the short-term solvency ratio as of December 31, 2025, was 0.76 times (short-term asset is only sufficient to pay 76% of Current liabilities).

- Regarding profitability: the profitability indicators of the Parent company and consolidated figures have grown over the years. At the Parent company, the average ROA (2021-2026) was 10.78% with an average growth of 6.95%, and the average ROE (2021-2026) was 12.45% with an average growth of 7.58%. Considering the consolidated Corporation, during the 2021-2026 term, the average consolidated ROA indicator was 7.06%, with an average growth of 8.59%; the average consolidated ROE indicator was 18.42%, with an average growth of 4.38%.

- In general, during the 2021 – 2026 term, the financial indicators of the Corporation basically show that the Corporation has a good Financial situation, preserves and develops capital, and uses capital effectively while growing in production and business operations.

C. EVALUATION OF MANAGEMENT AND ADMINISTRATION BY THE BOARD OF DIRECTORS AND THE BOARD OF MANAGEMENT:

APPENDIX 1

(Attached to Report No. /BC-SNZ-KS dated April , 2026 of the Board of Supervisors of Sonadezi Corporation)

No.	Name of company	Unit	Owner's equity	Sonadezi's capital contribution percentage	Loss 2025	Accumulated loss as of December 31, 2025	Percentage of Owners' equity	Reason
1	Dong Nai Material & Building Investment Joint Stock Company	Million VND	128,340	35.99%	26,470	41,083	32.01%	(1)
2	Dong Nai Construction No. 1 Joint Stock Company	Million VND	40,992	15%	26,435	28,318	69.08%	Inefficient operations
3	Dong Nai Bridge Investment and Construction Joint Stock Company	Million VND	386,743	16.89%	22	383,810	99.24%	(2)
4	BOT 319 Cuong Thuan CTI Corporation	Million VND	202,500	10%		2,340	1.16%	(3)
5	Quoc lo 91 Can Tho – An Giang Joint Stock Company	Million VND	282,000	39.72% (The Corporation 27.81%, D2D 3.97%, SZA 7.94%)	5,483	98,502	34.93%	Closing of T2 station

(1) Due to the incurrence of additional land rent and mineral exploitation costs from 2013 to 2022 and inefficient operations in 2024 and 2025.

(2) The construction project of Dong Nai bridge and the two bridge approaches was implemented under a BOT contract and has suspended toll collection since August 24th, 2020, in accordance with the policy of the competent state authority. On that basis, the project enterprise performed a retrospective restatement of the accumulated amortisation (depreciation) and fully amortised (depreciated) the remaining carrying amount of the project as of December 31st, 2020, in accordance with regulations. The remaining Owners's equity as of December 31st, 2025, is 2.9 Billion VND. In addition, the Road Management Area IV has issued a document requesting the

handover for the dismantling of the Dong Nai bridge toll station. Given the current legal and practical conditions, the project no longer meets the requirements to continue operations or generate revenue; the handling of The Corporation's contributed capital is being considered and implemented in accordance with the authority and regulations of the competent state authority.

(3) From October 2021 to December 31st, 2023, actual revenue and profit did not meet the financial plan (PATC). The reason is that the actual toll collection period was slower than expected (only 3 months of toll collection in 2021) and the actual traffic volume was low compared to the calculations in the PATC. However, the business results for 2025 show that traffic volume and revenue have achieved quite good results compared to the project's PATC. Specifically: the ratio of actual traffic volume/PATC reached 2,463%, and the ratio of actual revenue/PATC reached 152.34%.
