Re: *Explanation of profit increase/decrease in
Q1 2026 compared to Q1 2025*

To: Hanoi Stock Exchange

Pursuant to Circular No. 96/2020/TT-BTC dated November 16, 2020, of the Ministry of Finance on guiding the disclosure of information on the securities market;

Long An Water Supply Sewerage Joint Stock Company would like to provide an explanation:

1. The fluctuation in profit after corporate income tax in the Q1 2026 financial statements shows a difference of 10% or more compared to the Q1 2025 financial statements.

Unit: Million VND

No.	Content	Q1 2026	Q1 2025	Difference	Ratio
1	Profit after CIT	8.636	5.612	3.024	53,88%

The increase in profit after tax in Q1 2026 was driven by efficient business operations. Specifically, water supply revenue achieved positive growth compared to the same period, reflecting increased market demand and the company's efforts to optimize infrastructure utilization. Furthermore, the scientific regulation of maintenance and major repair schedules for fixed assets, with no actual costs incurred in this quarter, helped the company significantly reduce management and operating expenses, thereby optimizing the final profit result.

The above is the explanation of Long An Water Supply Sewerage Joint Stock Company regarding the fluctuation in profit after tax in the Q1 2026 financial statements compared to Q1 2025, submitted to the Hanoi Stock Exchange and for the shareholders' information.
