These notes form an integral part of and should be read in conjunction with the accompanying interim financial statements.

## 1. Reporting entity

### (a) Establishment and operation

Fortune Vietnam Joint Stock Commercial Bank was formerly known as Lien Viet Joint Stock Commercial Bank, which had been established under the Banking Establishment and Operation License No. 91/GP-NHNN dated 28 March 2008 by the Governor of the State Bank of Vietnam ("SBV"). The license has been valid for 99 years from the date of issue and amended several times, with the latest amendment under Decision No. 125/QĐ-NHNN of State Bank of Vietnam dated 21 January 2025. The Bank's Enterprise Registration Certificate No. 6300048638 issued by the Hanoi Authority for Planning and Investment has been amended for the 30<sup>th</sup> on 29 December 2023.

In accordance with Official Letter No. 244/TTg-DMDN dated 21 February 2011, the Vietnamese Prime Minister approved the capital contribution of Vietnam Post Corporation ("Vietnam Post") in Lien Viet Joint Stock Commercial Bank by the value of Vietnam Postal Savings Service Company ("VPSC") and additional cash contribution. As at 1 July 2011, Vietnam Post completed the transfer of assets and liabilities of VPSC to Lien Viet Joint Stock Commercial Bank.

On 15 July 2024, the SBV issued Decision No. 423/QĐ-TTGSNH2 on amending the content of the Bank's Establishment and Operation License; accordingly, the Bank changed its name to Fortune Vietnam Joint Stock Commercial Bank, called in Vietnamese for short as Ngân hàng TMCP Lộc Phát Việt Nam; full name in English: Fortune Vietnam Joint Stock Commercial Bank; abbreviated in English as LPBank.

The Bank's main activities are mobilising and receiving short, medium and long-term deposits from organisations and individuals; granting credit to organisations and individuals up to the nature and capability of the Bank's capital resources; conducting foreign exchange transactions, trade finance services, discounting of commercial papers, bonds and other valuable papers, and providing other banking services permitted by the SBV.

### (b) Charter capital

The charter capital of the Bank was VND3,300,000 million under Banking Operation License No. 91/GP-NHNN dated 28 March 2008 and has been increased periodically according to decisions of the General Meeting of Shareholders. The charter capital of the Bank as at 31 March 2026 is VND29,872,821 million (31/12/2025: VND29,872,821 million). The par value per share is VND10,000.

**(c) Location and operation network**

The Bank's Head Office is located at No. 8, Lane 1, Ton Duc Thang Road, Street 11, Hoa Lu ward, Ninh Binh province, Viet Nam. As at 31 March 2026, the Bank had one (1) Head Office, three (3) representative offices, eighty-five (85) branches, four hundred and eighty-one (481) transaction offices, four hundred and eighty-seven (487) post transaction offices nationwide (31/12/2025: the Bank had one (1) Head Office, three (3) representative offices, eighty-five (85) branches, four hundred and eighty-one (481) transaction offices, four hundred and eighty-seven (487) post transaction offices nationwide).

**(d) Number of employees**

As at 31 March 2026, the Bank had 9,739 employees (31/12/2025: 9,597 employees).

**2. Basis of preparation the interim financial statements**

**(a) Statement of compliance**

The interim financial statements have been prepared in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for Credit institutions stipulated by the State Bank of Vietnam and the relevant statutory requirements applicable to interim financial reporting. These standards and statutory requirements may differ in some material respects from International Financial Reporting Standards, generally accepted accounting principles and standards of other countries. Accordingly, the accompanying interim financial statements are not intended to present the Bank's financial position, results of operations and cash flows in accordance with generally accepted accounting principles and practices in countries or jurisdictions other than Vietnam. Furthermore, their utilisation is not designed for those who are not informed about Vietnamese accounting principles, procedures and practices for Credit institutions.

**(b) Basis of measurement**

The interim financial statements, except for the statement of cash flows, are prepared on the accrual basis using the historical cost concept. The statement of cash flows is prepared using the direct method.

**(c) Accounting period**

The annual accounting period of the Bank is from 1 January to 31 December. These interim financial statements of the Bank have been prepared for the 3-month period ended 31 March 2026.

**(d) Accounting currency**

The Bank's accounting currency is Vietnam Dong ("VND"). These interim financial statements have been prepared and presented in Vietnam Dong ("VND"), rounded to the nearest million ("VND million").

(e) **Form of accounting records applied**

The Bank uses the accounting software to record its transactions in the form of a general ledger.

**3. Summary of significant accounting policies**

The following significant accounting policies have been adopted by the Bank in the preparation of these interim financial statements.

(a) **Foreign currency transaction**

All transactions are recorded in their original currencies. Monetary items denominated in currencies other than VND are translated into VND at average exchange rate for spot selling and buying ("spot exchange rate") (gold is converted at the average selling and buying rate) of the Bank at the end of the last working day of the accounting period if the difference between the spot exchange rate and the weighted average of buying and selling exchange rates of the last working day of the accounting period is less than 1% (refer to Note 48 for details of foreign exchange rates as at 31 March 2026 and 31 December 2025). If the difference between spot exchange rate at the end of the last working day of the accounting period and the weighted average of buying and selling exchange rates of the last working day of the accounting period is 1% or more, the Bank shall use the weighted average of buying and selling exchange rates of the last working day of the accounting period.

Non-monetary foreign currency assets and liabilities are translated into VND using the spot exchange rates effective at the dates of the transactions.

Income and expense in foreign currencies are translated into VND using the spot exchange rates effective at the dates of the transactions.

Foreign exchange differences arising from translation of monetary assets and liabilities at the end of the accounting period are recognised in the "Foreign exchange differences" account in equity on the statement of financial position and then transferred to the statement of income at the end of the annual accounting period.

(b) **Accounting estimates**

The preparation of the financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System applicable to Credit institutions issued by the State Bank of Vietnam and the relevant statutory requirements applicable to financial reporting requires the Board of Management to make estimates and assumptions that affect the amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the annual accounting period. Although these accounting estimates are based on the Board of Management's best knowledge, actual results could differ from those estimates. Adjustments to accounting estimates are recognised in the period in which the accounting estimates are changed and the affected future periods.

(c) **Cash and cash equivalents**

Cash and cash equivalents include cash on hand, gold on hand, balances with the SBV, balances with other credit institutions, loans to other credit institutions with original term to maturities not exceeding three months, Government treasury bills notes and other short-term valuable papers which are eligible for discount with the SBV, investments securities with recovery or maturity terms not exceeding three months from the acquisition date, that are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value, and are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes.

(d) **Balances with and loans to other credit institutions**

Balances with other credit institutions include current deposits and deposits at other credit institutions with original terms of not exceeding three months. Loans to other credit institutions are loans with original terms to maturity of no more than twelve months.

Balances with other credit institutions, except for current deposits and loans to other credit institutions are stated at the amount of outstanding principal less any specific allowance for credit risks.

Current deposits with other credit institutions are stated at cost.

Credit risk classification of term deposits and loans to other credit institutions (except for deposits at social policy banks according to regulations of the SBV on state credit institutions maintaining deposit balances at social policy banks) and allowance thereof is made in accordance with method as described in Note 3(g).

According to Decree No.86/2024/ND-CP issued by the Government on 11 July 2024 prescribing the allowances on the levels, methods of setting up risk allowances, and the use of allowances for risk handling in the operations of credit institutions, foreign bank branches, and cases where credit institutions must allocate accrued interest reversals ("Decree 86"), the Bank is not required to make general allowance for term deposits and loans to other credit institutions.

(e) **Securities held for trading**

(i) **Classification**

Securities held for trading are debt or equity securities which are acquired principally for the purpose of selling them in the near term or there is evidence of a recent pattern of short-term profit-taking.

(ii) **Recognition**

The Bank recognizes trading securities at the time the Bank obtains ownership, specifically as follows:

- Listed securities: recognized at the time of order matching (T+0);
- Unlisted securities: recognized when legal ownership is obtained.

**(iii) Measurement**

Securities held for trading are measured at cost less allowance for securities held for trading. Allowance for credit risks of securities includes allowance for diminution in value of trading securities which is made if there is evidence that market price of the securities item falls below their carrying amount.

Allowance for diminution in the value of trading securities mentioned above are reversed if their recoverable value subsequently increases after the allowance was recognised. An allowance is reversed only to the extent that the securities' carrying amount does not exceed the carrying amount that has been determined if no allowance had been recognised.

As at 31 March 2026 and 31 December 2025, securities held for trading represent overseas open-ended fund certificates.

**(iv) De-recognition**

The Bank derecognises securities held-for-trading when the contractual rights to the cash flows from these securities expired or when the significant risks and rewards of ownership of these securities have been transferred.

**(f) Loans to customers**

Loans to customers are stated at the amount of the principal outstanding less allowance for loans to customers.

Short-term loans are those with maturity term of no more than one year from the loan disbursement date. Medium-term loans are those with maturity from more than one year to five years of the loan disbursement date. Long-term loans are those with maturity term of more than five years from the loan disbursement date.

Debt classification and allowance for credit losses for loans to customers are made in accordance with regulations in Circular No.31/2024/TT-NHNN prescribing classification of assets in the operations of commercial banks, non-bank credit institutions, and foreign bank branches ("Circular 31") and Decree 86 as described in Note 3(g).

(g) **Debt classification and the rate and method of making allowance for credit losses**

(i) **Debt classification**

Debt classification for deposits at other CIs (except for demand deposits, deposits at bank for social policies as stipulated by SBV on State credit institutions maintaining deposit balances at bank for social policies); purchase or entrust the purchase of corporate bonds (including bonds issued by other CIs) that are not listed on the stock market or not registered for trading on the Upcom trading system (collectively referred to as "unlisted bonds"); loans to customers and loans to other CIs (including loans, financial leases, discounts, rediscounts of negotiable instruments and other valuable papers, factoring, credit granting in the form of credit card issuance and payments on behalf of off-balance sheet commitments); credit granting entrustment; debts that have been sold but the proceeds from debt sale have not been fully collected; repurchased debts, repurchases of Government bonds; certificates of deposit issued by other CIs; receivables arising from the outright purchase of documents presented under the letter of credit (except for the outright purchase of documents under the letter of credit issued by the Bank itself); amounts paid by the reimbursing bank for payment to the beneficiary under a deferred payment letter of credit with a provision that the beneficiary is paid immediately or before the due date of the letter of credit issued by the Bank (collectively referred to as "debts") is made in accordance with the quantitative method as stipulated in Article 10 of Circular 31. The Bank carries out monthly debt classification based on the outstanding principals of debts at the last date of the month as follows:

Group		Overdue status
1	Current debts	(a) Current debts being assessed as fully and timely recoverable, both principal and interest; or (b) Debts being overdue for less than 10 days and being assessed as fully recoverable, both overdue principal and interest, and fully and timely recoverable, both remaining principal and interest.
2	Special mentioned debts	(a) Debts being overdue between 10 days and 90 days; or (b) Debts having terms of repayment rescheduled for the first time and are undue.
3	Sub-standard debts	(a) Debts being overdue between 91 days and 180 days; or (b) Debts having terms of repayment extended for the first time which is unmatured; or (c) Debts having exempted or reduced interest because customers are not able to pay the interest according to the credit contract; or (d) Debts falling in one of the following cases not yet collected within 30 days since the issuance date of recovery decision: <ul style="list-style-type: none"> <li>▪ Debts having violated regulations specified in Points 1, 3, 4, 5, 6 of Article 134 of Laws on Credit Institutions; or</li> <li>▪ Debts having violated regulations specified in Points 1, 2, 3, 4 of Article 135 of Laws on Credit Institutions; or</li> <li>▪ Debts having violated regulations specified in Points 1, 2, 5, 9 of Article 136 of Laws on Credit Institutions.</li> </ul> (e) Debts in the collection process under inspection conclusions; or (f) Debts that need to be recovered under premature debt recovery decisions due to borrowers' breach of agreements with them, but are not yet recovered within a period of less than 30 days from the effective dates of recovery decisions.

Group		Overdue status
4	Doubtful debts	(a) Debts being overdue between 181 days and 360 days; or (b) Debts having rescheduled terms of repayment for the first time and being overdue 90 days according to the first rescheduled terms of repayment; or (c) Debts having rescheduled terms of repayment for the second time which is unmaturing; or (d) Debts specified in point (d) of Sub-standard debts not yet collected between 30 days and 60 days since the issuance date of recovery decision; or (e) Debts in the collection process under inspection conclusions but being overdue up to 60 days according to recovery term; or (f) Debts that need to be recovered under premature debt recovery decisions due to borrowers' breach of agreements with them, but are not yet recovered in 30 and 60 days from the effective dates of recovery decisions.
5	Loss debts	(a) Debts being overdue more than 360 days; or (b) Debts having rescheduled terms of repayment for the first time and being overdue of 91 days or more according to the first rescheduled terms of repayment; or (c) Debts having rescheduled terms of repayment for the second time and being overdue according to the second reschedule terms of repayment; or (d) Debts having rescheduled terms of repayment for the third time or more, regardless of whether the debts are overdue or not; or (e) Debts specified in point (d) of Sub-standard debts not yet collected over 60 days since the issuance date of recovery decision; or (f) Debts in the collection process under inspection conclusions but being overdue of more than 60 days according to recovery term; or (g) Debts that need to be recovered under premature debt recovery decisions due to borrowers' breach of agreements with them, but are not yet recovered in more than 60 days from the effective dates of recovery decisions; or (h) Debts to credit institutions being announced under special supervision status by the SBV, or to foreign bank branches of which capital and assets are blockaded.

For off-balance sheet commitments, the Bank classifies debts based on the overdue days from the date when the Bank performs committed obligations:

- Group 3 - Sub-standard debts: overdue below 30 days;
- Group 4 - Doubtful debts: overdue from 30 days to less than 90 days;
- Group 5 - Loss debts: overdue from 90 days and above.

Bad debts are debts in Group 3, 4 and 5.

Where a customer owes more than one debt to the Bank, and has any of its debts transferred to a higher risk group, the Bank classifies the remaining debts of such customer into the group of debts with the highest level of risk.

When the Bank participates in a syndicated loan, the Bank classifies all debts (including the syndicated loan) of the customer into a higher risk group of debt as that classified and informed by the banks participating in a syndicated loan and the assessment of the Bank itself.

The Bank also uses the results of debt classification as provided by the Credit Information Center of the SBV ("CIC") at the date of classification to adjust the results of its internal classification of debts and off-balance sheet commitments. Where debts and off-balance sheet commitments of one customer are classified by the Bank into a lower risk group of debts as compared to that informed by CIC, the Bank reclassifies such debts and off-balance sheet commitments to the group of debts as informed by CIC.

***Debt classification for loans having rescheduled debt repayment term, exempted or reduced interest and fees in order to support customers affected by Covid-19 pandemic***

The Bank has adopted Circular No. 01/2020/TT-NHNN dated 13 March 2020 ("Circular 01") issued by the SBV on providing regulations on restructuring of loan repayment periods, exemption/reduction of interest/fees and keeping loan groups unchanged to assist customers affected by the Covid-19 pandemic, Circular No. 03/2021/TT-NHNN dated 2 April 2021 ("Circular 03") issued by the SBV on amending and supplementing to some articles of Circular 01 and Circular No. 14/2021/TT-NHNN dated 7 September 2021 ("Circular 14") issued by the SBV on amending and supplementing to some articles of Circular 01. Accordingly, for debts:

- granted before 1 August 2021 from lending activities;
- incurred principal and/or interest during the period from 23 January 2020 to 30 June 2022;
- the outstanding debt may be rescheduled in the following cases: the outstanding debt is undue or up to 10 days overdue according to the loan agreement; debt repayment period according to the contract; or the outstanding debt is incurred before 23 January 2020 and becomes overdue during the period from 23 January 2020 to 29 March 2020; the outstanding debt is incurred from 23 January 2020 to before 10 June 2020 and becomes overdue before 17 May 2021; the outstanding debt is incurred from 10 June 2020 to before 1 August 2021 and becomes overdue during the period from 17 July 2021 to before 7 September 2021;
- the borrower is unable to repay the principal and/or interest on schedule under the loan agreement due to decrease in revenue or income caused by Covid-19 pandemic;
- and not in violation of laws.

the Bank is allowed to reschedule loan repayment periods, grant exemption/reduction of interest/fees and loan groups as follow:

Debts	Debt classification
Incurred before 23 January 2020	Loan groups are kept unchanged from those classified at the most recent date prior to 23 January 2020.
Incurred from 23 January 2020 to 1 August 2021	<ul style="list-style-type: none"> <li>▪ Loan groups are kept unchanged from those classified at the most recent date prior to the date of being restructured repayment term for the first time; or</li> <li>▪ Loan groups are kept unchanged from those classified at the most recent date prior to the date of being overdue; or</li> <li>▪ Loan groups are kept unchanged from those classified at the most recent date prior to the date of exemption/reduction of interest/fees for the first time.</li> </ul>

The Bank shall base on prevailed regulations on debt classification in the operations of credit institutions to classify debts with restructured repayment terms, exempted or reduced interest and fees, and maintain the debt group according to the provisions of Circular 01, Circular 03, Circular 14 for assets with no outstanding debt that has been restructured.

***Debt classification for loans having rescheduled debt repayment term and keeping loan groups unchanged in order to support customers in difficulties***

The Bank has adopted Circular No. 02/2023/TT-NHNN dated 23 April 2023 ("Circular 02") issued by the SBV on providing regulations on restructuring of loan repayment periods and keeping loan groups unchanged in order to support customers in difficulties and Circular No. 06/2024/TT-NHNN dated 18 June 2024 ("Circular 06") issued by the SBV on amending and supplementing to some articles of Circular 02. Accordingly, for debts:

- granted before 24 April 2023 and from lending and financial leasing activities;
- incurred principal and/or interest during the period from 24 April 2023 to 31 December 2024;
- with the outstanding debt balance being undue or up to 10 (ten) days overdue from the due date according to the contract/ agreement; the borrower is evaluated by the Bank as being unable to repay the principal and/or interest on schedule under the signed loan contract, agreement due to decrease in revenue or income compared to that in the plan for payment of loan principals and/or interests under the contract or agreement; and evaluated by the Bank as being able to pay off the loan principal and/or interest on the rescheduled due date;
- and not in violation of laws.

the Bank is allowed to reschedule loan repayment periods and keeping loan groups unchanged as those at the most recent date to the reschedule date.

***Debt classification for debts with restructured repayment terms for customers facing difficulties due to the impact and damage of storm No. 3, flooding, landslides after storm No. 3***

The Bank applies Circular No. 53/2024/TT-NHNN dated 4 December 2024 ("Circular 53") issued by the SBV regulating the restructuring of debt repayment terms for customers facing difficulties due to the impact and damage of storm No. 3, flooding, landslides after storm No. 3. Accordingly, for the outstanding principal and interest of the debts:

- arising in the provinces and centrally-run cities: Ha Giang, Cao Bang, Lung Son, Bac Giang, Phu Tho, Thai Nguyen, Bac Kan, Tuyen Quang, Lao Cai, Yen Bai, Lai Chau, Son La, Dien Bien, Hoa Binh, Hanoi, Hai Phong, Hai Duong, Hung Yen, Vinh Phuc, Bac Ninh, Thai Binh, Nam Dinh, Ha Nam, Ninh Binh, Quang Ninh, Thanh Hoa (hereinafter referred to as 26 provinces and cities) facing difficulties due to the impact and damage of storm No. 3, including:
  - customers are individuals with current residence or work or production and business establishments or investment, construction, production and business activities in 26 provinces and cities;
  - customers are organisations (except customers who are credit institutions, foreign bank branches) with headquarters, branches, representative offices or production and business establishments or with investment, construction, production and business activities in 26 provinces and cities.
- with principal balances arising before 7 September 2024 and from lending activities;

- the obligation to repay principal and interest arises between 7 September 2024 and 31 December 2025;
- the outstanding balance of the debt with a restructured repayment term is still due or overdue by 10 days from the agreed payment due date. The outstanding balance of the debt that is overdue for more than 10 days and overdue between 7 September 2024 and 16 December 2024 is restructured when restructuring for the first time according to Circular 53;
- is assessed by the Bank as having difficulty in repaying the principal and interest on time according to the agreed contract due to the impact and damage of storm No. 3 and is able to fully repay the principal and interest according to the restructured repayment term;
- and not in violation of laws.

the Bank is allowed to restructure the debt repayment period and classify debts according to Decision No. 1510/QĐ-TTg dated 4 December 2024 ("Decision 1510") issued by the Prime Minister on the classification of assets, the level of risk allowance, the method of risk allowance and the use of allowances to handle risks for debts of customers facing difficulties due to the impact and damage of storm No. 3 as follows:

- the debt group is kept the same as the debt group that was classified at the most recent time before 7 September 2024 during the debt repayment period restructuring period;
- the Bank is not required to adjust or reclassify into a debt group with a higher risk level for debts that are kept in the same debt group and are still within the term according to the restructuring period;
- if the debt is kept in the overdue debt group according to the restructuring period but is not further restructured for the repayment period or there is no outstanding debt that is restructured for the repayment period according to Circular 53, the Bank must classify the debt according to the regulations of the SBV on classification of assets in the operations of credit institutions and foreign bank branches.

(ii) *Allowance for credit losses*

Allowance for credit risks includes specific allowance for credit risks and general allowance for credit risks.

*Specific allowance for credit losses*

According to Decree 86, the Bank determines specific allowance for credit risks at the end of each month based on the allowance rates corresponding to debt classification results and loan principals balance less the discounted value of collateral assets at the end of the month. Specific allowance as at 31 March 2026 is determined based on the debt classification results and outstanding principals of debts at 31 March 2026. The rates of specific allowance for specific loan groups are as follows:

Group	Loan group	Rates of specific allowance
1	Current debts	0%
2	Special mentioned debts	5%
3	Sub-standard debts	20%
4	Doubtful debts	50%
5	Loss debts	100%

The maximum discounted value and rate of collateral assets is determined in accordance with Decree 86 whereby each type of collateral assets has a certain maximum deduction rate for the purpose of calculating the risk allowance.

***Additional specific allowance in accordance with Circular 03***

The Bank determines and records the additional specific allowance for the entire outstanding loan balance of customers monthly, including the loan balances with repayment period rescheduled, interest exempted or reduced according to the loan classifications in accordance with relevant regulations (if the regulations on keeping loan groups unchanged under the provisions of Circular 01, Circular 03 and Circular 14):

Additional allowance	Deadline
At least 30% of the total specific allowance amount required to be made	By 31 December 2021
At least 60% of the total specific allowance amount required to be made	By 31 December 2022
100% of the total specific allowance amount required to be made	By 31 December 2023

The Bank has made full allowance for the specific amount of additional allowances required according to the time limits as prescribed above. From 1 January 2024, the Bank shall, based on current regulations on risk allowances in the operations of credit institutions, make risk allowances for debts with restructured repayment terms, exempted or reduced interest and fees, and maintained in the same debt group as prescribed in Circular 01, Circular 03 and Circular 14.

***Additional specific allowance in accordance with Circular 02 and Circular 06***

The Bank also determines and records the additional specific allowance for the entire outstanding loan balance of customers with repayment s and loan groups unchanged in accordance with Circular 02 and Circular 06 as follows:

Additional allowance	Deadline
At least 50% of the total specific allowance amount required to be made	By 31 December 2023
100% of the total specific allowance amount required to be made	By 31 December 2024

As at 31 December 2024, the Bank has made 100% of the additional specific allowance.

***Additional specific allowance according to Decision 1510***

The Bank determines and records the specific amount of additional allowance required for all outstanding debts of customers whose repayment terms are restructured and whose debt groups are maintained in accordance with Circular 53 and Decision 1510 as follows:

Additional allowance	Deadline
(i) At least 35% of the total specific allowance amount required to be made	By 31 December 2024
(ii) Additional allowance to reach at least 70% of the specific allowance amount that must be additionally made	By 31 December 2025

Additional allowance	Deadline
For debts that are restructured in terms of repayment terms according to the regulations of the State Bank of Vietnam on credit institutions and foreign bank branches restructuring repayment terms for customers facing difficulties due to the impact and damage of storm No. 3 before January 1, 2025, the Bank shall set aside in 2025 at least the ratio in item (i)	
(iii) Additional allowance to reach full of 100% of the specific allowance amount that must be additionally made For debts that are restructured in terms of repayment terms according to the regulations of the State Bank of Vietnam on credit institutions and foreign bank branches restructuring repayment terms for customers facing difficulties due to the impact and damage of storm No. 3 before 1 January 2026, the Bank shall make allowance in 2026 at least according to the ratio in item (ii)	By 31 December 2026

As at 31 March 2026, the Bank has made specific allowance in accordance with the above regulations.

***General allowance for credit losses***

According to Decree 86, general allowance is also required at the rate of 0.75% of total balance of debts at the end of the month, except for the balances with and loans to other credit institutions, bonds issued by other CIs and debts classified into the Loss debts group. General allowance as at 31 March 2026 is calculated based on debt classification and outstanding principals of debts at 31 March 2026.

***(iii) Written-off of bad debts***

According to Decree 86, loans to customers are written off against the allowance when loans to customers have been classified to Group 5 or when borrowers have been declared bankrupt or dissolved (for borrowers being organisations and enterprises) or borrowers are deceased or missing (for borrowers being individuals).

Debts written-off against allowance are recorded as off-balance sheet items for following up and collection. The amounts collected from the debts previously written-off are recognised in the statement of income upon receipt.

***(iv) Classification and allowance for off-balance sheet commitments***

According to Circular 31 and Decree 86, the classification of off-balance sheet credit commitments is conducted solely for risk management, credit quality supervision of credit granting activities. The Bank did not make allowance for off-balance sheet credit commitments, except where the Bank has been required to made payment under the guarantee contract, in which case the payment on behalf is classified and allowance is made for in accordance with the accounting policy as described in Note 3(g)(i) and Note 3(g)(ii).

(h) **Investment securities**

(i) ***Classification***

Investment securities include available-for-sale investment securities. The Bank classifies investment securities at the date of acquisition as available-for-sale investment securities and held-to-maturity investment securities. According to Official Letter No. 2601/NHNN-TCKT dated 14 April 2009 of the SBV, the Bank is allowed to reclassify investment securities for once at maximum after initial classification at the date of acquisition.

Available-for-sale investment securities are debt securities or equity securities held for an indefinite period and may be sold at any time.

(ii) ***Recognition***

The Bank recognizes investment securities at the time it assumes the majority of the risks and benefits of owning these securities.

(iii) ***Measurement***

***Debt securities***

Available-for-sale debt securities are initially recorded at cost, including purchase cost plus other directly attributable costs such as brokerage and transaction fees, information fees, and bank charges (if any).

They are subsequently recognised at amortised cost (affected by premium/discount amortisation) less allowance for securities risks (including allowance for credit risks and allowance for devaluation of investment securities). Premium and discounts arising from purchases of debt securities are amortised to the statement of income on a straight-line basis over the holding period.

Listed available-for-sale debt securities are classified as investment securities and are recorded at cost less allowance for diminution in value by referring to the most recent transaction at the Stock Exchange within 10 days from the end of the annual accounting period. In case there is no transaction within 10 days from the end of the annual accounting period, the Bank does not make allowances for these debt securities. The Bank does not make allowances for Government bonds, Government-guaranteed bonds, and local government bonds classified as investment securities.

Available-for-sale debt securities of unlisted corporate bonds are recognised at cost less allowance for credit risks according to method as described in Note 3(g).

Interest income after purchase of available-for-sale debt securities is recognised in the statement of income on an accrual basis except for interest income from unlisted corporate bonds classified from Group 2 to Group 5 which is recognised when received (receipt basis). The interest income accrued before the Bank's purchase will be deducted from the cost of debt securities when received.

The allowance for investment securities mentioned above is reversed if the price or recoverable value of the securities subsequently increases after the allowance was recognised. An allowance is reversed only to the extent that the securities' carrying amount does not exceed the carrying amount that has been determined if no allowance had been recognised.

(iv) *De-recognition*

The Bank derecognises available-for-sale investment securities when the contractual rights to the cash flows from these securities have expired or when the significant risks and rewards of ownership of these securities have been transferred.

(i) *Repurchase and resale contracts*

Securities sold with a commitment to repurchase at a specified future date are still recognised in the interim financial statements. The cash received under the agreement is recognised as a loan in the interim financial statements and the difference between the sale price and the purchase price is recognised in the interim statement of income at the contractual interest rate over the life of the contract.

Conversely, securities purchased with a commitment to resell at a specified future date are not recognised in the interim financial statements. The cash paid under the agreement is recognised as a loan in the interim financial statements and the difference between the sale price and the purchase price is recognised in the interim statement of income at the contractual interest rate over the life of the contract.

(j) *Other long-term investments*

Other long-term investments are investments in the equity of other companies in which the Bank does not have control or significant influence. These long-term investments are initially stated at cost at the date of investment, and subsequently stated at cost less allowance for diminution in the value of investment.

*Allowance for diminution in value of long-term investments*

Allowance for diminution in value of long-term investments is made if the economic entity has suffered a loss which may cause the Bank to lose its invested capital, unless there is evidence that the value of the investment has not been diminished. Allowance for diminution in value is determined as the total actual investment capital of the owner at the investee less (-) the owner's equity of the investee multiplied (x) by the Bank's ownership percentage in the investee at the date of making allowance.

The allowance is reversed if the recoverable amounts are subsequently increased after the allowance was recognised. An allowance is reversed only to the extent that the investment's carrying amount does not exceed the carrying amount that has been determined if no allowance had been recognised.

Other long-term investments are derecognised when the rights to receive cash flows from those investments have expired or the Bank has transferred substantially all the risks and rewards of ownership of those investments.

(k) **Tangible fixed assets**

(i) **Cost**

Tangible fixed assets are stated at cost less accumulated depreciation. The initial cost of a tangible fixed asset comprises its purchase price, including import duties and non-refundable purchase taxes and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditure incurred after the tangible fixed assets have been put into operation, such as repairs and maintenance and overhaul costs, is normally charged to statement of income in the year in which the costs are incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of an item of tangible fixed assets beyond its originally assessed standard of performance, the expenditure is capitalised as an additional cost of tangible fixed assets.

(ii) **Depreciation**

Depreciation is computed on a straight-line basis over the estimated useful lives of assets. The estimated useful lives are as follows:

▪ building	15 - 50 years
▪ machines and equipment	8 - 15 years
▪ means of transportation - transmission	10 years
▪ management tools and equipment	8 - 10 years
▪ other fixed assets	8 - 10 years

Loss or gain resulting from sales and disposals of tangible fixed assets is the difference between proceeds from sales or disposals of assets and their net book values together with their disposal expenses and is recognised in the statement of income.

(l) **Intangible fixed assets**

(i) **Definite land use rights**

Definite land use rights are stated at cost less accumulated amortisation. The initial cost of definite land use rights comprises its purchase price and any directly attributable costs incurred in conjunction with securing the land use rights. Definite land use rights are amortised on a straight-line basis over land use periods.

(ii) **Software**

Cost of acquiring new software, which is not an integral part of the related hardware, is capitalised and treated as an intangible asset. Software cost is amortised on a straight-line basis over 15 years.

Loss or gain resulting from sales and disposals of intangible fixed assets is the difference between the net proceeds from sales or disposals of assets and their carrying amount together with disposal expense and is recognised in the statement of income.

**(m) Prepayments**

Prepayments comprise capitalised office refurbishment expense, prepaid expenses for office rental and other prepaid expenses.

Capitalised office refurbishment expense is amortised in the statement of income on a straight-line basis over the period of 3 years. Office rental expense represents the amount which has been prepaid to lease the office. Prepaid expense for office rental is amortised in the statement of income on a straight-line basis over the lease period.

Other long-term prepayments include repair, maintenance cost for assets, tools and supplies issued for consumption and are considered to bring future economic benefits to the Bank. These expenses are capitalised as prepayments and are amortised in the statement of income, on a straight-line basis over the period of more than one year and not exceeding three years in accordance with prevailing accounting regulations.

**(n) Other assets**

**(i) Construction in progress**

Construction in progress represents the construction or implementation costs of tangible and intangible fixed assets which have not been fully completed or installed. No depreciation is provided for construction in progress during the period of construction and installation.

**(ii) Foreclosed assets**

Foreclosed assets are those of which the ownership was transferred to the Bank and waiting for settlement. For foreclosed assets of which the ownership has not been transferred to the Bank, the Bank records as off-balance sheet items.

**(iii) Receivables from trade finance activities**

Receivables from trade finance activities represent other assets exposing to credit risk and are stated at cost less allowance for credit losses, if any. The Bank classifies and makes allowance for these receivables in accordance with the accounting policy as described in Note 3(g).

**(iv) Other assets**

Other assets, except receivables from credit activities, are stated at cost less allowances for other on statement of financial position assets.

Allowance for losses of assets are made based on the overdue status of debts or expected losses may occur in case undue debt but an economic organisation is bankrupted or liquidated; or debtor is missing, running away, being prosecuted, in prison, under a trial or pending execution of sentences or deceased. The allowance expenses are recorded as operating expenses during the period.

For other assets that are overdue debts, the Bank makes allowance for losses using the allowance rates that are applied for overdue status as follows:

Overdue period	Allowance rate
▪ From more than six (06) months up to less than one (01) year	30%
▪ From one (01) year up to less than two (02) years	50%
▪ From two (02) years up to less than three (03) years	70%
▪ Three (03) years or more	100%

Allowance for losses on other assets are made for undue debts is the expected losses determined by the Bank after considering to the recovery of these debts.

(o) **Other allowance**

An allowance is recognised if, as a result of a past event, the Bank has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Allowance is determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liabilities.

(p) **Derivative financial instruments**

*Currency forward and swap contracts*

The Bank involves in currency forward contracts and currency swap contracts to facilitate customers to transfer, adjust or reduce foreign exchange risks and other market risks, and also for the business purposes of the Bank.

Currency forward contracts are commitments to pay in cash on a future date based on pre-determined difference between exchange rates, calculated on a nominal original amount. The currency forwards contracts are recorded at nominal value at the transaction date and are revalued at effective exchange rate at the reporting date and are stated at net value in the statement of financial position.

Differences upon revaluation at the end of the period are recognised in the "Foreign exchange differences" account in the statement of financial position each month and are transferred to the statement of income at the end of the annual accounting period or upon maturity. Differences between the amounts in VND of the foreign currency amounts which are committed to buy/sell at forward rate of contract and spot rate on the transaction date are recognised in the statement of income on a straight-line basis over the term of the contracts.

The currency swap contracts are commitments to buy or sell the same amount of foreign currency (only two currencies are used in the transaction) with the same partner, in which there is a transaction with the spot payment term and a transaction with a payment period determined in the future and the rate of the two transactions is determined at the time of confirmation of spot transaction. Premiums/discounts arising from the difference of the spot exchange rate at the effective date of the contracts and the forward exchange rate will be recognised immediately on the effective date of the contracts as an asset if they are positive or as a liability if they are negative in the statement of financial position. This difference is amortised to the statement of income on a straight-line basis over the term of the swap contracts.

*Interest rate swap contracts*

Interest swap contracts are commitments to settle the interest amount based on floating or fixed interest rates over the notional principal amounts. The contract value in basic interest rate swaps of the same currency is not recognised in the statement of financial position. For two-currency-interest-rate swap contracts with nominal principal swap, the contract value is recognised in the statement of financial position. Income earned and expenses incurred are recognised in the statement of income on an accrual basis.

(q) **Amounts due to the Government and the SBV**

Amounts due to the Government and the SBV are stated at cost.

(r) **Deposits and loans from other CIs**

Deposits and loans from other CIs are stated at their cost.

(s) **Deposits from customers**

Deposits from customers are stated at their cost.

(t) **Valuable papers issued**

Valuable papers issued are recorded at cost less amortized premiums and discounts. Costs of valuable papers issued include the proceeds from issuance minus directly attributable expenses from issuance.

(u) **Other payables**

Other payables are stated at their cost.

(v) **Severance allowance**

Under the Vietnamese Labour Code, when an employee who has work for the Bank for 12 months or more ("the eligible employees") voluntarily terminates his/her labour contract, the employer is required to pay the eligible employee severance allowance calculated based on years of service and employee's compensation at termination. Before 2012, provision for severance allowance has been provided based on employees' years of service and their average salary for the six-month period prior to the end of the accounting period. For the purpose of determining the number of years of service by an employee, the period for which the employee participated in and contributed to unemployment insurance in accordance with prevailing laws and regulations and the period for which severance allowance has been paid by the Bank are excluded.

On 24 October 2012, the Ministry of Finance issued Circular No. 180/2012/TT-BTC ("Circular 180") guiding the financial handling of unemployment allowance for employees at enterprises. This Circular stipulates that when preparing the 2012 financial statements, if the enterprise's unemployment fund remains balance, the enterprise must record other income increases in 2012 and must not transfer the balance to use the fund next year. Accordingly, the Bank has reversed the balance of the severance allowance provision. This change in accounting policy has been applied prospectively since 2012.

Pursuant to Law on Social Insurance, effective from 1 January 2009 the Bank and its employees are required to contribute to an unemployment insurance fund managed by the Vietnam Social Insurance Agency. The unemployment insurance paid by the Bank for the employee's working time is recorded as an expense in the statement of income when incurred. With the implementation of the unemployment insurance scheme, the Bank is no longer required to provide severance allowance for the service period after 1 January 2009. However, severance allowance to be paid to the existing eligible employees at the end of the period will be determined based on the eligible employees' years of service to 31 December 2008 and their average salary for the six-month period prior to the termination date.

(w) **Share capital**

(i) *Ordinary shares*

Ordinary shares are classified as equity and recognised at par value. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from share premium in equity.

(ii) *Share premium*

On receipt of proceeds from share issuance from shareholders, the difference between the issue price and the par value of the shares, if any, is recorded in share premium account in equity.

(x) **Reserves and funds**

The Bank is required to make the following reserves before distribution of profits: Reserve to supplement charter capital, Financial reserve. These reserves are non-distributable and recognised as part of equity. Other equity funds are allocated from profit after tax. The allocation from profit after tax and the use of these funds and reserves must be approved by the Bank's General Meeting of Shareholders.

*Reserve to supplement charter capital*

According to the Law on Credit Institutions 2024, the Bank shall annually appropriate 10% of profit after tax for the reserve to supplement charter capital. The maximum level of this fund shall not exceed the charter capital of the Bank.

*Financial reserve*

According to Decree 135, the Bank annually appropriate 10% of profit after tax for the financial reserve fund.

The financial reserve is used to cover remaining losses incurred during the normal course of business after the Bank is compensated by the organisations and individuals who make the loss and by insurance companies, and by utilisation of allowances provided; and for other purposes in accordance with the laws.

(y) **Bonus and welfare fund**

Bonus and welfare fund is allocated from profit after tax in accordance with the resolution of the Annual General Meeting and is used primarily to make payments to the Bank's employees.

(z) Revenue

(i) *Interest income*

Interest income is recognised in the statement of income on an accrual basis, except for interest on loans classified in Group 2 to Group 5 described in Note 3(g) and debts kept unchanged in Group 1 (Current debt) due to the implementation of special policies of the State described in Note 3(g) is recorded when the Bank actually receives it.

When a debt is classified from Group 2 to Group 5 as presented in the Note 3(g), the accrued interest is deducted and recorded off-balance sheet and is recognised in the statement of income when collected.

When a debt is kept in the Current debt group due to the implementation of the State's special policy, the interest receivable arising during the period is not accounted for as income and the Bank monitors it off-balance sheet. Interest income from these debts is recognised in the statement of income when collected.

(ii) *Fee and commission income*

Fees and commission income includes fees and commission from settlement services, guarantee services, cashier services and other services, are recognised in the statement of income when incurred.

(iii) *Income from investing activities*

Income from securities trading is recognised in the statement of income upon the Bank receipt of the order matching notice from Vietnam Securities Depository and Clearing Corporation (formerly Vietnam Securities Depository) (for listed securities) and completion of the assets transfer agreement (for unlisted securities) and is determined based on the differences between selling price and weighted average cost of securities sold.

Dividends receivable in cash is recognised in the statement of income when the Bank's right to receive payment is established. Dividends received in the form of shares, bonus shares and rights to purchase shares given to existing shareholders are not recognised as an increase in investment and such dividend income is not recognised in the statement of income. When share dividends are received, the Bank only recognise an increase in the number of shares in the notes to the financial statements.

Dividends received which are attributable to the period before acquisition date are deducted against the carrying amount of the investment.

(aa) Interest expenses

Interest expenses are recognised in the statement of income on an accrual basis.

(bb) Fee and commission expenses

Fee and commission expenses are recognised in the statement of income when these expenses are incurred.

**(cc) Operating lease payments**

Payments made under operating leases are recognised in the statement of income on a straight-line basis over the term of the lease. Lease incentives received are recognised in the statement of income as an integral part of the total lease expense, over the term of the lease.

**(dd) Taxation**

Income tax on the profit for the period comprises current and deferred tax. Income tax is recognised in the statement of income except to the extent that it relates to items recognised directly to equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the period, using tax rates enacted at the end of the annual accounting period, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the statement of financial position method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amounts of assets and liabilities using the tax rates enacted or substantively enacted at the end of the annual accounting period. A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

The determination of the tax currently payable and deferred tax is based on the current interpretation of tax regulations. However, these regulations are subject to periodic variation and their ultimate determination depends on the results of the tax authorities' examinations.

**(ee) Related parties**

Parties are considered to be related to the Bank if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions, or where the Bank and the other party are subject to common control or significant influence. Related parties may be individuals or corporate entities and include close family members of any individual considered to be a related party.

**(ff) Segment reporting**

A segment means a Bank's individually identifiable component involved in the supply of related products or services (segmented by business), or the provision of products or services in a particular economic environment (segment divided by geographic area), each of these sectors bears different risks and benefits from the others. The Bank's primary template for segment reporting is disaggregated by geographic area.

The Bank's secondary template for segment reporting is disaggregated by business sector. Currently, the Bank has a banking business that includes regular trading and provision of the following operations: receiving deposits, granting credit, providing payment services via accounts and other commercial banking activities. Accordingly, the Board of Management assessed that the Bank has only one business segment, commercial banking operations, and the Bank's risks and profitability ratios are represented in this single business line. Therefore, the Bank is not required to present segment reports in detail by business category.

**(gg) Earnings per share**

The Bank presents basic earnings per share (EPS) for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss attributable to the ordinary shareholders of the Bank (after deducting any amounts appropriated to bonus and welfare fund during the period) by the weighted average number of ordinary shares outstanding during the period.

Diluted earnings per share is determined by adjusting the profit or loss attributable to the ordinary shareholders and the weighted average number of ordinary shares outstanding for the effect of all dilutive potential ordinary shares, which comprise convertible bonds and share options. At the reporting date and for the period then ended, the Bank had no dilutive potential ordinary shares and therefore does not present diluted earnings per share.

**(hh) Off-balance sheet items**

**(i) Commitments and contingent liabilities**

At any point of time, the Bank has outstanding credit commitments. These commitments are approved and unutilised loans and overdraft facilities.

The Bank also provides financial guarantees and letters of credit to guarantee the performance of customers to third parties. Many of the contingent liabilities and commitments will expire without any advanced payment, in whole or in part. Therefore, these commitments and contingent liabilities do not represent expected future cash flows.

*A deferred payment letter of credit has a provision that the beneficiary is entitled to payment immediately or before the due date of the letter of credit*

When the reimbursing bank makes payment to the beneficiary, the Bank must acknowledge the debt to the reimbursing bank, and the customer must acknowledge the debt to the Bank for the amount the reimbursing bank has paid to the beneficiary according to the commitment in the letter of credit. When receiving notification from the reimbursing bank that payment has been made to the beneficiary, the Bank records the amount received as debt to the reimbursing bank as a loan from another credit institution, and records the amount received as debt by the customer as a credit facility.

**(ii) Assets entrusted for safekeeping**

Assets held for custodial purposes are not considered assets of the Bank and therefore are not included in the Bank's statement of financial position.

(ii) Nil balances

Items or balances required by Circular No. 49/2014/TT-NHNN issued by the SBV on 31 December 2014 ("Circular 49") and Circular No. 27/2021/TT-NHNN issued by the SBV on 31 December 2021 on amending chart of accounts of credit institutions enclosed with Decision No. 479/2004/QĐ-NHNN dated 29 April 2004 and regulations on financial statement of credit institutions enclosed with Decision No. 16/2007/QĐ-NHNN dated 18 April 2007 of Governor of State Bank of Vietnam that are not describe in these interim financial statements indicate nil balances.

(jj) Financial instruments

Solely for the purpose of providing disclosures about the significance of financial instruments to the Bank's financial position and results of operations and the nature and extent of risk arising from financial instruments, the Bank classifies its financial instruments as follows:

(i) Financial assets

*Financial assets at fair value through profit or loss*

A financial asset at fair value through profit or loss is a financial asset that meets either of the following conditions:

- It is considered as held for trading. A financial asset is classified as held for trading if:
  - it is acquired principally for the purpose of selling it in the near term;
  - there is evidence of a recent pattern of short-term profit-taking; or
  - a derivative (except for a derivative that is financial guarantee contract or a designated and effective hedging instrument).
- Upon initial recognition, it is designated by the Bank as financial assets at fair value through profit or loss.

*Held-to-maturity investments*

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and a fixed maturity that the Bank has the positive intention and ability to hold to maturity, other than:

- financial assets that, upon initial recognition, were categorised by the Bank as financial assets at fair value through profit or loss;
- financial assets already categorised by the Bank as assets that available for sale; or
- financial assets that meet the definitions of loans and receivables.

*Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market, other than those:

- that the Bank intends to sell immediately or in the near term, which are classified as held for trading, and those that the entity on initial recognition designates as financial assets at fair value through profit or loss;

- that the Bank, upon initial recognition, designates as available-for-sale; or
- for which the Bank may not recover substantially all of its initial investment, other than because of credit deterioration, which are classified as assets available-for-sale.

*Available-for-sale financial assets*

Available-for-sale financial assets are non-derivative financial assets that are designated as available for sale or are not classified as:

- financial assets at fair value through profit or loss;
- held-to-maturity investments; or
- loans and receivables.

**(ii) Financial liabilities**

*Financial liabilities at fair value through profit or loss*

A financial liability at fair value through profit or loss is a financial liability that meets either of the following conditions:

- It is considered by management as held for trading. Financial liability is classified as held for trading if:
  - it is incurred principally for the purpose of repurchasing it in the near term;
  - there is evidence of a recent pattern of short-term profit-taking; or
  - a derivative (except for a derivative that is financial guarantee contract or a designated and effective hedging instrument).
- Upon initial recognition, it is designated by the Bank as financial liabilities at fair value through profit or loss.

*Financial liabilities carried at amortised cost*

Financial liabilities which are not classified as financial liabilities at fair value through profit or loss are classified as financial liabilities carried at amortised cost.

The classification of financial instruments described above is solely for presentation and disclosure purpose and is not intended to be a description of how the financial instruments are measured. Accounting policies for measurement of financial instruments are disclosed in other relevant notes.

**(kk) Comparative information**

Comparative information in these interim financial statements is presented as corresponding figures. Under this method, comparative information for the prior period is included as an integral part of the current period interim financial statements and are intended to be read only in relation to the amounts and other disclosures relating to the current period. Accordingly, the comparative information included in these interim financial statements is not intended to present the Bank's financial position, results of operation or cash flows for the prior period.

## 22. Earnings per share

### (a) Net profit for calculating earnings per share

	Three-month period ended 31/3/2026 VND million	Three-month period ended 31/3/2025 VND million
Net profit for the period	2,279,191	2,533,906
Amount appropriated to bonus and welfare funds	-	-
Net profit attributable to ordinary shareholders	2,279,191	2,533,906

At the date of these interim financial statements, the Bank's Board of Management is unable to reliably estimate the amount expected to be allocated to the bonus and welfare fund from the current period's profits. If the Bank appropriate the bonus and welfare fund, the net profit attributable to ordinary shareholders and basic earnings per share may have differed from the figures stated above.

### (b) Weighted average number of ordinary shares

Pursuant to the guidance in Vietnamese Accounting Standard No. 30 - Earnings per share, the Bank retroactively adjusts "Basic earnings per share" for all reporting periods if the number of outstanding ordinary shares increases due to capitalization, bonus shares, stock splits or decreases due to share consolidation, including changes occurring after the end of the financial year but before the issuance of the financial statements.

On 7 January 2025, the Bank completed the issuance of an additional 429,665,684 shares to pay dividends (Note 21). As a result, the basic earnings per share (EPS) for the three-month period ended 31 March 2025 has been stated as follows:

#### 44. Financial risk management

##### (a) Risk management policies related to financial instruments

The Bank has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

This note presents information about the Bank's exposure to each of the above risks, the Bank's objectives, policies and processes for measuring and managing risk, and the Bank's management of capital.

##### *Risk management framework*

On the basis of the proposal of the Risk Committee, the Board of Directors ("the Board") monitors the Chief Executive Officer in developing and implementing risk management policies, and dealing with limitations on risk management according to the requirements and recommendations of SBV, independent auditing organisations and other Government entities.

The Chief Executive Officer monitors individuals and departments based on the proposal of the Credit Risk Handling Committee, the Asset Liability Committee (ALCO) and the Capital Management Committee in developing and implementing policies, risk management regulations and procedures of the Bank in each management field.

The Bank's risk management policies are established to identify and analyse the risks faced by the Bank, to set appropriate risk limits and controls and to monitor risks and adhere to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions, products and services offered. The Bank, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment, in which all employees understand their roles and obligations.

##### (b) Credit risk

The Bank is subject to credit risk through its lending, investing activities and in cases where it acts as an intermediary on behalf of customers or other third parties or issues guarantees.

The risk that counterparties might default on their obligations is monitored on an ongoing basis. To manage the level of credit risk, the Bank prefers to deal with counterparties with high creditworthiness and, where appropriate, requires collateral.

The Bank's primary exposure to credit risk arises through its loans. The amount of credit exposure in this regard is represented by the carrying amounts of the assets on the statement of financial position. In addition, the Bank is exposed to off-balance sheet credit risk through commitments to extend credit and guarantees issued.

The concentration of credit risk (on statement of financial position or off-balance sheet) arising from financial instruments exists in a group of counterparties when these groups have similar economic characteristics that may cause the ability of the counterparty groups to repay their debts to be similarly affected by changes in economic or other conditions.

The Bank has maintained an appropriate risk management policy to ensure these following basic principles:

- Establish appropriate risk management environment;
- Operate under healthy credit granting procedure;
- Maintain appropriate credit managing, measuring, supervising procedure; and
- Ensure adequate control on credit risk.

Credit risk management and control are implemented through relevant policies and procedures, including credit risk management policies and the activities of the Risk Council, the Risk and Debt Settlement Council and the Credit Council. The Bank classifies debts of customers and other credit institutions based on Circular 31, thereby regularly assessing the risks of problem debts, bad debts, and proposing appropriate handling measures.

To manage credit risks, the Bank uses tools such as developing policies and issuing regulations related to credit risk management, developing credit procedures, conducting credit risk reviews, developing a credit rating and debt classification system, and decentralizing authority in credit activities.

Depending on the level of risk, the Bank conducts credit approval through the individual level at the Business Unit, the Risk Management Division and the Credit Committee to ensure a loan is reviewed objectively, independently and compliantly. The granting of personal authority at the Business Unit is reviewed and adjusted periodically by the Bank.

The Bank's financial assets which are undue and not required to make allowance for, include loans in Group 1 which are classified as Current under Circular 31 and Decree 86, securities, receivables and other financial assets which are undue and not required to make allowance for. The Bank's Board of Management believes that the Bank has the ability to collect these financial assets adequately and timely in the future.

Financial assets that are "overdue but not requiring allowance yet" mainly comprise loans to customers classified by the Bank into Group 2 to Group 5, overdue receivables under Circular 31 and Decree 86 that do not require allowance yet as the Bank was holding sufficient collaterals to compensate for credit losses in accordance with current regulations of SBV.

Financial assets that are "overdue and allowance provided" mainly comprise loans to customers, loans to other CIs classified by the Bank in Group 2 to Group 5 and overdue receivables under Circular 31 and Decree 86 that require allowance and have been provided for by the Bank.

The following table presents the maximum exposure to credit risk from statement of financial position, before taking account of any collateral held or other credit risk enhancements:

(c) Market risk

(i) Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Bank was incorporated and operate in Vietnam with VND as their reporting currency. The major currency in which the Bank transacts is VND. The Bank's asset - liabilities structure included different types of currencies (such as USD, EUR, AUD, etc.), which is the main cause of currency risk. The Bank has set limits on positions by currency based on internal risk assessment process and regulations of SBV. Currency positions are monitored on a daily basis and hedging strategies used to ensure positions are maintained within established limits.

Carrying amounts of assets and liabilities by type of currencies as at 31 March 2026 and 31 December 2025 are as follows:

(ii) *Interest rate risk*

Interest rate risk is the risk arises when there is a difference of term in repricing of interest rate between assets and liabilities. All loan activities, mobilisation activities, investment activities of the Bank create interest rate risk.

The interest rate re-pricing term of fixed interest rate items is the remaining period from the date of the financial statements to the maturity date, and of variable interest rate items is the remaining period to the nearest interest rate re-pricing date.

The following assumptions and conditions have been adopted in the analysis of interest rate re-pricing term of the Bank's assets and liabilities:

- Cash on hand, securities held for trading, long-term investments and other assets (including fixed assets and other assets) are classified as non-interest-bearing items;
- Balances with the SBV are classified as current deposits, for non-interest-paying deposits classified as free-of items, for interest-paid deposits classified into less-than-one-month items;
- The interest rate re-pricing term of investment securities is determined based on contractual interest rate re-pricing term of each security;
- The interest rate re-pricing term of deposits with and loans to other CIs; loans to customers; amounts due to the Government and SBV; deposits and borrowings from other CIs; deposits from customers are determined as follows:
  - Items with fixed interest rate during the contractual term: the effective interest re-pricing term is determined based on the maturity date from the end of accounting period;
  - Items with floating interest rate: the effective interest re-pricing term is determined based on the time to the nearest interest rate re-pricing date from the end of accounting period.
- The interest re-pricing term of other liabilities is arranged based on the maturity date from the end of accounting period of each item.

The following table shows the Bank's assets and liabilities categorised by the earlier of contractual repricing date or maturity date at the end of the accounting period:

(\*) This balance is determined based on the contractual overdue days of each loan, not on customers basis.

(iii) *Liquidity risk*

Liquidity risk is the risk that results to the Bank's losses and/or failing to meet its payment obligation when the Bank cannot mobilise sufficient liquid capital at appropriate costs and/or cannot sell assets at fair value and/or the Bank has to mobilise funds at high costs to meet its payment obligations at a point of time. Liquidity risk arises due to un-matching of maturity terms of assets and maturity terms of liabilities that leads the Bank unable to meet its payment obligation.

The maturity term of assets and liabilities represents the remaining period from the end of accounting period to the maturity date agreed in the contracts or in terms of issuance.

The following assumptions and conditions are applied in the analysis of overdue status of the Bank's assets and liabilities on statement of financial position:

- Balances with the SBV are classified as demand deposits which include compulsory reserve. The balance of compulsory reserve depends on the proportion and terms of the Bank's customer deposits.
- The maturities of deposits at and loans to other CIs and loans to customers are based on the contractual repayment date of deposit contracts or loan contracts. The actual maturity may vary from contractual term when the contract is extended.
- The maturity term of investment securities is calculated based on the maturity date of each kind of securities.
- The maturity term of equity investments, long-term investments is considered more than 5 years because these investments do not have specific maturity date.
- The maturity term of fixed assets does not have specific maturity date.
- The maturity term of other assets is determined based on the actual maturity of each category of asset.
- The maturity term of deposits and borrowings from other CIs; and customer's deposits is determined based on features of these items or the maturity date as stipulated in contracts. Demand deposits are transacted as required by customers, and therefore, being classified as current accounts. The maturity term of borrowings and term deposits is determined based on the maturity date in contracts. In fact, these amounts may be rotated, and therefore, may last beyond the original maturity date.
- The maturity term of valuable papers issued is determined based on the actual maturity of each category of valuable paper.
- The maturity term of other liabilities is determined based on the actual maturity date of each liability.

The table below shows the analysis of assets and liabilities of the Bank by terms of maturity based on the remaining period from the end of the accounting period to the maturity date. In fact, the settlement date of assets and liabilities could be different according to separate agreements or amendments to contracts if any.

#### 46. Post balance sheet event

As the date of these interim financial statements, there were no significant events occurring after the balance sheet date that have significant impact or may have significant impact the Bank's operations and the Bank's financial position and operations that require adjustment or disclosure in the interim financial statements.

#### 47. Seasonality of business activities

The Bank's interim financial statements are not affected by seasonal or cyclical factors except for the following items:

##### *Statutory reserve fund*

The Bank is required to appropriate a reserve to supplement charter capital and financial reserve annually. The Bank appropriate these statutory reserves when there is a decision to appropriate at the annual General Meeting of Shareholders.

##### *Appropriation for welfare and bonus fund and basic earnings per share*

The appropriation of bonus and welfare funds from the profit after tax of this period shall only be made after the approval of the Bank's General Meeting of Shareholders based on the financial statements of the whole year. Therefore, when calculating basic earnings per share for the nine-month periods ending 31 March 2026, the Bank has not deducted the bonus and welfare funds in the period because the Bank's Board of Management cannot reliably estimate the expected amount to be allocated to the bonus and welfare funds from the profit of the current period.

#### 48. Exchange rate of some currencies at the end of the accounting period

The followings were the significant foreign exchange rates applied by the Bank at the end of the accounting period:

	31/3/2026 VND million	31/12/2025 VND million
USD	26,345	26,300
EUR	30,441	31,073
