D. PART FOUR – SHAREHOLDER DISCUSSION AT THE ANNUAL MEETING

Following the presentation of the reports and proposals, Mr. Tran Dinh Tuan, Chair of the General Meeting, presided over the shareholders' discussion on behalf of the Presiding Committee.

I. Shareholder Comments (No. 09) and Management Response

1. Regarding the 2026 business plan and revenue:

Shareholder's question: In 2026, VIMECO has set a consolidated pre-tax profit target of 8.1 billion VND. What are the key drivers behind the company's turnaround in profitability this year? How does management assess the feasibility of the revenue growth target of over 27%? Of that total, what percentage of revenue is already secured through existing projects or pre-signed contracts?

Mr. Dang Van Hieu, CEO, responded: The 2025 business results showed a loss primarily because the company had to set aside provisions for doubtful accounts receivable; in reality, our core business operations remain well-controlled and profitable. With our current management system, we are confident in achieving our 2026 profit target. Regarding the revenue base, contracts carried over from 2025 to 2026 currently account for approximately 80% of the set plan. The Management Board will strive to identify and secure additional contracts through bidding for the remaining 20% in 2026.

2. Regarding the direction for participating in public investment projects:

Shareholder's question: Given the strong push for public investment, does VIMECO plan to participate in national transportation infrastructure projects?

Mr. Dang Van Hieu, General Director, replied: The Executive Board always pays close attention to all sources of capital, particularly public investment—which is currently creating a significant number of job opportunities. In response to the government's push to boost investment in transportation infrastructure (roadways and high-speed rail), VIMECO has prepared the necessary resources to actively participate in these projects.

3. Regarding legal risks related to the former Chairman of the Board of Directors:

Shareholder's question: Does the indictment of Mr. Duong Van Mau—the company's former Chairman of the Board of Directors—have any impact on business operations? Is the company currently cooperating by providing documents and materials

to support the investigation into projects/contracts during Mr. Mau's tenure? What measures has the Board of Directors taken to manage legal risks and ensure the company is not adversely affected?

Mr. Dang Van Hieu, General Director, responded: The recent indictment of Mr. Duong Van Mau is related to violations at the Long Thanh Airport Project. In this project, VIMECO participated as a subcontractor for the parent company. The company has been and continues to cooperate in providing information as requested by the investigative authorities. However, as of now, VIMECO's operations have not been affected, and the company has not committed any violations in either the bidding process or construction work.

II. Shareholder Comments (No. 019) and Management's Response

1. Regarding provisions for doubtful accounts receivable:

Shareholder's question: Regarding the consolidated financial statements for the first quarter, we request that management provide a more detailed explanation of the doubtful accounts receivable and the provision of 45 billion VND.

Mr. Dang Van Hieu, CEO, replied: The total provision balance on the financial statements is currently 45 billion VND. Of this amount, 10.4 billion VND represents new provisions made in 2025. The remaining amount (nearly 35 billion VND) consists of outstanding receivables dating back five years or more, related to the retail and large-scale concrete production sectors involving numerous small-scale partners. The Company will provide shareholders with a detailed breakdown of these receivables in a separate document containing specific data.

2. Regarding debt obligations and the plan to alleviate financial pressure:

Shareholder's question: Current liabilities are nearly 800 billion VND (accounting for 70%–80% of total assets). Does the company have plans to reduce its outstanding loan and finance lease balances this year? Will this debt burden have a negative impact on business operations?

Mr. Dang Van Hieu, CEO, replied: The management team has been and continues to be resolute in implementing measures to reduce bank loan balances. Specifically, from over 500 billion VND at the end of 2025, the company has reduced its loan balance to over 400 billion VND as of the second quarter of this year. Moving forward, we will intensify our debt collection efforts to further reduce the burden of interest expenses, thereby optimizing economic efficiency and generating better profits for the company.

VIMECO Joint Stock Company warmly welcomes and sincerely thanks all delegates and shareholders for attending the Company's 2026 Annual General Meeting of Shareholders.

In 2025, the domestic economy continued to show positive signs of recovery, with public investment being stepped up and the business environment gradually improving. However, construction companies continued to face significant pressures from price competition, fluctuations in input costs, cash flow constraints, and increasingly stringent requirements regarding project timelines, quality, and construction safety.

Under the guidance of the Board of Directors, the Executive Board has focused on managing business operations with a prudent approach, emphasizing risk control, resource conservation, and prioritizing efficiency, capital safety, and debt collection. The Executive Board is pleased to report to our shareholders the results of our business operations for 2025 and our strategic direction for 2026 as follows:

2. Overview of the Company's 2025 Business Operations Results

Consolidated financial results: Net revenue reached VND 816.98 billion, equivalent to 70.41% of the 2025 target and 73.07% of the 2024 figure; pre-tax loss of VND 6.80 billion; net loss of VND 9.65 billion.

Revenue in 2025 is projected to decline compared to 2024 and will fall short of the set targets. The gross profit margin remains under significant pressure due to intense competition in the construction sector, cost fluctuations, and delays in project implementation, acceptance, and final settlement at certain projects that have not met expectations.

Financial expenses and general and administrative expenses continue to be items that significantly impact operating results. Accordingly, management has identified the key priority for 2026 as closely monitoring cash flow, expenses, accounts receivable and payable, and the performance of each contract and project.

3. Detailed assessment of each of the Company's business areas

3.1. Regarding construction and installation activities

Construction and installation activities remain a key focus within the Company's business operations. In 2025, the Executive Board will prioritize selecting projects with secure funding, ensuring strict control over payment terms and implementation capabilities, rather than pursuing volume at any cost. Construction operations are managed with a focus on controlling progress, quality, workplace safety, the volume of work accepted, and settlement documentation from the very start of implementation.

3.2. In the field of construction materials

With regard to the construction materials business, the Company continues to review the operational efficiency of its facilities, prioritizing projects with secure funding, clear timelines, and defined payment terms; at the same time, it strictly controls costs related to raw materials, labor, and equipment operation to mitigate risks arising from the low profit margins in the construction industry.

3.3. Regarding real estate investment and business activities

Real estate investment and business activities are being carried out with a cautious approach, in line with the company's financial capacity and market conditions. The company continues to evaluate investment opportunities, legal procedures, zoning plans, partnership arrangements, and capital utilization efficiency, ensuring adherence to the principles of capital safety and long-term effectiveness.

3.4. Regarding financial, accounting, and cash flow management

The company continues to maintain cooperative relationships with banks and financial institutions to meet its capital needs for production and business operations. The preparation, audit, and publication of the 2025 financial statements were conducted in accordance with regulations. In 2026, financial management efforts will focus on

controlling financial costs, collecting receivables, reducing capital tied up in projects, and balancing capital sources for regular operations.

II. 2026 BUSINESS AND PRODUCTION PLAN

In 2026, the Company continues to aim to strengthen its financial foundation, improve the efficiency of its construction and installation operations, manage cash flow risks, develop projects with sound financing, and lay the groundwork for suitable investment opportunities. Specific plan targets will be submitted to the General Shareholders' Meeting for review and approval based on the Company's 2026 business plan.

2. Directions and Solutions for Implementing the 2026 Plan

- Regarding construction and installation activities: Strengthen project management by ensuring integrated control over schedule, quality, safety, and costs; assign clear responsibilities to each unit and project management team; and regularly review the effectiveness of each contract to promptly adjust construction methods.

- Regarding project acceptance, final settlement, and debt collection: Intensify efforts to verify completed work, finalize settlement documentation, and collect outstanding debts; treat these as key priorities to improve cash flow, reduce pressure on working capital, and lower financial costs.

- Regarding construction materials and equipment: Effectively review stations, equipment, and vehicles; utilize them in accordance with project needs and avoid spreading investments too thinly; strengthen control over consumption standards for materials, fuel, repairs, and maintenance.

In 2025, the Company faced significant pressure regarding revenue, profits, and cash flow. The Executive Board is fully aware of the existing issues and challenges in production and business operations and will focus on managing the Company in 2026 with a focus on substance, capital safety, improving project efficiency, controlling costs, and strengthening debt collection.

REPORT OF THE BOARD OF DIRECTORS

Re: 2025 Performance Results of the Board of Directors and Individual Board Members, and Work Plan for 2026

To: THE 2026 ANNUAL SHAREHOLDERS' MEETING

In 2025, the global and domestic economic landscape will continue to be highly volatile; the construction, building materials, and real estate markets are showing signs of recovery while facing significant pressure from competition, fluctuations in input prices, financing costs, and increasingly stringent requirements regarding construction schedules, quality, and safety.

In this context, the Board of Directors of VIMECO Joint Stock Company ("the Company") has strictly adhered to the Resolution of the 2025 Annual General Meeting of Shareholders, directing the Executive Board to manage business operations in a prudent and flexible manner, with a focus on risk control, prioritizing cash flow security, and enhancing management efficiency. At the same time, the Board of Directors has carried out personnel restructuring, assigned responsibilities, and approved matters within its authority to meet the Company's operational requirements in this new phase.

The Board of Directors is pleased to report to our shareholders on the results of operations for 2025 and the strategic direction and objectives for 2026 as follows:

I. Review of the Company's Business Performance in 2025

In 2025, the Company was significantly impacted by a decline in construction revenue, low profit margins, and cost pressures during project implementation. According to the audited 2025 Financial Statements, consolidated revenue from sales and services amounted to VND 816.98 billion; consolidated net loss was VND 9.65 billion. For the Parent Company, revenue from sales and services reached VND 810.19 billion; net loss was VND 10.20 billion.

The above results indicate that business operations in 2025 fell short of expectations, particularly in terms of profitability. However, despite the challenging market conditions, the Company has managed to maintain the scale of its operations, ensuring continuity in management, construction, project acceptance, and financial settlement, while continuing to review and restructure its resources in preparation for the next phase.

The Board of Directors assesses that the challenges in 2025 stem primarily from the following factors: intense competition in the construction sector, fluctuations in material prices and input costs, the progress of certain projects falling short of expectations, and limited operational efficiency of certain assets and projects, while working capital requirements and debt collection efforts continue to put pressure on cash flow.

The Company's Executive Board directly manages business operations in accordance with the functions and responsibilities set forth in the Company's Charter, and implements business plans in accordance with the resolutions of the General Meeting of Shareholders and the resolutions and decisions of the Board of Directors.

Regarding the achievement of general economic targets: The parent company's and consolidated business results for 2025 declined significantly compared to 2024 and failed to meet the targets set by the General Shareholders' Meeting, specifically:

- Parent Company: Net revenue was VND 810.2 billion, representing 70.43% of the 2025 plan and only 72.97% of the 2024 actual results; Pre-tax profit was a loss of 7.35 billion VND (the 2025 plan was a profit of 9.4 billion VND, and the 2024 actual result was a profit of 8.53 billion VND).

Specifically, the Company's main activities (consolidated):

- Construction and Installation Activities: This is the Company's largest business segment. Revenue in 2025 is expected to decline compared to 2024 due to the impact of project timelines, competition, and rising input costs. Specifically, consolidated revenue in 2025 was 459.6 billion VND, a decrease of 362.2 billion VND (equivalent to 56%)

compared to 2024. Gross profit from construction and installation activities reached 5.4 billion VND (a decrease of 47.3 billion VND compared to 2024).

- Construction Materials Production: The Company continues to review the operational efficiency of its plants, prioritizing projects with secured funding, clear timelines, and defined payment terms; simultaneously, it strictly controls costs related to raw materials, labor, and equipment operation to mitigate risks arising from the low profit margins in the construction industry. Revenue for 2025 is projected at VND 308.7 billion, an increase of VND 48.4 billion compared to 2024; gross profit is projected at VND 45.4 billion (an increase of VND 26 billion compared to 2024).
- The integrated services business (education, office leasing, equipment maintenance and repair, etc.) is projected to generate revenue and gross profit of VND 41.5 billion and VND 20.2 billion, respectively, in 2025, representing 119% and 155% of the 2024 figures.
- Real estate sales generated revenue of 7.2 billion VND and gross profit of 596 million VND.
- Consolidated administrative expenses for 2025 were VND 51.2 billion (equivalent to 6.3% of revenue), an increase of VND 8.4 billion compared to 2024, primarily due to the provision for doubtful accounts receivable (VND 10.4 billion).
- Financial expenses in 2025 decreased by VND 2.2 billion compared to 2024 but remained high at VND 39.9 billion (equivalent to 4.9% of revenue); net financial expenses (NFE) were VND 36.9 billion (equivalent to 4.5% of revenue).
- In 2025, the Company reported other income of 9.8 billion VND, primarily from the disposal of assets.
- Total accounts receivable and inventory at year-end decreased significantly compared to the beginning of the year (a decrease of VND 255.2 billion), but still accounted for a high proportion (66%) of Total Assets, which is one of the factors contributing to high outstanding debt (consolidated outstanding loans and finance leases at the end of 2025 were 547.3 billion VND (47% of Total Capital), a decrease of 17.8 billion VND compared to the beginning of the year), resulting in substantial financial costs and posing risks related to settlement and debt collection.

The Audit Committee acknowledges that the Executive Board has made efforts to manage the Company's business operations; however, the business results fell short of the plan and were significantly lower than the 2025 figures.

V. Audit of the 2025 Financial Statements

- The Company's 2025 Separate Financial Statements and Consolidated Financial Statements were prepared in accordance with current Vietnamese accounting standards and regulations; they were audited by the Hanoi Branch of A&C Audit and Consulting Co., Ltd. (an entity approved by the State Securities Commission to audit listed companies).

- The auditor's opinion on the Company's 2025 Consolidated Financial Statements and Combined Financial Statements: The financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2025, as well as the results of its operations and cash flows for the fiscal year ended on that date, in accordance with Vietnamese corporate accounting standards and Vietnamese corporate accounting regulations, and relevant legal provisions regarding the preparation and presentation of financial statements.
- The Audit Committee approved the Company's 2025 Consolidated Financial Statements and Combined Financial Statements, which were audited by the Hanoi Branch of A&C Audit and Consulting Co., Ltd.

MEMORANDUM

Re: Approval of the policy regarding transactions with Vinaconex Joint Stock Corporation and/or its subsidiaries within the Vinaconex Group, and/or companies within the Vimeco Group

To: The 2026 Annual General Meeting of Shareholders

Vimeco Joint Stock Company was established in 1997, and Vietnam Import-Export and Construction Joint Stock Corporation (Vinaconex) is currently its major shareholder. Vimeco Joint Stock Company works closely with Vinaconex Corporation and other member units of the Vinaconex Group in complementary or related specialized fields to participate in bidding and construct large-scale projects and works that demand high standards of quality and strict adherence to schedules.

In line with its future business strategy, Vimeco Joint Stock Company will transition from a purely construction and installation enterprise to a diversified joint stock company with three core business areas: 1) construction and installation; 2) investment; and 3) services and financial investment. Therefore, the establishment of additional member companies within the Vimeco Group is essential. Vimeco and the companies within the same group operate under a common business model and are interconnected through shareholdings, capital contributions, or other forms of affiliation.

For the reasons stated above, in order to leverage the strengths of operating under the economic group/holding company model, while ensuring seamless connectivity and coordinated operations among companies within the Vinaconex and Vimeco groups, the Company's Board of Directors respectfully submits the following proposal for approval by the 2026 Annual General Meeting of Shareholders:

1. Approval of the policy regarding future contracts and transactions between Vimeco Joint Stock Company and Vietnam Import-Export and Construction Corporation - Vinaconex and/or subsidiaries of Vietnam Import-Export and Construction Joint Stock Corporation and/or companies within the VIMECO Group (detailed list in Attachment 01) in accordance with Article 167 of the 2020 Enterprise Law, Article 293 of Decree No. 155/2020/ND-CP dated December 31, 2020, of the Government detailing the implementation of certain provisions of the Securities Law, and Clause 84 of Article 1 of Decree No. 245/2025/ND-CP dated September 11, 2025, of the Government amending and supplementing certain provisions of Decree No. 155/2020/ND-CP

2. The General Meeting of Shareholders authorizes the Company's Board of Directors to determine the specific terms and conditions of the contracts and transactions referred to in Section 1 above, including the amendment, supplementation, termination, or replacement of such contracts and transactions.

The Board of Directors of Vimeco Joint Stock Company hereby submits this proposal to the General Meeting of Shareholders for consideration and approval.
