Following the guidance on information disclosure of Circular No. 96/2020/TT-BTC dated 16/11/2020 of the Ministry of Finance, BOT Cau Thai Ha Joint Stock Company would like to explain the contents of the Financial Statement for the first quarter of 2026 as follows:

1. Profit after tax in the Financial Statements of the first quarter of 2026 compared to profit after tax at the same period last year has a change of over 10%. Specifically:

Profit after tax in the first quarter of 2025: (13,720,332,160) VND

Profit after tax in the first quarter of 2026: (12,294,046,632) VND

The reason for this change is because: In the first quarter of 2026, the Company will continue to carry out business activities according to the business plan approved at the Annual General Meeting of Shareholders in 2025. Revenue from toll collection increased due to the increase in vehicle traffic through the station, increased profits, leading to the difference between the 2 comparison periods.

2. Profit after tax in the reporting period is at a loss because the revenue from the company's fee collection activities is not enough to compensate for the company's expenses. The company has reported to the competent ministries and departments to propose to solve the remaining problems in the Thai Ha Bridge Project.

The above is the explanation of Thai Ha Bridge BOT Joint Stock Company on the Financial Statements of the first quarter of 2026 compared to the same period last year. We commit that the information published above is true and fully responsible before the law for the content of the information disclosed.
