*Re: Explanation of the increase/decrease in
profit for Q2 2026 compared to Q2 2025*

Tay Ninh, July 17 2026

To: The Hanoi Stock Exchange (HNX)

Pursuant to Circular No. 96/2020/TT-BTC dated November 16, 2020 issued by the Ministry of Finance providing guidance on information disclosure in the securities market;

Long An Water Supply Sewerage Joint Stock Company hereby provides an explanation for The fluctuation in profit after corporate income tax in the Q2 2026 financial statements shows a difference of 10% or more compared to the Q2 2025 financial statements, as detailed below:

Unit: Million VND

Content	Q2 2026	Q2 2025	Changes	Rate
The profit after corporate income tax	13,267	16,568	3,301	-19.92%

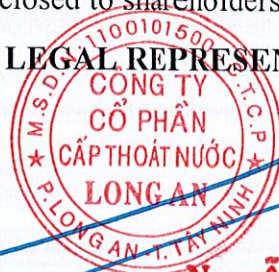

The fluctuation in profit after tax in Q2 2026 decreased by 19.92% compared to the same period last year. This result reflects the impact of increased key operating expenses to serve the company's long-term operational strategy. Specifically, selling expenses increased as the company promoted solutions for customer outreach and care. At the same time, to optimize efficiency and ensure the safety of the technical infrastructure system, the Company carried out periodic major upgrades and repairs of key fixed assets, leading to higher repair expenses compared to the same period and reducing the net profit margin in the reporting period.

The above represents Long An Water Supply Sewerage Joint Stock Company's explanation of the fluctuation in profit after tax in the Quarter II, 2026 financial statements compared to Quarter II, 2025, submitted to the Hanoi Stock Exchange and disclosed to shareholders for their information.
