6. Contents of disclosure information:

6.1 The financial statement of the second quarter of 2026 of Portserco Logistics Joint Stock Company is prepared on July 20, 2026 (full text of the Financial Statement of the second quarter of 2026).

6.2 Explanation (10% difference in profit compared to the same period last year):

The Company's profit after income tax in the second quarter of 2026 reached VND 1,681,112,465, an increase of VND 452,625,707 (equivalent to an increase of 36.84%) over the same period in 2025 reached VND 1,228,486,758.

Main reasons: Revenue from sales and service provision in the second quarter of 2026 reached VND 79,800,456,439, up 95.56% over the same period in 2025 (VND 40,806,218,245); however, the cost of goods sold and financial expenses (interest) also increased respectively due to the Company's expansion of investment in vehicles and the influence of fluctuations in fuel prices (diesel), resulting in a decrease in net profit from main business activities over the same period. During the period, the Company incurred another income of VND 1,384,259,258 (mainly from the liquidation of vehicles and equipment that are no longer in demand), which was the main reason for the increase in profit after tax in the second quarter of 2026 over the same period.
