Compared to the second quarter of 2025, the financial indicators in the consolidated financial report for the second quarter of 2026 fluctuated due to the following main reasons:

- Promoting export activities and domestic trading of agricultural products, resulting in increased efficiency of main business activities;
- Exchange rate effects led to a decrease in financial costs;
- The recovery of outstanding debts led to an increase in the efficiency of other activities;
- With operating expenses (management and sales): sales expenses related to export and domestic operations increased, resulting in increased operating expenses;
