Currency: VND

No.	Description	The second quarter of 2026	The second quarter of 2025	Variance
				Amount
1	Revenue from sales and service provision	196,740,856,985	121,697,706,275	75,043,150,710

Profit after corporate income tax in the consolidated financial statements for the second quarter of 2026 increased by VND 23,432,398,211 compared to the second quarter of 2025, mainly due to higher income from goods trading and the completion and settlement of construction projects, resulting in a corresponding increase in profit after tax.

Through this official letter, the Company submits its explanation to the Hanoi Stock Exchange and the State Securities Commission regarding the increase in profit after tax in the consolidated financial statements for the second quarter of 2026 compared to the same period in 2025.

Yours faithfully.
