IDICO Corporation - JSC

REPORT OF MANAGEMENT

The management of IDICO Corporation - JSC ("the Company") is pleased to present this report and the interim separate financial statements of the Company for the period ended 30 June 2026.

THE MANAGEMENT'S RESPONSIBILITY IN RESPECT OF THE INTERIM SEPARATE FINANCIAL STATEMENTS

The management is responsible for the interim separate financial statements of each financial period which give a true and fair view of the interim separate financial position of the Company and of the interim separate results of its operations and its interim separate cash flows for the period. In preparing those interim separate financial statements, the management is required to:

- ▶ select suitable accounting policies and then apply them consistently;
- ▶ make judgements and estimates that are reasonable and prudent;
- ▶ state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the interim separate financial statements; and
- ▶ prepare the interim separate financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The management is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy at any time, the interim separate financial position of the Company and to ensure that the accounting records comply with the applied accounting system. It is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The management confirmed that it has complied with the above requirements in preparing the accompanying interim separate financial statements.

STATEMENT BY THE MANAGEMENT

The management does hereby state that, in its opinion, the accompanying interim separate financial statements give a true and fair view of the interim separate financial position of the Company as at 30 June 2026 and of the interim separate results of its operations and its interim separate cash flows for the period then ended in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the interim separate financial statements.

The Company has subsidiaries as disclosed in the interim separate financial statements. The Company prepared these interim separate financial statements in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System, and the relevant legal regulations on the preparation and presentation of interim separate financial statements. In addition, the Company has also prepared the interim consolidated financial statements of the Company and its subsidiaries for the six-month period ended 30 June 2026 dated 27 August 2026 in accordance with the above prevailing regulations on the preparation and presentation of interim consolidated financial statements.

Users of the interim separate financial statements should read them together with the said interim consolidated financial statements in order to obtain full information on the interim consolidated financial position, interim consolidated results of operations and interim consolidated cash flows of the Company and its subsidiaries.

REPORT ON REVIEW OF INTERIM SEPARATE FINANCIAL STATEMENTS

To: The Shareholders of IDICO Corporation - JSC

We have reviewed the accompanying interim separate financial statements of IDICO Corporation - JSC ("the Company"), as prepared on 27 August 2026 and set out on pages 5 to 54, which comprise the interim separate statement of financial position as at 30 June 2026, and the interim separate income statement and the separate cash flow statement for the period ended and the notes thereto.

The management's responsibility

Management is responsible for the preparation and true and fair presentation of these interim separate financial statements in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the interim separate financial statements, and for such internal control as management determines is necessary to enable the preparation and presentation of the interim separate financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express a conclusion on the interim separate financial statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review Engagements No. 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Shape the future
with confidence

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim separate financial statements do not give a true and fair view, in all material respects, of the interim separate financial position of the Company as at 30 June 2026, and of the interim separate results of its operations and its interim separate cash flows for the six-month period then ended in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the interim separate financial statements.

2. BASIS OF PREPARATION**2.1 Purpose of preparing the interim separate financial statements**

The Company has subsidiaries as disclosed in Note 1 and Note 16.1. The Company prepared these interim separate financial statements in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System, and the statutory requirements relevant to the preparation and presentation of interim separate financial statements. In addition, the Company has also prepared the interim consolidated financial statements of the Company and its subsidiaries for the six-month period ended 30 June 2026 dated 27 August 2026 in accordance with the above prevailing regulations on the preparation and presentation of interim consolidated financial statements.

Users of the interim separate financial statements should read them together with the said interim consolidated financial statements in order to obtain full information on the interim consolidated financial position, the interim consolidated results of operations and the interim consolidated cash flows of the Company and its subsidiaries.

2.2 Accounting standards and system

The interim separate financial statements of the Company expressed in Vietnam dong ("VND"), are prepared in compliance and accordance with Vietnamese Enterprise Accounting System and Vietnamese Accounting Standard No. 27 - Interim Financial Reporting and other Vietnamese Accounting Standards issued by the Ministry of Finance as per:

- Decision No. 149/2001/QD-BTC dated 31 December 2001 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 1);
- Decision No. 165/2002/QD-BTC dated 31 December 2002 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 2);
- Decision No. 234/2003/QD-BTC dated 30 December 2003 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 3);
- Decision No. 12/2005/QD-BTC dated 15 February 2005 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 4); and
- Decision No. 100/2005/QD-BTC dated 28 December 2005 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 5).

Accordingly, the accompanying interim separate financial statements, including their utilization are not designed for those who are not informed about Vietnam's accounting principles, procedures and practices and furthermore are not intended to present the interim separate financial position and separate results of operations and interim separate cash flows in accordance with accounting principles and practices generally accepted in countries other than Vietnam.

2.3 Applied accounting documentation system

The Company's applied accounting documentation system is the General Journal system.

2.4 Reporting period

The Company's fiscal year applicable for the preparation of its interim separate financial statements starts on 1 January and ends on 31 December.

These interim separate financial statements are prepared for the six-month period ended 30 June 2026.

2.5 Accounting currency

The interim separate financial statements are prepared in VND which is also the Company's accounting currency.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)

As at 30 June 2026 and for the six-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**3.1 *Changes in Accounting Policies and Disclosures***

The accounting policies adopted by the Company in preparation of the interim separate financial statements are consistent with those followed in the preparation of the Company's separate financial statements for the year ended 31 December 2025 and the interim separate financial statements for the six-month period ended 30 June 2025 except for the changes in the accounting policies arising from the initial adoption of Circular No. 99/2025/TT-BTC.

On 27 October 2025, the Ministry of Finance issued Circular No. 99/2025/TT-BTC providing guidance on the enterprise accounting system ("Circular 99"), replacing Circular No. 200/2014/TT-BTC providing guidance on the enterprise accounting regime issued by the Ministry of Finance on 22 December 2014 and several other related regulations.

The Company has applied changes in accounting policies in accordance with Circular 99, which have affected the Company on a prospective basis, as Circular 99 does not require retrospective application for these changes. The Company has also re-presented the corresponding figures of certain line items to conform with the presentation under Circular 99, as disclosed in Note 36.

3.2 *Cash and cash equivalents*

Cash and cash equivalents comprise cash on hand, cash at banks and short-term highly liquid investments with an original maturity of not more than three (3) months that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value.

3.3 *Inventories**Industrial park inventory*

Industrial park real estate developed or constructed for conveyance of land use right/land lease right and rights to exploit the existing infrastructure on the land to customers in the ordinary course of the Group's operations is recognized as inventory and measured at the lower of cost and net realizable value.

Cost of inventory property comprise direct cost:

- ▶ Purchase cost, freehold and leasehold rights for land;
- ▶ Amounts paid to contractors for construction; and
- ▶ Borrowing costs, planning and design costs, costs of site preparation, professional fees for legal services, property transfer taxes, construction overheads and other related costs

Net realisable value is the estimated selling price in the ordinary course of the business, based on market price at the end of the period, and less the estimated cost to complete and the estimated selling price.

Cost of properties sold is recognized in the interim consolidated income statement based on the direct costs attributable to the development of the respective properties and allocated common costs, which are apportioned according to the corresponding area of those properties.

Other inventories

Other Inventories are measured at their historical costs. The cost of other inventories comprises costs of purchase, costs of conversion (including raw materials, direct labour cost, other directly related cost, manufacturing general overheads allocated based on the normal operating capacity) incurred in bringing the inventories to their present location and condition.

In case the net realisable value is lower than the cost, it must be calculated according to the net realisable value.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)

As at 30 June 2026 and for the six-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**3.3 Inventories** (continued)*Other inventories* (continued)

Net realisable value ("NRV") represents the estimated selling price in the ordinary course of business less the estimated costs to complete and the estimated costs necessary to make the sale.

The Company determines quantities and value of inventories issued in the period based on determining quantities and value for each incurred transaction, and recognises value of the inventories issued as follows:

- | | |
|--------------------|--|
| Merchandise | - cost of purchase on a weighted average basis |
| Tools and supplies | - cost of purchase on a weighted average basis |

Provision for diminution in value of inventories

An inventory provision represents the estimated loss to reflect the decrease in value of inventories (through diminution, damage, obsolescence, etc.) below their carrying amount and is intended to cover actual losses incurred from the decline in value of raw materials, finished goods and other inventories. The Company recognises the inventory provision when there is evidence that the net realisable value is lower than the cost of inventories.

Increases or decreases to the provision balance are recognised in cost of goods sold in the interim separate income statement. When inventories expire, become obsolete, are damaged or are no longer usable, the difference between the provision previously made and the historical cost of inventories is included in the interim separate income statement.

3.4 Receivables

Receivables are presented in the interim separate statement of financial position at the carrying amounts due from customers and other debtors, after deducting provision for doubtful debts.

The provision for doubtful debts represents amounts of outstanding receivables at the statement of financial position date which are doubtful of being recovered. Increases or decreases to the provision balance are recorded as general and administrative expense in the interim separate income statement. When bad debts are determined as unrecoverable and accountant writes off those bad debts, the differences between the provision for doubtful receivables previously made and historical cost of receivables are included in the interim separate income statement.

For overdue receivables, provision for doubtful debts is provided as follows:

<u>Overdue period</u>	<u>Provision rate</u> <u>(% of receivable value)</u>
From 6 months to less than 1 year	30
From 1 year to less than 2 years	50
From 2 years to less than 3 years	70
3 years or more	100

3.5 Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation.

The cost of a tangible fixed asset comprises its purchase price and any directly attributable costs of bringing the tangible fixed asset to the location and condition necessary for it to be capable of operating as intended by the Company and the costs of dismantling and removing the asset and restoring the site on which it is located, if any.

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and expenditures for maintenance and repairs are charged to the interim separate income statement as incurred.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)

As at 30 June 2026 and for the six-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**3.5 Tangible fixed assets** (continued)

Tangible fixed assets have been revalued using the asset method to determine the enterprise value for the purpose of equitization of enterprises with 100% state owned capital as of 31 December 2014. Accordingly, the historical cost of tangible fixed assets is stated at cost of revaluation in accordance with the Minutes of the valuation of the Company.

When tangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the interim separate income statement.

3.6 Intangible fixed assets

Intangible fixed assets are stated at cost less accumulated amortization.

The cost of an intangible fixed asset comprises its purchase price and any directly attributable costs of preparing the intangible fixed asset to a condition for it to be capable of operating for its intended use of the Company.

Expenditures for additions, improvements are added to the carrying amount of the assets and other expenditures are charged to the interim separate income statement as incurred.

When intangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the interim separate income statement.

Land use rights

Land use rights are recorded as intangible fixed assets when the Company obtained the land use right certificates.

Advance payment for land rental under land lease contracts effective before 2003 for which land use right certificate have been issued are recorded as intangible fixed asset according to Circular No. 45/2013/TT-BTC issued by the Ministry of Finance on 25 April 2013 guiding the management, use and depreciation of fixed assets ("Circular 45").

3.7 Leased assets

The determination of whether an arrangement is or contains a lease is based on the substance of the arrangement at inception date and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset and the arrangement conveys a right to use the asset.

A lease is classified as a finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership of the asset to the lessee. All other leases are classified as operating leases.

Where the Company is the lessee

Rentals under operating leases are charged to the interim separate income statement on a straight-line basis over the lease term.

Where the Company is the lessor

Assets subject to operating leases are included as the Company's investment properties in the interim separate statement of financial position. Initial direct costs incurred in negotiating an operating lease are recognized in the interim separate income statement as incurred.

For other cases under an operating lease remained, lease income is recognized in the interim separate income statement on a straight-line basis over the lease term. Advance rental payments received under operating lease contracts are recognised as deferred revenue and amortised to revenue on a straight-line basis over the lease term.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)

As at 30 June 2026 and for the six-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**3.8 Depreciation and amortization**

Depreciation of tangible fixed assets and amortization of intangible fixed assets are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Land use rights	45 years
Buildings and structures	3 - 45 years
Machinery and equipment	2 - 20 years
Means of transportation	1 - 8 years
Office equipment	1 - 8 years
Others	2 - 5 years

No amortisation is required for infinite land use right.

Tangible fixed assets are depreciated from the time the assets are available for use. Intangible fixed assets are amortized from the time they are put into use.

3.9 Investment properties

Investment properties are stated at cost including transaction costs less accumulated depreciation. Investment properties held for capital appreciation are not depreciated but subject to impairment review.

Subsequent expenditure relating to an investment property that has already been recognised is added to the net book value of the investment property when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing investment property, will flow to the Company.

Depreciation of investment properties is calculated on a straight-line basis over the estimated useful life of each asset as follows:

Industrial park development cost	35 - 48 years
Factory for rent	25 - 45 years

Investment properties are derecognised when either they have been disposed of or when the investment properties are permanently withdrawn from use and no future economic benefit is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the assets is recognised in the interim separate income statement in the period of retirement or disposal.

Transfers are made to investment properties when, and only when, there is a change in use, evidenced by ending of owner-occupation, commencement of an operating lease to another party or ending of construction or development. Transfers are made from investment properties when, and only when, there is change in use, evidenced by commencement of owner-occupation or commencement of development with a view to sale. The transfer from investment property to owner-occupied property or inventories does not change the cost or the carrying value of the property for subsequent accounting at the date of change in use.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)

As at 30 June 2026 and for the six-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**3.10 Construction in progress**

Construction in progress represents the costs of acquiring new assets that have not yet been fully installed or the costs of construction that have not yet been fully completed. Construction in progress is stated at cost, which includes all necessary costs to construct, repair, renovate, expand, or re-equip the projects with technologies, such as construction costs, tools and equipment costs, project management costs, construction consulting costs, and borrowing costs that are eligible for capitalization

Construction in progress will be transferred to the appropriate fixed asset and investment properties accounts when these assets are fully installed or the construction project is fully completed, and depreciation of these assets will commence when they are ready for their intended use.

Construction costs are recognized as expenses when such costs do not meet the conditions to be recognized as fixed assets and investment properties.

3.11 Investments*Investments in subsidiaries*

Investments in subsidiaries that are excluded from interim separate financial statements are carried at cost.

Distributions from accumulated net profits of these subsidiaries arising subsequent to the date of acquisition are recognised in the interim separate income statement. Distributions from sources other than from such profits are considered a recovery of investment and are deducted to the cost of the investment.

Investments in associates

Investments in associates over which the Company has significant influence are carried at cost.

Distributions from the accumulated net profits of the associates arising subsequent to the date of acquisition by the Company are recognized in the interim separate income statement. Distributions from sources other than from such profits are considered a recovery of investment and are deducted from the cost of the investment.

Investments in other entities

Investments in other entities are stated at their acquisition costs.

Held-to-maturity investments

Held-to-maturity investments are stated at costs.

Provision for diminution in value investments

Provision for diminution in value of the investment is made when there are reliable evidences that a part or whole of an investment (including investments held to maturity, if any) has suffered a diminution in value or is not recoverable at the statement of financial position date.

Increases or decreases to the provision balance are recorded as finance expense in the interim separate income statement.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)

As at 30 June 2026 and for the six-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**3.12 Deferred expenses**

Deferred expenses are reported as short-term or long-term deferred expenses on the interim separate statement of financial position and are amortised over the period to which they relate or during which the related economic benefits are consumed.

The following types of expenses are recorded as long-term prepaid expense and are amortised to the interim separate income statement:

- Costs related to leased infrastructures incurred for production and business operations over multiple accounting periods;
- Prepaid insurance premium;
- Tools and consumables used for more than one year with high value; and
- Repair and periodic maintenance costs of fixed assets related to business operations over multiple accounting periods.

3.13 Borrowing costs

Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds.

Borrowing costs are recorded as expenses during the period in which they are incurred, except to the extent that they are allocated or capitalised as explained in the following paragraph.

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset.

Costs directly related to the borrowing, excluding interest expense, such as valuation fees, audit fees, loan documentation costs, and loan arrangement fees, are allocated over the loan period using straight line method.

3.14 Payables

Trade and other payables comprise obligations of the Company to suppliers of materials and goods, service providers, vendors of property, plant and equipment, investment properties and financial investments under executed economic contracts and amounts payable to main and subcontractors for construction and installation works.

3.15 Deferred revenue

Deferred revenue comprises advances received relating to services to be rendered in future accounting periods in connection with real estate leasing activities and other services.

Advances received relating to real estate leasing services and other services not yet rendered are recognized as deferred revenue to the extent of the Company's remaining performance obligations. When the revenue recognition criteria are satisfied, the corresponding portion of deferred revenue is recognized in the interim separate statement of income in the period in which such criteria are met.

3.16 Accruals

Accrued expenses comprise amounts payable for goods and services that have been received from suppliers or provided to customers during the reporting period but have not yet been paid due to the absence of sufficient supporting documents, accounting records or documentation and are recognised as production and business expenses of the reporting period.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)

As at 30 June 2026 and for the six-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**3.17 Foreign currency transactions**

Transactions in currencies other than the Company's reporting currency of VND are recorded at the actual transaction exchange rates at transaction dates which are determined as follows:

Actual transaction exchange rates

Transactions denominated in currencies other than the accounting currency of the Company VND are recorded at the actual exchange rates at the transaction dates, being the average buying and selling transfer exchange rates of the commercial bank with which the entity frequently conducts transactions, or at an exchange rate approximating such average transfer exchange rates at the transaction dates (hereinafter referred to as the "approximated exchange rates").

Approximated exchange rates are required to differ by no more than $\pm 1\%$ from the corresponding average buying and selling transfer exchange rates at the transaction dates. The average buying and selling transfer exchange rates are determined on a daily basis as the arithmetic average of the bank's daily buying and selling transfer exchange rates. The application of approximate exchange rates must not result in any material impact on the financial position and results of operations of the Company for the relevant accounting period.

Where the commercial bank with which the Company frequently conducts transactions does not publish an exchange rate for the foreign currency in which transactions are denominated, the Company using an intermediate currency for translation into the entity's accounting currency, provided that such approach is applied consistently.

All foreign exchange differences incurred are taken to the interim separate income statement.

3.18 Share capital*Ordinary shares*

Ordinary shares with voting right are recognised at par value.

Share premium

Share premium is the difference between the par value and the issuance price of the shares, minus the actual issuance expenses incurred corresponding to the number of shares successfully issued. Issuance expense related to unsuccessful share are recognised as financial expenses.

3.19 Appropriation of net profits

Net profit after tax (excluding negative goodwill arising from a bargain purchase) is available for appropriation to shareholders after approval in the annual general meeting, and after making appropriation to reserve funds in accordance with the Company's Charter and Vietnam's regulatory requirements.

The Company maintains the following reserve funds which are appropriated from the Company's net profit as proposed by the Board of Directors and subject to approval by shareholders at the annual general meeting.

Investment and development fund

This fund is set aside for use in the Company's expansion of its operation or of in-depth investment.

Bonus and welfare fund

This fund is set aside for employee reward, incentives, common benefits and welfare improvements, and presented as a liability on the interim separate statement of financial position.

Dividends

Dividend payables are recognized when the Company and its subsidiaries no longer have the discretion to withhold the distribution of dividends to shareholders in accordance with applicable laws and regulations.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)

As at 30 June 2026 and for the six-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**3.20 Revenue recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, excluding trade discounts, rebates and sales returns. The following specific recognition criteria must also be met before revenue is recognised:

Periodic rental income

Rental income arising from operating leases is recognized in the interim separate income statement on a straight line basis over the terms of the lease.

Sale of goods and real estate

Revenue from the sale of goods is recognised when all five (5) following conditions are satisfied:

- The Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- The Company retains neither continuing managerial involvement to the degree usually associated with; ownership nor effective control over the goods sold;
- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company; and
- The costs incurred or to be incurred in respect of the transaction can be measured reliably.

Sale of electricity

Revenue is recognized based on the actual amount of electricity transmitted to customers according to the electricity selling price approved by the competent authority.

Rendering of services

Where the contract outcome can be reliably measured, revenue is recognised by reference to the stage of completion. Stage of completion is measured by reference to the proportion of work completed.

Where the contract outcome cannot be reliably measured, revenue is recognised only to the extent of the expenses recognised which are recoverable.

Interest

Interest income is recognized as the interest accrues (taking into account the effective yield on the asset) unless collectability is in doubt.

Dividends

Income is recognized when the Company's entitlement as an investor to receive the dividend is established.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**3.21 Taxation***Current income tax*

Current income tax assets and liabilities for the current and prior year are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted as at the statement of financial position date.

Current income tax is charged or credited to the interim separate income statement, except when it relates to items recognized directly to equity, in which case the current income tax is also dealt with in equity.

Current income tax assets and liabilities are offset when there is a legally enforceable right for the Company to offset current income tax assets against current income tax liabilities and when the Company intends to settle its current income tax assets and liabilities on a net basis.

Deferred tax

Deferred tax is provided using the statement of financial position method on temporary differences at the statement of financial position date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

- where the deferred tax liability arises from the initial recognition of an asset or liability in a transaction which at the time of the related transaction affects neither the accounting profit nor taxable profit or loss;
- in respect of taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures where timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, carried forward unused tax credit and unused tax losses, to the extent that it is probable that taxable profit will be available against which deductible temporary differences, carried forward unused tax credit and unused tax losses can be utilized, except:

- where the deferred tax asset in respect of deductible temporary difference which arises from the initial recognition of an asset or liability which at the time of the related transaction, affects neither the accounting profit nor taxable profit or loss;
- in respect of deductible temporarily differences associated with investments in subsidiaries, associates, and interests in joint ventures, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each statement of financial position date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Previously unrecognized deferred tax assets are re-assessed at each statement of financial position date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)

As at 30 June 2026 and for the six-month period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**3.21 Taxation** (continued)*Deferred tax* (continued)

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled based on tax rates and tax laws that have been enacted at the statement of financial position date.

Deferred tax is charged or credited to the interim separate income statement, except when it relates to items recognized directly to equity, in which case the deferred tax is also dealt with in the equity account.

Deferred tax assets and liabilities are offset when there is a legally enforceable right for the Company to offset current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority on:

- ▶ either the same taxable entity; or
- ▶ when the Company intends either to settle current tax liabilities and assets on a net basis or to realize the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

3.22 Related parties

Parties are considered to be related parties of the Company if one party has the ability to, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions, or when the Company and other party are under common control or under common significant influence. Related parties can be enterprises or individuals, including close members of their families.

3.23 Significant estimates

The preparation of the interim separate financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System, and the statutory requirements relevant to the preparation and presentation of the interim separate financial statements requires management to make estimates and assumptions that affect the carrying amounts of assets and liabilities, the disclosure of contingent assets and liabilities as at the reporting date, as well as the reported amounts of revenue and expenses during the reporting period.

Such estimates and assumptions are continually evaluated based on past experience and other factors, including expectations of future events that are believed to be reasonable and have a significant impact on the Company's separate financial statements. Although accounting estimates are made based on management's best knowledge and judgement, actual results may differ from those estimates and assumptions

31. CORPORATE INCOME TAX

The Company has the obligations to pay corporate income tax ("CIT") as follows:

- Income from Dak Mi 3 Hydropower Plant was CIT-exempt for four years (2017 - 2020), and is subject to 50% deduction in the following nine years (2021 - 2029). The applicable rate is 10% for 15 years from 2017.
- Income from other activities subject to pay CIT at the rate of 20% on taxable income.

The tax returns filed by the Company are subject to examination by the tax authorities. As the application of tax laws and regulations is susceptible to varying interpretations, the amounts reported in the interim separate financial statements could change at a later date upon final determination by the tax authorities.

34. CONTINGENT LIABILITIES

The Company had a land lease contract with the State to implement its power projects. Pursuant to the terms of the lease contracts, the dismantling approaches of properties attached with the locations at the end of the lease term shall be conducted in accordance with the applicable law and regulation. As at the date of these interim separate financial statements, the Company assessed that the obligations for the cost to dismantle properties attached to the land are uncertain. Accordingly, the Company has not recognized these obligations as they cannot be reliably estimated at this time.

35. SEGMENT INFORMATION

The primary segment reporting format is determined to be business segments as the Company's risks and rates of return are affected predominantly by differences in the products and services produced. The operating businesses are organized and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

The Company is principally engaged in the development of industrial parks, electricity, and rendering of related services.

Transfer prices between business segments are set on an arm's length basis in a manner similar to transactions with third parties. Segment revenue, segment expense and segment result include transfers between business segments. Those transfers are eliminated in preparation of the interim separate financial statements.

The Company operates in one geographical segment which is Vietnam. The following tables present revenue, profit and certain assets and liability information regarding the Company's business segment:
