Re: *Explanation of the difference in profit and loss
on the financial statements for the 3rd quarter of
2026*

To:

- **The State Securities Commission;**
- **Hanoi Stock Exchange.**

Pursuant to Circular No. 96/2020/TT-BTC on the disclosure of information on the stock market, VP Petrochemical Transport Joint Stock Company would like to explain the difference in profit and loss on the Company's financial statements for the accounting period ending 30/09/2026 as follows:

In the Financial Statements for the accounting period ended 30/09/2026 of VP Petrochemical Transport Joint Stock Company, the Report on business results shows:

- | | | |
|-------------------------------|---|----------------------|
| - Profit after tax Q3 of 2026 | : | (3,965,408,186) VND; |
| - Profit after tax Q3 of 2025 | : | (8,912,614,156) VND; |

The basic reasons for the difference between VND 4,947 billion and the same period in Q3 2026 are as follows: The target of sales and service provision revenue in the 3rd quarter of 2026 decreased by VND 12.12 billion compared to the same period last year, along with that, the target of cost of goods sold also decreased by VND 10.96 billion. However, due to strong exchange rate fluctuations, financial expenses decreased by VND 2,426 billion, and at the same time, financial operating revenue in Q3 of 2026 increased compared to the same period last year by VND 3,599 billion, leading to a difference of VND 4,947 billion in profit after tax in Q3 of 2026 compared to the same period in 2025.

The above is an explanation of the reason why the profit after tax in the 3rd quarter of 2026 is over 10% compared to the profit after tax in 2025. That is also the cause of the loss in the financial statements of this period of VP Petrochemical Transport Joint Stock Company.

Best regards!
