Regarding explanation of profit results
in Quarter III of 2026

Ha Tinh, Oct, 16th, 2026

To: - State Securities Commission
- Hanoi Stock Exchange

Pursuant to Enterprise Law No. 68/2014/QH13 passed by the National Assembly of the Socialist Republic of Vietnam on November 26, 2014;

Pursuant to Circular No. 96/2020/TT-BTC dated November 16, 2020 of the Ministry of Finance on guidance on information disclosure on the stock market;

Pursuant to the financial report Q3/2026 of Vung Ang Petroleum Joint Stock Company (PVOIL Vung Ang),

PVOIL Vung Ang explains the difference as follows:

- The Company's profit after corporate income tax for the third quarter amounted to VND 1.06 billion. Compared to the same period in 2025, the profit after tax for the third quarter of 2026 represents a 73% decrease. This variance is attributed to the fact that, in the third quarter of 2025, global oil prices trended upward, creating favorable conditions for inventory management; conversely, in the third quarter of 2026, global oil prices experienced frequent fluctuations—rising and falling—which complicated management efforts. PVOIL Vung Ang provides this explanation regarding the aforementioned difference in profit.

PVOIL Vung Ang would like to explain the above profit difference.

Thank you very much./.
