We would like to submit an explanation to the Hanoi Stock Exchange regarding the business results of the Parent Company in the third quarter of 2026 being lower than in the third quarter of 2025, as follows:

Profit for the third quarter of 2026 reached 2.96 billion VND, which is 10.68 billion VND lower than in the third quarter of 2025. Due to unfavorable weather conditions and low water inflow into the reservoir, electricity output was lower than in the same period of 2025, resulting in lower revenue compared to the third quarter of 2025. Consequently, the profit for the third quarter of 2026 was lower than that of the third quarter of 2025 as stated above.

Yours sincerely./.
