(Re: Explanation of business results in the financial statements for Q3/2026 compared to Q3/2025)

SOCIALIST REPUBLIC OF VIETNAM

To: **- THE STATE SECURITIES COMMISSION OF VIETNAM**
- THE HANOI STOCK EXCHANGE

Pursuant to Circular No. 96/2020/TT-BTC dated 16 November 2020 of the Ministry of Finance guiding information disclosure on the securities market, Tasco Joint Stock Company hereby explains the variance in profit after tax in the financial statements for Q3/2026 compared to Q3/2025 as follows:

In the consolidated financial statements for Q3/2026, the Company recorded net revenue of VND 10,431 billion, equivalent to 114% of the same period last year, and gross profit of VND 1,677 billion, equivalent to 175% of the same period last year. For the first nine months of 2026, consolidated profit after tax reached VND 448.3 billion, equivalent to 75% of the same period last year. Excluding the effects of goodwill amortization and the amortization of asset revaluation differences, consolidated profit after tax for the first nine months would amount to VND 841.8 billion. In Q3/2026, profit after tax in the separate financial statements reached 102% of the same period last year, while consolidated profit after tax was VND 137.8 billion, equivalent to 28% of the same period last year. The variance in consolidated profit was mainly due to the absence of the one-off financial income from the transfer of capital in a subsidiary's real estate project that was recorded in the same period last year, together with higher bank interest rates, which increased the cost of funding.

The above is Tasco Joint Stock Company's explanation of the variance in profit after corporate income tax in the statement of income for Q3/2026 compared to Q3/2025.

Sincerely,
