Each report includes: statement of Financial position, Income statement, Cash flow statement and Notes to the financial statements.
5.2. Explanation contents:
*5.2.1 Profit after tax in the period on the consolidated financial statements was a loss due to:*
- During the period, the parent company suffered a loss due to having to fully depreciate fixed assets that are currently suspended from production, including buildings, machinery and equipment of the 120-ton/day rolled glass line and the 80-ton/day rolled glass line.
- The subsidiary, Viglacera Glazing One Member Limited Liability Company, suffered a loss in after-tax profit during the period due to the impact of the declining consumer market, so it has not yet fully utilized the capacity of the energy-saving glass processing factory, and its revenue is low and does not meet the plan.
*5.2.2 The after-tax profit target for the period in the consolidated financial statements changes by more than 10% compared to the same period in 2025, due to the following main reasons:*
In the 2026 reporting period, the Company recorded a net loss after tax of VND 988,596,884, compared to a net loss after tax of VND 1,130,737,538 in the same period of 2025. The net loss decreased by 12.57% in 2026 compared to 2025. The reasons for this difference are as follows: the subsidiary, Viglacera Glass Installation Co., Ltd., reduced its losses compared to the same period in 2025 because the company implemented cost-cutting measures and utilized the lease of unused factory space to increase revenue and profit.
